a tarnished reputation due to unethical business practices and transactional marketing In this timely and informative book the author delves into the reasons behind pharma s fall from grace and shows how transactional marketing practices cannot build brand loyalty or reputation Instead the book highlights the importance of transformational marketing practices and ethical business behavior which can lead to long term success and customer loyalty Using real world examples and case studies Transactional to Transformational Marketing presents a step by step approach to help pharma companies transform their marketing practices From understanding the importance of customer centricity to leveraging digital technologies this book provides practical tips and strategies that can be implemented immediately Transactional to Transformational Marketing in Pharma is a must read for anyone interested in elevating the pharmaceutical industry s reputation and creating sustainable growth in the long term If you are a marketer business leader or anyone interested in transforming the pharmaceutical industry s marketing practices this book is for you Contents 1 Pharma s Reputation on a Slide 2 Ethics in the Pharmaceutical Industry 3 Unethical Marketing Practices in Pharma 4 Transactional Marketing 5 Restoring Pharma s Reputation 6 Transformational Marketing in Pharma 7 Transformational Marketing in Pharma Two Case Studies 8 Transformational Marketing the Winner s Checklist Two Case Studies

Transfer Pricing and Value Creation Raffaele Petruzzi,Romero J.S. Tavares Esq.,2019-09-02 Value Creation and its effects on Transfer Pricing and tax law Emerging from the OECD G20 BEPS Project a new somewhat fuzzy notion of Value Creation came to permeate not only Transfer Pricing language but also wider allocation rules and anti abuse provisions in international tax law The notion of Value Creation reframes the interpretation and application of the Arm s Length Principle ALP that is embedded in Articles 7 and 9 of the OECD Model Convention This new Value Creation notion and approach assist in understanding key enterprise functions while different industry sectors manifest these concepts in various ways Situating such notions and this approach within the law of tax treaties and analyzing terms of the OECD Transfer Pricing Guidelines alongside their factual context is the aim of this book Here law students address Transfer Pricing and Value Creation in sectors as varied as commodities trade automotive consumer products food and beverages pharmaceutical and life sciences telecommunications and the key topic of value creation in a digitalized economy Our LL M students were required to address issues not explored in legal research and to discuss factual topics relevant for Transfer Pricing All students focused on topics that are new to the international tax debate that keep evolving and on factual matters that often escape legal research

Collaboration Strategy Felix Barber,Michael Goold,2014-09-25 Current strategy thinking focuses on what to do not how to motivate employees suppliers and business partners to do it Whether working with employees or with external suppliers companies are increasingly stumbling with implementing strategy But why is this happening And how can we address it Collaboration Strategy argues that motivating people and companies is fundamental to business success In the activities that matter most in today s economy design development marketing sales projects it is hard to define just what you want done Setting up business

activities to get the results you want becomes a strategic challenge In industries from pharmaceuticals to fashion software to stock exchanges new ways of working with partners that break down traditional company boundaries and establish new roles and relationships have enabled businesses to grow rapidly and achieve superior profits At the heart of this book Felix Barber and Michael Goold have combined their considerable expertise to present a complete and original collaboration framework based on their findings over a seven year period in which they interviewed over 200 businesses The framework explains how to set up to get the results you want for a range of different activities and industries They present the 10 requirements needed for profitable collaboration and use real life scenarios to apply their framework and analysis offering a menu of tactics to address the most common problems in setting up collaboration with partners Essentially you must design a basis for working together or collaboration with your employees and suppliers that will get them to do what you want

The Business of Sustainability Chris Laszlo, Karen Christensen, Daniel S. Fogel, Gernot Wagner, Peter J. Whitehouse, 2010-01-01

The Business of Sustainability is a core resource for policy makers members of the development community entrepreneurs and corporate executives as well as business and economics students and their professors It contains rich analysis of how sustainability is being factored into industries across the globe with enlightening case studies of businesses serving as agents of change Contributing authors provide a groundbreaking body of research based knowledge They explain that the concept of sustainability is being re framed to be positive about business instead of being tied to the old notion of a trade off between business and society that is if business wins society and the environment must lose and they explore how economic development can contribute to building our common future

Sustainable Entrepreneurship Marc Dreßler, 2024-01-29

Successful strategic management of small business isn't always as easy as it looks given the dynamic changes turbulent business environments and in many cases severely restricted room for maneuver that prevail nowadays in Western economies Which is why strategic and sustainable business governance and operational management are taking on growing importance especially in sectors consisting mainly of small businesses Although much has been written on these subjects a book that resolutely focuses on the nuts and bolts of strategically focused sustainability management is needed especially for smaller entities More than 200 illustrative examples of best practice and other scenarios drawn from actual practice in the wine industry and elsewhere plus more than 160 graphics and a wealth of empirical data serve to answer the why and how of strategy and sustainability in the small business sector
