largest populations of Chinese residents in Europe a phenomenon that is remarkable not only for its magnitude but also for the speed with which it has developed This edited collection which brings together twenty seven separate contributors deepens our understanding of the case of Prato within the context of Chinese migration to the new Europe **Naples and the Nation** Ruth Glynn,2025-05-21 This book addresses Naples relationship with Italy since the introduction of direct mayoral election in 1993 and as articulated in cultural production It deploys theoretical frameworks pertaining to postcolonialism and cultural accentedness to challenge the historical framing of Naples as Italy s internal other and to reposition the city at the very heart of the Italian cultural imaginary The book showcases the breadth of texts and media addressing the city nation relationship analysing less renowned works of journalism literature fashion and film alongside celebrated texts such as Roberto Saviano s Gomorra Elena Ferrante s Neapolitan Novels and the soap opera Un posto al sole It highlights how such works contest perceptions of Naples as diverging from a national norm by emphasising the continuities that align the city with the nation Though developed with the specificities of Naples in mind the approach is intended as a model for the study of city nation relations in other cultural contexts Charting Corporate Corruption Peter Fleming,Stelios C. Zyglidopoulos,2009-01-01 In the post Enron era corporate corruption has increasingly featured on the research agenda This informative book provides a novel approach by charting the actual causes of corruption This highly topical volume demonstrates how agency the decisions and choices of individuals and structure the contextual pressures in the business environment can interact to result in the rapid escalation of corporate crime and corruption By analysing and describing the social psychological dimensions of this escalation the book prescribes preventive measures that can be adapted and implemented by business organizations Loaded with case studies and prospective solutions Charting Corporate Corruption will be valuable to post graduates studying business ethics sociology and psychology and to researchers seeking new theories and concepts in this field **The Sociological Turn in Translation and Interpreting Studies** Claudia V. Angelelli,2014-09-15 Increasing attention has been paid to the agency of translators and interpreters as well as to the social factors that permeate acts of translation and interpreting In addition agency and social factors are discussed in more interdisciplinary terms Currently the focus is not only on translators or interpreters i e the exploration of their inter intra social agency and identity construction or on their activities and the consequences thereof but also on other phenomena such as the displacement of texts and people and issues of access and linguisticism The displacement of texts whether written or oral across time and space as well as the geographic displacement of people has encouraged researchers in Translation and Interpreting Studies to consider issues related to translation and interpreting through the lens of the Sociology of Language Sociolinguistics and Historiography Researchers have employed a myriad of theoretical and methodological lenses borrowed from other disciplines in the Humanities and Social Sciences Therefore the interdisciplinarity of Translation and Interpreting Studies is more evident now than ever before This volume originally published as a special issue of Translation and

Interpreting Studies issue 7 2 2012 is a perfect example of such interdisciplinarity reflecting the shift that has occurred in Translation and Interpreting Studies around the world over the last 30 years
