**A Beginner's Guide to Winter Survival - How to Survive Cold Weather** Dueep J. Singh, John Davidson, 2015-01-05 A Beginner s Guide to Winter Survival How to Survive Cold Weather Table of Contents Introduction Winter Storms and Warnings Freezing Rain Winter Preparation Winter Clothing What Do You Do in Cases of Frostbite Symptoms of Frostbite Hypothermia Traveling In Harsh Weather Caught in a Blizzard Sheltering from Blizzards in Your House Defrosting Frozen Pipes Winter Survival Kit When to Call 911 Winter Fuels Carbon Monoxide Another Heating Tip Appendix Long Lasting healthy foods Granola Pemmican Making Biltong the Traditional Way Conclusion Author Bio Publisher Introduction Mankind has been looking for the best ways in which to survive the harsh winter for millennia That means that he knows that at one particular period of the year he is going to be subject to ice snow and cold temperatures He is also going to face blizzards and storms As man has not been built by nature to curl up in a warm cave and hibernate throughout the winter like more sensible animals the onset of winter brings with it the heightened sense of self preservation In olden days all man could do was huddle into a corner around the fire and keep praying for the blizzard to stop During this time he survived on the food that he had stored in his cave or in his place of shelter during the more clement and temperate months of the year As time went by man found that it was easy to transport himself and his family to other places on horseback or in a cart And that is why he managed to look for more temperate regions where the weather was not so harsh before the onset of winter But as time went by nature still kept to her rules of a harsh winter but mankind did not learn much in terms of common sense In fact he persisted on going out in the cold instead of staying under shelter And that is why the popular melodramatic cliché of someone turned from a doorstep on a harsh winters evening remained a popular theme in theaters Even today in 80% of the popular escapist novels the dumb but beautiful heroine single and pregnant in 90% of the cases according to manuscript submission requirements goes driving in a blizzard I told you that she is dumb And the multibillionaire hero rescues her And there is going to be a happily ever after on page 186 because he is going to marry her And there we are we have just wasted our money on another thoroughly idiotic novel In real life she would have died of hypothermia because she is not well clothed
