Visual Literacy in the K-12 Social Studies Classroom Matt Hensley, Stewart Waters, William B. Russell, 2023-09-01
Visual Literacy in the K 12 Social Studies Classroom is an engaging resource that unites pedagogical theory and practical strategies empowering teachers to foster critical thinking and cultural awareness among students through the interpretation and creation of visual content Packed with a variety of visual tools resources teacher tested lesson plans and more this book showcases the power of leveraging visual literacy to craft authentic and meaningful social studies learning experiences that resonate with learners of all ages

Getting at the Core of the Common Core with Social Studies Thomas N. Turner, Jeremiah Clabough, William Cole, 2014-11-01
For social studies teachers reeling from the buffeting of top down educational reforms this volume offers answers to questions about dealing with the Common Core State Standards CCSS Each chapter presents and reviews pertinent standards that relate to the social studies Each chapter also deals with significant topics in the social studies from various social sciences to processes such as inquiry to key skills needed for success in social studies such as analysis and literacy The most important aspect of these chapters though is the array of adaptable activities that is included in each chapter Teachers can find practical approaches to dealing with CCSS across the social studies panorama The multiple authorships of the various chapters mean a variety of perspectives and viewpoints are presented All of the authors have fought in the trenches of K 12 public education Their activities reflect this in a way that will be useful to novice or veteran teachers

The American Civilizing Process Stephen Mennell, 2013-04-24
Since 9 11 the American government has presumed to speak and act in the name of civilization But isthat how the rest of the world sees it And if not why not Stephen Mennell leads up to such contemporary questions through a careful study of the whole span of American development from the first settlers to the American Empire He takes a novel approach analysing the USA s experience in the light of Norbert Elias s theory of civilizing and decivilizing processes Drawing comparisons between the USA and other countries of the world the topics discussed include American manners and lifestyles Violence in American society The impact of markets on American social character American expansion from the frontier to empire The curse of the American Dream and increasing inequality The religiosity of American life Mennell shows how the long term experience of Americans has been of growing more and more powerful in relation to their neighbours This has had all pervasive effects on the way they see themselves their perception of the rest of the world and how the rest of the world sees them Mennell s compelling and provocative account will appeal to anyone concerned about America s role in the world today including students and scholars of American politics and society
