kind of thinking creates a streak of what many choose to call bad luck I have good news for you There is no such thing as bad luck This phenomenon is merely a cycle of negative affirmation that must be broken and mended with a fresh regimen of positive affirmation and vision By repeating and remembering these affirmations in times of difficulty we transform our rigid affirmations of defeat and intimidation into warm confident manifestations of the world as we choose it to be Get what you want and desire from the world like millions of others around the globe using affirmations You already possess the power to assert your own perceptions and transform your thoughts and desires into reality By using positive affirmations daily you will unlock that natural potential inside of you If you want to see positive change now you ll find the quickest path to fulfillment with positive affirmation and visualization There is no time to spend on loss negativity and defeat when you can be achieving tangible historically proven results with minimum time and effort invested There is no limit to changes that can be made through the power of creating truth with affirmation Read This Book To Change Your Life Today Also available in Audiobook Ebook Format *The Law of Attraction* Craig Beck,2017-02-26 The Law of Attraction can easily be understood by becoming aware that like attracts like or putting it another way you get back what you give out Sounds simple but how do you make it an automatic part of your being An essential component of the Law of Attraction is realizing that where you fix your attention can have a powerful impact on what happens to you However despite what you may have been told your ability to manifest the life of your dreams has nothing to do with positive thinking and affirmations Think anything you want but unless you believe it you will not be sending the right vibrations out into the universe to have it appear You see everything in the world is just energy vibrating at different frequencies The sports car you want is just the same as you a collection of atomic particles fluctuating at a precise frequency to generate it s physical form If you want the sports car in your life you simply have to send out the intention resonating at the exact same frequency You may be wondering if this is all true then why do so many people continue to suffer with poverty lack and want Most people simply dismiss this theory as new age mumbo jumbo but this is a law and just like any other it doesn t care whether you believe or not The law of gravity applies its force on you regardless of what you believe and so does the law of attraction Even though there is a great deal of value to even merely finding out what the Law of Attraction is this profound book takes you to an advanced level of understanding In short if you implement everything you read in this book your life will change more positively and dramatically than you may have ever believed possible You will come to be more attentive to underlying negativity and can begin to combat it with new beliefs and sensations that better reflect your constructive vision of the upcoming future This ongoing focus on self reflection also allows you to start seeing what you really want from your life and you can then advance to developing clearer objectives with actionable steps at every stage Broken down into seven powerful chapters each dealing with an important area of your life This book has the power to deliver the life of your dreams but remember whether you believe that claim or not you are right If you can open your mind to a concept that has already changed the lives of thousands then you have truly found the genie s
