Bennett, Thomas J. Di Lorenzo, For decades the American Cancer Society ACS explicitly forbade acceptance or use of taxpayers funds from government at any level However as public support for programs began to diminish and revenue growth leveled off the ACS reversed this policy It now actively seeks taxpayers funds In this sense it reflects a model of how America s major health charities are abandoning their traditional goodwill purposes and becoming political organizations As donors become disenchanted the charities view the taxpayer as an alternative and far more reliable source of funds and devote their political activity to raising taxes and earmarking the increased revenues for themselves Health charities subsequently lose their independence as the distinction between government and private charities becomes blurred CancerScam investigates Project ASSIST the joint undertaking between the American Cancer Society and the National Cancer Institute NCI CancerScam details the charities collaborative efforts to divert millions of dollars in federal cancer funds under the guise of improving the public health through reducing smoking to build political coalitions Bennett and DiLorenzo suggest that the antitobacco campaign is a smokescreen for raising taxes on tobacco and earmarking the increased revenues for the financial benefit of ACS and its allied charities CancerScam reveals how concern about the AIDS lobby s success in obtaining scarce research funds motivated the NCI to build political coalitions at the grass roots level which could lobby for federal funding of cancer research Bennett and DiLorenzo believe that public

support of the ACS will be undermined when its emphasis on politics becomes better known and its reputation erodes as it is perceived as little more than an extension of government subject to bureaucratic regulation and loss of independence

CancerScam is the follow up to Bennett and DiLorenzo's *Unhealthy Charities Hazardous to Your Health and Wealth*. It is a brave effort that brilliantly shows how government bureaucrats steal funds intended for the highest public purposes and use them for narrow political advancement. As such, it will be of interest to those interested in public policy and political science, nonprofit executives and policymakers.

**Nancy Reagan** Kitty Kelley, 2011-10-18 A shocking portrait of the 1980s America and the woman whose position helped shape the values and policies of the Reagan administration. Through over 1,000 interviews collected during four years of exhaustive research and reporting, Kelley reveals Nancy Reagan as a superb public performer, a vain materialistic social climber, a bitter foe and formidable strategist, an American phenomenon.

**We Do Our Part** Charles Peters, 2019 The legendary editor who founded the *Washington Monthly* explores the resentful, unequal, uncaring parts of today's American culture that Trump has inflamed and that have made Trump possible, and how to cope with them. The Atlantic Foreword by Jon Meacham: With clarity and wit, the legendary editor Charles Peters explains the chasm that defines us today: the split between the educated elite and the working class, rural and religious voters who live in what's condescendingly but tellingly known as flyover country. The beginning of the end of Trumpism will come when blue state sophisticates confront their role in creating the political, economic and cultural resentments that propelled the forty-fifth president into office. Too many Democrats lost touch with the average American, Peters argues, when the liberal elite became more concerned with being smarter, having better taste and making more money than with understanding why workers were earning less and hated being regarded with contempt. It was this hatred of being looked down on as bigoted boobs in polyester that united working class, rural and evangelical voters and helped set the stage for the culturally populist backlash of 2016 and beyond. In *We Do Our Part*, Peters shows us where we have been and where we are going, drawing on his invaluable perspective as a man who has seen America's better days and still believes in the promise that lies ahead. Praise for *We Do Our Part*: Peters weaves a synthesis of mainstream and progressive, centrist and popular thought that would re-anchor the Democratic Party both in its own traditions and in outreach to the restless, angry swath of the country that elected President Trump. Peters is an American original. *The Washington Post*. A great book about modern American history. Chris Matthews. *Hardball*.
