become known as Dynamite Hill Armstrong works her way out in time and across the map Pulling at strings and weaving in the personal stories of her white working class family classmates and other local characters not traditionally associated with Birmingham's civil rights history she expands the cast and forges connections between the stories that have been told about Birmingham as well as those that haven't From a funny cousin whose closeted community was also targeted by Bull Connor's police force to an aunt who served on the jury that finally convicted Robert Chambliss of murdering Denise McNair Armstrong combines intimate personal stories archival research and cultural geography to reframe the lessons of Birmingham through the intersections of race class gender faith education culture place and mobility The result is more than a pageant of Birmingham and its people it's also a portrait of Birmingham rendered on the ground over time as seen in old plantations in segregated neighborhoods across contested boundary lines over mountains along increasingly polluted waterways under the gaze of Vulcan beneath airport runways on the highways cutting through and running out of town In her search for truth and beauty in the veins of Birmingham Armstrong draws on the powers of place and storytelling to dig into the cracks complicating the easy narrative of Black triumph and overcoming Among other discoveries found in the mirror Armstrong finds a white America that for too long has failed to recognize itself in the horrific stories and symbols from Birmingham's past or accept the continuing inequalities from which it unfairly benefits A literary scholar Armstrong observes that many of the best writings on civil rights and race relations describe racism as a wound a poison or a sickness without offering easy prescriptions Citing James Baldwin Armstrong knows stories have the power to touch the human heart but warns that resistance to injustice only begins there Once engaged it is up to each of us to look again and consider what our stories really reveal about the world and ourselves In *Learning From Birmingham* Armstrong reminds us that the stories of civil rights structural oppression privilege whether intentional or unconscious abuse and inequity are difficult and complicated but that their telling especially from multiple stakeholder perspectives is absolutely necessary *Billboard*, 1978-01-07 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Billboard**, 1976-10-02 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Hi-fi News & Record Review*, 1993 **Design and Develop Text Documents (Publisher 2003)** Cheryl Price, 2004 *Annual Report* Nihon Bikuta Kabushiki Kaisha, 1990 **Popular Science**, 1972-02 *Popular Science* gives our readers the information and tools to improve their technology and their world The core belief that *Popular Science* and our readers share The future is going to be better and science and technology are the driving forces that will help make it better *Billboard*, 1973-11-17 In its 114th year
