

# Tips on Running a Laundry business:

Source: Jojo Asis, Owner of Metropole - Business expert

- 1.** It's important for a laundry shop to be in a convenient and accessible location. Choose an area that's near your target customers.

*Ex. If your customers are students, situate your laundry shop near a boarding house.*

*Hanep Tip: Your facilities will also be based on your clientele. If most of your clientele are yuppies, you may need to have parking space for them.*

- 2.** It's helpful to have color coded hampers & baskets. This helps in categorizing and separating clean from dirty clothes.

*Ex. Blue baskets are for dirty clothes, green baskets are for clean clothes.*

- 3.** Don't forget the age-old rule of separating the whites from the colored clothes.

- 4.** Using a digital scale is more preferred by large laundry shops because these scales are more precise.

- 5.** Thin and delicate items should be placed in a laundry net so that it won't tear or get damaged by other laundry items.

- 6.** Having a delivery service is more enticing to customers so it's a plus to have one.

- 7.** In placing your equipment, it's best to have your washing machine right beside the drier, so that it's easier to transfer clothes after washing.

- 8.** Be efficient in labeling and issuing receipts so that there will be no mix-up in your customer's laundry.
