**Zhongwei Zhao, Adrian C. Hayes**

## **Low Fertility And Reproductive Health In East Asia International Studies In Population:**

**Low Fertility and Reproductive Health in East Asia** Naohiro Ogawa,Iqbal H. Shah,2014-10-07 This book provides a unique blend of social and biomedical sciences in the field of low fertility and reproductive health It offers a significant contribution to understanding the determinants of low fertility mostly in East Asia including an assessment of the effectiveness of policies that aim to raise fertility It introduces new analytical tools and methods and shares application of innovative approaches to analyzing cross sectional and longitudinal survey data and macro socioeconomic data to shed light on changing mechanisms of low fertility in the context of reproductive health The volume introduces the demographic dividend into the study of fertility analyzes possible impact of population ageing on the amount of resources allocated to child rearing i e the so called crowding effect in social care and public spending between the elderly and children The book also tests the Low Fertility Trap LFT hypothesis a new important theory regarding fertility trends The book focuses on East Asia which is numerically large but relatively under researched with regard to issues covered in various chapters The relevance of the volume however goes beyond countries in East Asia The book breaks new grounds and reveals little known facts regarding the influence of endocrine disruptors on male fertility through falling sperm counts the phenomenon of marital sexlessness and about the sexual behavior of adolescents in East Asia      Population Ageing and Australia's Future Hal

Kendig,Peter McDonald,John Piggott,2016-10-21 This volume provides evidence from many of Australia s leading scholars from a range of social science disciplines to support policies that address challenges presented by Australia s ageing population It builds on presentations made to the 2014 Symposium of the Academy of the Social Sciences in Australia The material is in four parts Perspectives on AgeingPopulation Ageing Global regional and Australian perspectivesImproving Health and WellbeingResponses by Government and Families Individuals The Academy of the Social Sciences in Australia sees this volume as a major contribution to improving our understanding of Australia s population ageing Social science research in this area truly underpins our ability as a nation to manage such demographic change and its consequences for the economy and society Such knowledge helps ensure that our citizens can live even better lives Glenn Withers President ASSA It is fantastic that Australians are living longer and healthier lives but we need to address these demographic changes The Hon Joe Hockey MP 2015 Intergenerational Report      **Male Reproductive Health** Wei Wu,Francesco Ziglioli,Umberto

Maestroni,2020-03-04 Male reproductive health is an important area affecting men s overall health and well being Infertility is a worldwide problem that affects approximately 15% of married couples Half of these cases can be traced to male partners Infertile men are at an elevated risk of cancer development later in life primarily genitourinary malignancies such as testicular and prostate cancer This book will focus on male reproductive health from the aspects of semen quality male infertility testicular cancer and prostate cancer and their detection diagnosis treatment and prevention      **A Research Agenda for Ageing and Social Policy** Kai Leichsenring,Alexandre Sidorenko,2024-02-12 Foreword by Alan Walker

Professor of Social Policy and Social Gerontology University of Sheffield UK Written by a global collective of scholars from a wide variety of backgrounds including health studies psychology and economics as well as social policy and gerontology this timely Research Agenda highlights the challenges and opportunities of rising longevity and population ageing for social policy providing clear directions for future research

Handbook of the Economics of the Family, 2023-03-23 Handbook of the Economics of the Family Volume One includes comprehensive surveys of the current state of the economics literature in the field prepared by leading scholars with a particular emphasis on the most recent developments in each area Chapters cover Culture and the family Mating markets Household decisions and intra household distributions The economics of fertility a new era Families labor markets and policy Family background neighborhoods and intergenerational mobility The great transition Kuznets facts for family economists An institutional perspective on the economics of the family An economics approach to changing family arrangements Understanding of inequality and intergenerational mobility Evolution of gender roles within families and across societies

**Happiness and the Good Life in Japan** Wolfram Manzenreiter, Barbara Holthus, 2017-03-27 Contemporary Japan is in a state of transition caused by the forces of globalization that are derailing its ailing economy stalemating the political establishment and generating alternative lifestyles and possibilities of the self Amongst this nascent change Japanese society is confronted with new challenges to answer the fundamental question of how to live a good life of meaning purpose and value This book based on extensive fieldwork and original research considers how specific groups of Japanese people view and strive for the pursuit of happiness It examines the importance of relationships family identity community and self fulfilment amongst other factors The book demonstrates how the act of balancing social norms and agency is at the root of the growing diversity of experiencing happiness in Japan today

**The Greying of India** Rajagopal D Chakraborti, 2004-06-30 This book argues cogently that India's policymakers need to urgently take up the cause of the elderly in order to create an environment that insures them against various risks and allows them to maintain as much economic independence and self sufficiency as possible without disturbing the intergenerational balance The first of its kind to be based on data from the National Sample Survey Organisation and providing a global perspective this book constitutes the most comprehensive analysis of the causes and consequences of ageing in India The major objectives of the book are to Document the rapid growth of older populations in India Address the key issues and topics related to ageing Assess the implications of demographic changes for programmes and policies for the aged Present an Elderly Status Index based on available data Timely stimulating and challenging this book is packed with relevant and hitherto unanalysed data on ageing in India In particular it provides an exhaustive discussion on various conceptual and measurement issues relating to population ageing

*Gender Trends in Southeast Asia* Theresa W. Devasahayam, 2009 As a region Southeast Asia has undergone enormous economic and social changes in the last few decades Women as a collective have seen their lives transformed as a result of rapid development and economic growth In exploring the progress made by Southeast Asian men

and women this book seeks to answer the following questions a In what areas have women been able to achieve parity with men b In what areas do women encounter specific disadvantages based on their gender as compared with men and c How have womens concerns and problems been addressed by the governments in this region with the aim of encouraging gender equality As the title of this book suggests the chapters provide an analysis of the broad trends including changes and continuities in the experiences interests and concerns of Southeast Asian women The chapters examine the trends related to women in the following arenas the family economic participation politics health and religion In some arenas the trends reflect the disadvantages women face which in turn have led to gender gaps in other areas women s progress has been found to eclipse that of the men although this tends to be the exception

**Biodemography of Fertility in Japan** Shoko Konishi,Emi Tamaki,Jun Yoshinaga,2017-12-30 This book presents original data on the proximate determinants of fertility in Japan Its goal is to disaggregate low fertility levels in Japan into physiological behavioral and social components Further the book reviews previous studies on the proximate determinants of fertility in Japan and compares the data to that on other countries This book is the first to summarize previous research projects conducted in Japan on this topic and proposes future research directions to fill the remaining research gaps Further it sheds new light on the similarities and differences between the fertility level in Japan and in other countries in terms of biodemographical components helping readers understand the mechanisms of fertility change in Japan

**The New Reproductive Order** Sarah Franklin,Marcia C. Inhorn,2025-04-22 The transformative impact of new reproductive technologies over the past half century Both fertility and infertility are commonly depicted as individual biological and choice dependent conditions that can be mediated by technology In contrast The New Reproductive Order documents the complex material historical and political forces that both enable and limit human reproductivity while also arguing that both fertility and infertility have become condensed symbols of wider changes to family forms national political agendas global economies and local environments Combining anthropological sociological and intersectional feminist research from across the globe this landmark volume reveals how changing perceptions of fertility and infertility are altering how people imagine pursue and experience reproductivity both individually and collectively Using a comparative global methodology based on detailed case studies The New Reproductive Order persuasively argues that changing perceptions of fertility and infertility are giving rise to a distinctive reproductive politics based on new models of reproductive cause and effect This groundbreaking and sophisticated volume opens new horizons of scholarship on the relationship between fertility infertility reproductive technologies and social change as well as new thinking on policy practice and activism in the twenty first century s new reproductive order

**The Fertility Transition in Iran** Mohammad Jalal Abbasi-Shavazi,Peter McDonald,Meimanat Hosseini-Chavoshi,2009-09-30 Confounding all conventional wisdom the fertility rate in the Islamic Republic of Iran fell from around 7 0 births per woman in the early 1980s to 1 9 births per woman in 2006 That this the largest and fastest fall in fertility ever recorded should have occurred in one of the world s few Islamic

Republics demands explanation This book based upon a decade of research is the first to attempt such an explanation The book documents the progress of the fertility decline and displays its association with social and economic characteristics It addresses an explanation of the phenomenal fall of fertility in this Islamic context by considering the relevance of standard theories of fertility transition The book is rich in data as well as the application of different demographic methods to interpret the data All the available national demographic data are used in addition to two major surveys conducted by the authors Demographic description is preceded by a socio political history of Iran in recent decades providing a context for the demographic changes The authors conclude with their views on the importance of specific socio economic and political changes to the demographic transition Their concluding arguments suggest continued low fertility in Iran The book is recommended to not only demographers social scientists and gender specialists but also to policy makers and those who are interested in social and demographic changes in Iran and other Islamic countries in the Middle East It is also a useful reference for demography students and researchers who are interested in applying fertility theories in designing surveys and analysing data

**Routledge Handbook of Asian Demography** Zhongwei Zhao, Adrian C. Hayes, 2017-12-14 Home to close to 60 per cent of the world's population Asia is the largest and by far the most populous continent It is also extremely diverse physically and culturally Asian countries and regions have their own distinctive histories cultural traditions religious beliefs and political systems and they have often pursued different routes to development Asian populations also present a striking array of demographic characteristics and stages of demographic transition This handbook is the first to provide a comprehensive study of population change across the whole of Asia Comprising 28 chapters by more than 40 international experts this handbook examines demographic transitions on the continent their considerable variations their causes and consequences and their relationships with a wide range of social economic political and cultural processes Major topics covered include population studies and sources of demographic data historical demography family planning and fertility decline sex preferences mortality changes causes of death HIV AIDS population distribution and migration urbanization marriage and family human capital and labour force population ageing demographic dividends political demography population and environment and Asia's demographic future This handbook provides an authoritative and comprehensive reference for researchers policymakers academics students and anyone who is interested in population change in Asia and the world

The Demography of Transforming Families Robert Schoen, 2023-08-23 This book provides an up to date survey on the nature causes and patterns of family change The traditional nuclear family has been replaced by a multiplicity of other forms as widespread cohabitation high levels of divorce and union dissolution rising childlessness and far below replacement fertility have emerged to an extent never before seen Theoretical perspectives on this Second Demographic Transition are presented highlighting the dramatic changes in gender roles New methodological strategies for assessing family dynamics are presented from multistate models of marriage and divorce combined with fertility to improved techniques for combining

census and survey data on the family to a new approach for disentangling age period and cohort effects While the volume emphasizes Western nations insightful case studies range from analyzing family complexity in cohorts of parents and children in the UK to the impact of interpartner violence on family formation to the emergence of a gender war in South Korea By providing new insights into where we are today and how we got here the book will be of value to all those interested in the contemporary family Delayed Fertility as a Driver of Fertility Decline available open access under a Creative Commons Attribution 4.0 International License via [link.springer.com](https://link.springer.com) **Handbook of Population** Dudley L. Poston Jr., 2019-04-16

The 2nd edition of the Handbook of Population covers the major topics of the discipline of demography including current substantive methodological and theoretical issues of interest as well as new and emerging topics in the field In addition to revised updated and extended chapters that were included in the 1st edition this 2nd edition of the Handbook brings to the forefront entirely new chapters covering such major themes as children adoption sexuality inequality population psychology rural demography and obesity Chapters in this Handbook will expand our knowledge of the field and will raise awareness of the causes and the consequences of demographic behavior and events in societies throughout the world This 2nd edition will also serve as a reference in the field of population studies for years to come It will generate new questions and research ideas and will positively impact the growth development and expansion of demography **Low and Lower Fertility** Ronald R. Rindfuss, Minja Kim Choe, 2015-10-12 This volume examines two distinct low fertility scenarios that have emerged in economically advanced countries since the turn of the 20th century one in which fertility is at or near replacement level and the other where fertility is well below replacement It explores the way various institutions histories and cultures influence fertility in a diverse range of countries in Asia Europe North America and Australia The book features invited papers from the Conference on Low Fertility Population Aging and Population Policy held December 2013 and co sponsored by the East West Center and the Korea Institute for Health and Social Affairs KIHASA It first presents an overview of the demographic and policy implications of the two low fertility scenarios Next the book explores five countries currently experiencing low fertility rates China Hong Kong Japan Singapore and South Korea It then examines three countries that have close to replacement level fertility Australia the Netherlands and the United States Each country is featured in a separate chapter written by a demographer with expert knowledge in the area Very low fertility is linked to a number of conditions countries face including a declining population size At the same time low fertility and its effect on the age structure threatens social welfare policies This book goes beyond the technical to examine the core institutional policy and cultural factors behind this increasingly important issue It helps readers to make cross country comparisons and gain insight into how diverse institutions policies and culture shape fertility levels and patterns **A Concise History of World Population** Massimo Livi-Bacci, 2017-01-10

The latest edition of this classic text has been updated to reflect current trends and implications for future demographic developments The areas of Africa international migration and population and environment have been strengthened and

statistical information has been updated throughout A new edition of this classic history of demography text which has been updated to strengthen the major subject areas of Africa international migration and population and the environment Includes the latest statistical information including the 2015 UN population projections revision and developments in China s population policy Information is presented in a clear and simple form with academic material presented accessibly for the undergraduate audience whilst still maintaining the interest of higher level students and scholars The text covers issues that are crucial to the future of every species by encouraging humanity s search for ways to prevent future demographic catastrophes brought about by environmental or human agency Analyses the changing patterns of world population growth including the effects of migration war disease technology and culture

### **Low Fertility And Reproductive Health In East Asia International Studies In Population Introduction**

In today's digital age, the availability of Low Fertility And Reproductive Health In East Asia International Studies In Population books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Low Fertility And Reproductive Health In East Asia International Studies In Population books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Low Fertility And Reproductive Health In East Asia International Studies In Population books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Low Fertility And Reproductive Health In East Asia International Studies In Population versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Low Fertility And Reproductive Health In East Asia International Studies In Population books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the

device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Low Fertility And Reproductive Health In East Asia International Studies In Population books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Low Fertility And Reproductive Health In East Asia International Studies In Population books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Low Fertility And Reproductive Health In East Asia International Studies In Population books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Low Fertility And Reproductive Health In East Asia International Studies In Population books and manuals for download and embark on your journey of knowledge?
