The Language Codes R. Neville Johnston, 2000-01-05 The author of Eleven Self Empowerment Protocols shares the secret to drawing greater happiness into your life just by choosing the right words Building on the principles of neuro linguistic programming The Language Codes demonstrates the unconscious ways we influence our reality through the words we speak R Neville Johnston explains that the vibrations of words have a profound effect on the quantum field we all live in The wrong vibration can cause a short circuit in the quantum field and because we've been taught a dysfunctional language most of what we say is dysfunctional But if we speak more consciously we become more conscious and we experience fewer short circuits in our lives Why is it that after we fall in love so many of us get hurt Because we fell But love feels light energizing so it would be more fitting to say I've ascended in love and not set ourselves up for a fall With wit and empathy Johnston shows us the words and phrases that can cause short circuits and how we can start to think and speak in a new and more harmonious paradigm

The King Who Fell John Pople, 2017-01-19 It's been called profane offensive and deemed intolerable to consider its literal meaning part of the scriptural canon Such is the hard fought history of the Song of Songs no other book has been so maligned simply for existing in the Bible In truth the Song is exactly as it appears an intensely passionate expression of romantic love ascetic and sexual between two lovers The poetry is structured in two anti symmetric halves a chiasmus The Song's lovers are forever imprinted as timeless emblems for this flawless except godless love and the divine Hand enriches the Song symbolically creating an allegorical overlay with spiritual instruction The literal story line and interwoven allegorical messages coexist effortlessly rooting the Song on Earth does not limit it reaching to Heaven The spiritual lessons imprinted in the Song are simple profound and highly relevant to the 21st

century disciple and the manner in which they can be seen to emerge from the symbology fascinating
