How Write Hypnotically Bryan Westra:

How I Hypnotize People with My Words Bryan Westra,2015-06-04 Everybody knows something I m no different I know a lot of things in fact as I m sure you do as well One thing I know well is how to write hypnotically You see I ve been doing it for years now I ve authored over 100 books last I counted and these include both fiction and non fiction Writing hypnotically is something that seems like a natural talent but it isn t let me assure you You see we ve all read books or watched movies that captivated us held us in suspended reality until which time the book or movie ended After you ve finished reading the book or watching the movie there are all these things happening inside of you at the neurological level One part of you is bewildered not knowing what to think or how to feel Another part may wish the story had never ended Another part may feel drawn to take action or investigate something related to what you just read or watched Even your own personality values ideas identity persuasions and so forth may change as a result of one BREAKTHROUGH book or movie In this book I ll teach you how to write hypnotically I ll teach you how to paint with words in such a way they impress influence and change people s persuasions without question You ll learn how to phrase sentences hypnotically how to affect people emotionally and how to hypnotize readers without them knowing they re being hypnotized You will even learn how to get people to take action on what you propose they do Writing hypnotically is the missing ingredient in most people s writing I would argue To exemplify this point think of the worst book you ve ever read and contrast that to the best book you ve ever read What was the primary difference I ll tell you One affected you and left an indelible mark on your psyche the other was remembered only because it was so horrible and for no other reason The book you love is the one you might say this about I ll never be the same after reading this book and you d be right After you read this book how you write will forever change and neither you nor your writing will ever be the same I promise Learn How To Word Hypnotically Grab Your Copy Now [How I Write Books](#) Bryan Westra,2015-06-16 An entirely original proprietary system for writing books fast REAL FAST The best part is you won t need freelancers or money This system is BETTER than outsourcing books to freelancers and FASTER There are many more benefits so get the book You ll love it Grab Your Copy Now **How to Write Hypnotically** Bryan Westra,2016-01-08 Learn to write hypnotically Make every word count Get inside people s mind Narratively transport people to places you want them to go Let your writing hypnotize them This book teaches you how to write hypnotically You ll learn hypnotic writing as if you were sitting on a course where the subject was being taught This book will teach you how to use your words to hypnotize others without them knowing Grab A Copy [Write, Hypnotize, Sell](#) Bryan Westra,2014-08-24 *Write It Hypnotically* Bryan Westra,2015-06-05 Think about all the times that you needed to persuade someone I bet a number of incidents are coming to your mind Now think about all the times that you absolutely failed to make the person in front of you comply I am sure that this time several more incidents are popping up in your head Trying to persuade someone can be frustrating Learning the art and science of persuasion is therefore a necessary life skill which everyone can make use of almost on a

daily basis Hypnosis and hypnotic writing is a very powerful way to increase your ability to communicate and persuade This skill can come in extremely handy in a number of life situations and professions How to Write Hypnotic Advertisements Bryan Westra,2016-08-10 Learn how to write advertisements that hypnotize your reader This book teaches you how Grab the book now Hypnotic Teaching Bryan Westra,2015-12-29 Learn to master hypnotic teaching This book will teach you a powerful and hypnotic instructional design blueprint that can be used anytime you want to put together an online course write an educational how to book teach a live workshop deliver a lecture in a lecture hall give a brilliant extemporaneous speech or educate a co worker The sky is the limit as to how you can apply this brilliantly constructed instructional design blueprint Never second guess yourself again Now you can teach anyone anything anytime If you are in sales doing not as good as you d like to be doing try this blueprint on for size when you deliver your next sales presentation I promise it will help you win over your potential customer If you are interested in covert indirect conversational hypnosis or hypnotic language you ll definitely appreciate this fine blueprint It single handedly makes the process of conversational hypnosis simple and easy allowing you to teach on multiple levels of consciousness Your students will be wowed by what they can learn from you and you will be wowed by how simple and effective teaching can be Most importantly teachers can now make a sizeable income teaching Developing and putting together online courses is increasing and people are paying more than ever for well constructed courses You can find a pathway for prosperity with teaching and become wealthy while at the same time enjoying passive residual income rolling into your bank account each month If you love teaching want to be a better teacher or simply want to learn how to hypnotically teach this is the book for you This secret blueprint is one the author Bryan Westra has not only created but used when delivering live trainings and even university lectures to audiences of thousands Grab A Copy Now *How to Hypnotize How to Persuade* Bryan Westra,2015-05-09 One night lying in bed I had this insight It came very quickly unexpectedly and I jotted it down on a tiny piece of paper on my bedside table I ll explain to you the insight inside this book as the insight is in all actuality what this book is entirely about In this introduction I ll say this I ve seen a lot of repeating patterns happening in the world of influence and persuasion People who are more influential and persuasive seem to acquire greater material riches in life I used to think that some people simply possessed qualities and attributes which made them this way In other words some people were destined for success while others weren t This belief isn t true anymore for me I ve disproved it personally and I ve known others who have disproved it too If you want to persuade someone change their mind make them do something and so on you might want to start with chapter one of this book and keep reading until you are finished I ve done my best to simplify each of these lessons I had hoped to write this book in under 100 words and I definitely exceeded that number Even so the book is still simple enough and won t take you very long to read through grasp and put the lessons into action These lessons are intentionally actionable and you ll more than likely gain great value when you do put them into action in your life One thing is for sure You ll be more persuasive

hypnotic and know how better to convince people that you know what you are talking about It doesn't matter the subject matter either nor how well read you are on it though this helps This book is about lessons from two Greek philosophers namely Socrates and Aristotle They both had unique philosophies on influence and persuasion Aristotle is called the Father of Persuasion in fact Socrates is known for his uncanny ability to ask questions in dialogue and somehow mysteriously get people to change their mind see things differently change beliefs about what they may have earlier thought true and the like We'll go over this in much more detail and I'll outline and give you content that will help you take the best of their philosophies regarding persuasion and connect these philosophies with conversational hypnosis and hypnosis in general You'll learn how much in common the Greek philosophies have in common with the hypnotic process and you'll learn how this unique hybrid system I've discovered through my insight can be utilized in your life to make you incredibly more persuasive and hypnotic You'll be able to fearlessly hold your own in conversations with others and inspire them and hypnotize them without them knowing they are even being hypnotized and from this point you'll be able to instruct them to do things and they will Please make sure after you read this book that you use these covert persuasion and hypnosis lessons to do right by people Never manipulate or hurt anyone or make them do something that goes against their will As a hypnotist you have the power to make someone's will what you want it to be though I advise you against doing this I don't think it is right I could go on but now that I've asked you to take the moral high road it is time to flip the page and start your first lesson Learn Well

, 1991 **How I Hypnotize** Bryan Westra, 2015-07-22 The late Dr Milton Erickson was a phenomenal hypnotist When I first learned of his work studied it and modelled it I thought to myself at some point I wish he'd written a book explaining in detail his secrets of hypnosis I was talking to myself in my head thinking that and that is exactly why I decided to write this book I wanted to tell in my own words some of my own insights as a hypnotist Keep in mind I get insights all the time I sometimes take notes on these insights sometimes not Even Milton Erickson wrote many books with the help of Ernest Rossi and has inspired many books to be written by some very notable and worthwhile hypnotists and neurolinguists Richard Bandler and John Grinder are perhaps the most notable as they were the first to model Erickson and take his natural abilities and make sense of it all so others could emulate what Erickson was doing well and have a similar result You have to respect that None the less I would have liked to have understood more from Erickson in his own words than what's been written I believe by sharing what one does with others in the field it more rapidly evolves hypnosis and NLP What you'll learn in this book will likely put the process of hypnosis into a different perspective This perspective brings with it ah ha moments like the ones I've gotten through introspection and my own personal experiences I think you'll enjoy getting a glimpse inside my mind

and at the very least walk away from this book with a different understanding that may very well make it easier for you to apply hypnosis how you like I m excited to share these insights with you So what will you learn We begin by learning what hypnosis is that is the process though which hypnosis occurs We ll then walk through the benefits that engage people to want to learn hypnosis Hopefully you ll be engaged We ll go from there into the process and application of hypnosis I ll teach you how to hypnotize people at least how I hypnotize Chapter four discusses how I monetize hypnosis for profit and I teach this because I believe it will help you be a better hypnotist not just a richer one The final chapter is icing on the cake namely you ll learn how to go from better to best This last chapter will walk you through some hypnotic language elements and I ll give you some insights on how to make your hypnosis deeper and richer in terms of the experience your hypnotic subjects have
