Thinking in Bets Annie Duke, 2019-05-07 NATIONAL BESTSELLER Poker champion turned business consultant Annie Duke teaches you how to get comfortable with uncertainty and make better decisions as a result in the ultimate guide to thinking about risk Charles Duhigg author of The Power of Habit A big favorite among investors these days The New York Times Outstanding Jason Zweig The Wall Street Journal In Super Bowl XLIX Seahawks coach Pete Carroll made one of the most controversial calls in football history With 26 seconds remaining and trailing by four at the Patriots one yard line he called for a pass instead of a hand off to his star running back The pass was intercepted and the Seahawks lost Critics called it the dumbest play in history But was the call really that bad Or did Carroll actually make a great move that was ruined by bad luck Even the best decision doesn t yield the best outcome every time There s always an element of luck that you can t control and there is always information that is hidden from view So the key to long term success and avoiding worrying yourself to death is to think in bets How sure am I What are the possible ways things could turn out What decision has the highest odds of success Did I land in the unlucky 10% on the strategy that works 90% of the time Or is my success attributable to dumb luck rather than great decision making Annie Duke a former World Series of Poker champion turned business consultant draws on examples from business sports politics and of course poker to share tools anyone can use to embrace uncertainty and make better decisions For most people it s difficult to say I m not sure in a world that values and

even rewards the appearance of certainty But professional poker players are comfortable with the fact that great decisions don't always lead to great outcomes and bad decisions don't always lead to bad outcomes By shifting your thinking from a need for certainty to a goal of accurately assessing what you know and what you don't you'll be less vulnerable to reactive emotions knee jerk biases and destructive habits in your decision making You'll become more confident calm compassionate and successful in the long run
