Developing Library Collections for Today's Young Adults Amy S. Pattee, 2020-02-14 In the five years since the first edition of *Developing Library Collections for Today's Young Adults* was published numerous changes have taken place in the landscape of young adult literature and young adult library services Informed by the professional activism including the We Need Diverse Books wndb movement today s professionals recognize that library collections for young adults are incomplete if they fail to address and reflect a diversity of racial ethnic and cultural identities gender identities sexual orientations and identities related to ability and disability Contemporary librarians working to diversify their collections select material in a number of formats and must consider the accessibility of both old and new

media as they select titles and resources

Developing Library Collections for Today's Young Adults Ensuring Inclusion and Access Second Edition offers guidance to librarians confronted with an expanding universe of published material from which to select. With special emphasis on the principles of inclusion and accessibility, this new edition of *Developing Library Collections* includes guidelines for creating a young adult collection, development policy, conducting a needs assessment, and evaluating and selecting print and nonprint material for the library's YA collection.

The Art of Dying Gareth Richard Schott, 2023-08-03 *The Art of Dying* 21st Century Depictions of Death and Dying examines how contemporary media platforms are used to produce creative accounts, responses, and reflections on the course of dying, death, and grief. Outside the public performance of grief at funerals, grief can strike in anticipation of a loss or it can endure, continuing to interject itself and interrupt a permanently changed life. This book examines the particular affordances possessed by various contemporary creative forms and platforms that capture and illuminate different aspects of the phenomenology of dying and grief. It explores the subversive and unguarded nature of stand-up comedy, the temporal and spatial inventiveness of graphic novels, the creative constructions of documentary filmmaking, the narrative voice of young adult literature, the realism of documentary theatre, alongside more ubiquitous media such as social media, television, and games. This book is testament to the power of creative expression to elicit vicarious grief and sharpen our awareness of death.
