Gold Run The Rescue Of Norways Gold Bullion From The Nazis 194:

Gold Run Robert Pearson, 2015-06-04 The WWII story of Norwegian resistance in the face of Nazi invasion a daring escape for the Norwegian royal family and fifty tons of gold bullion Gold Run recounts the thrilling story of the loyal Norwegians who rescued the Norwegian royal family government and nearly fifty tons of gold bullion from invading Nazis during World War II One of the greatest gold snatches in history it is a tale of loyal citizens who achieved an incredible feat against overwhelming odds through bravery endurance and leadership plus a little good fortune and help from the British Royal Navy The German invasion on the night of April 9 1940 took Norway almost completely unawares But one small coastal battery took swift action to protect the country's leadership In desperate haste the royal family fled Oslo by rail dodging bombs and strafing With extraordinary ingenuity the gold was moved by road rail and fishing boat hotly pursued by the Germans After several instances of near disaster the Norwegians managed to get the gold to the coast where the Royal Navy came to the rescue It was taken off in three Royal Navy Cruisers HMS Enterprise Galatea and Glasgow The ships were attacked in port then constantly harassed and bombed by the Luftwaffe as they made their way back to the United Kingdom The Germans had gained a country but lost a king a government and a huge amount of bullion that would have financed their war machine

Gold Run Robert Pearson, 2017-05-19 Gold Run is the true story of arguably one of the greatest gold snatches in history It is a tale of immense bravery endurance and great leadership of loyal Norwegians plus a little good fortune and help from the British against intrigue and overwhelming odds The German invasion of Norway on the night of April 8th 9th 1940 almost took Norway completely unawares had it not been for the defiance of one small coastal battery the Norwegian Royal Family Government and nearly 50 tons of gold bullion would have had no chance to escape In desperate haste the Royal Family fled Oslo by rail dodging bombs and strafing eventually reaching the port of Molde which was subsequently devastated by fire bombing The gold with extraordinary ingenuity was moved by road rail and fishing boat hotly pursued by the Germans Its weight and the need for total secrecy created unique transportation problems After several instances of near disaster the Norwegians managed to get the gold to the coast where the Royal Navy came to the rescue Such was the difficulty of extricating the bullion it was not possible to load it in one cargo and it was taken off in three Royal Navy Cruisers HMS Enterprise Galatea and Glasgow from different locations The ships were attacked in port then constantly harassed and bombed by the Luftwaffe as they made their way back to the UK The loss of the bullion was a blow to the Germans They had gained a country but lost a King a government and huge amount of bullion that would have financed their war machine That loss is directly attributed to a visionary bank chief a Colonel a hastily assembled body of Norwegians and the ships and men of the Royal Navy ever resourceful brave and loyal to their respective countries This is their story
