ricochets across the academy and reverberates within the public sphere *Animal Subjects 2.0* builds on the previous book and takes stock of this explosive turn. It focuses on both critical animal studies and posthumanism, two intertwining conversations that ask us to reconsider common sense understandings of other animals and what it means to be human. This collection demonstrates that many pressing contemporary social problems, how and why the oppression and exploitation of our species persist, are entangled with our treatment of other animals and the environment. Decades into the interrogation of our ethical and political responsibilities toward other animals, fissures within the academy deepen as the interest in animal ethics and politics proliferates. Although ideological fault lines have inspired important debates about how to address the very material concerns informing these theoretical discussions, *Animal Subjects 2.0* brings together divergent voices to suggest how to foster richer human-animal relations and to cultivate new ways of thinking and being with the rest of animalkind. This collection demonstrates that appreciation of difference, not just similarity, is necessary for a more inclusive and compassionate world. Linking issues of gender, disability, culture, race, and sexuality into species, *Animal Subjects 2.0* maps vibrant developments in the emergent fields of critical animal studies and posthumanist thought.

Come, Let Me Guide You
Susan Krieger, 2015-07-15 *Come, Let Me Guide You* explores the intimate communication between author Susan Krieger and her guide dog Teela over the 10-year span of their working life together. This is a book about being led by a dog to new places in the world and new places in the self; a book about facing life's challenges outwardly and within and about reading those clues, those deeply felt signals that can help guide the way. It is also more broadly about the importance of intimate connection in human-animal relationships, academic work, and personal life. In her previous book *Traveling Blind: Adventures in Vision with a Guide Dog*, by My Side, Krieger focused on her first two years with Teela, her lively Golden Retriever/Yellow Labrador. *Come, Let Me Guide You* continues the narrative, beginning at the moment the author must confront Teela's retirement and then reflecting on the span of their relationship. These emotionally moving stories offer the reader personal entrance into a life of increasing pleasure and insight as Krieger describes how her relationship with her guide dog has had far-reaching effects, not only on her abilities to navigate the world while blind but also on her writing and teaching, her ability to face loss, and her sense of self. *Come, Let Me Guide You* is an invaluable contribution to the literature on human-animal communication and on the guide dog-human experience, as well as to disability and feminist ethnographic studies. It shows how a relationship with a guide dog is unique among bonds for it rests upon highly regulated connections yet touches deep emotional chords. For Krieger, those chords have resulted in these memorable stories, often humorous and playful, always instructive and generative of broader insight.
