Matchstick Model Guide:

The Art of Matchstick Modelling C. Dickinson, 1996 Secret Iowa: A Guide to the Weird, Wonderful, and Obscure Megan Bannister, 2023-09-15 Some claim there's nothing to see in flyover country. But take a closer look and you'll discover that Iowa is home to more than just cornfields. In fact, across the Hawkeye State you'll encounter hidden gems and secret spots abound. For instance, do you know where you can find the only remaining Frank Lloyd Wright designed hotel in the world? What about how much the World's Largest Popcorn Ball weighs? And why did the Los Angeles Lakers pay to build a basketball court in the small town of Carroll? Dive in and discover the state's offbeat history and quirky places through Secret Iowa: A Guide to the Weird, Wonderful, and Obscure. Set course for larger than life attractions like Albert the Bull, the World's Largest Strawberry, and the Grotto of the Redemption. Learn more about Grant Wood's connection to Iowa by visiting his former home and studio, or travel through time and space to the place where Star Trek's Captain James T. Kirk will be born in 2233. Even at some of the state's most well-known places, you'll discover hidden histories and unique stories that are not often shared. Local author and travel writer Megan Bannister uncovered some of the state's wackiest attractions to guide your adventure around Iowa. Buckle up, fill up your tank, and get ready for an offbeat road trip full of the state's best kept secrets.

Lloyd's Register OneOcean's Guide to Port Entry 1981-1982 Port Information Lloyd's Register Foundation, 1981-01-01 First published in 1971, these Guides provide invaluable information on thousands of commercial ports and terminals across the globe. They are compiled and published annually by LR OneOcean, whose years of global maritime experience allows them to provide expert and innovative solutions that enhance efficiency, sustainability, and overall industry success. The Guides cover a significant geographical breadth, and the most recent volume includes information on over 12,500 ports, harbours, and terminals worldwide. These are fully indexed and contain detailed port plans and mooring diagrams.

The Companion Guide to Edinburgh and the Borders A. J. Youngson, 2001 Long overdue. Revised, updated, and freshly illustrated, Edinburgh joins the Companion Guide series, informative on Edinburgh's and Scotland's past and present. Edinburgh is one of Europe's most elegant and cosmopolitan cities, the Old Town rebuilt on the medieval street plan after being burned down by the English in 1544, and the eighteenth-century classical New Town, more extensive than anything else of its kind in Europe. Edinburgh was the capital of an independent kingdom for more than two hundred and fifty years, and it has the air of a capital with buildings where kings were born or where some of their more prominent subjects were assassinated, streets once trodden by Mary Queen of Scots and Bonnie Prince Charlie, and a rich artistic life that comes into exhilarating full flower in August with the Edinburgh Festival. Edinburgh is also the gateway to some of the most spectacularly beautiful country in Britain, lying southward is the romantic landscape of the Borders, where Alexander Youngson is an admirable guide to the ruined abbeys, the castles that have withstood countless sieges, and the great houses still owned by families that the Flood could not wash away. A. J. YOUNGSON is former chairman of the Fine Art Commission.
