Good Bye Hegemony Power And Influence In The Global System

Richard Ned Lebow

Good Bye Hegemony Power And Influence In The Global System:

Good-Bye Hegemony! Simon Reich, Richard Ned Lebow, 2014-03-23 Many policymakers, journalists and scholars insist that U.S. hegemony is essential for warding off global chaos. Good Bye Hegemony argues that hegemony is a fiction propagated to support a large defense establishment, justify American claims to world leadership, and buttress the self-esteem of voters. It is also contrary to American interests and the global order. Simon Reich and Richard Ned Lebow argue that hegemony should instead find expression in agenda setting, economic custodianship, and the sponsorship of global initiatives. Today these functions are diffused through the system with European countries, China, and lesser powers making important contributions. In contrast, the United States has often been a source of political and economic instability. Rejecting the focus on power common to American realists and liberals, the authors offer a novel analysis of influence. In the process, they differentiate influence from power and power from material resources. Their analysis shows why the United States, the greatest power the world has ever seen, is increasingly incapable of translating its power into influence. Reich and Lebow use their analysis to formulate a more realistic place for America in world affairs.

Richard Ned Lebow: A Pioneer in International Relations Theory, History, Political Philosophy and Psychology Richard Ned Lebow, Nathan Funk, 2016-09-13 This is the first of four volumes to be published as part of this book series on the life and work of Richard Ned Lebow. In a career spanning six decades, Richard Ned Lebow has made important contributions to the study of international relations, political and intellectual history, motivational and social psychology, philosophy of science, and classics. He has authored, coauthored, or edited 30 books and almost 250 peer-reviewed articles. These four volumes are excerpts from this corpus. The first volume includes an intellectual autobiography, bibliography, and assessments of Lebow's contributions to diverse fields by respected authorities. It shows how a scholar's agenda evolves in response to world events and his efforts to grapple with them theoretically and substantively. It elaborates pathways for addressing these events and their consequences in an interdisciplinary manner and offers new concepts and methods for doing so. Richard Lebow's research bridges international relations, psychology, history, classics, political theory, and philosophy of science. He is author, coauthor, or editor of 34 books and almost 250 peer-reviewed articles. Contributors to the book are Simon Reich, Mervyn Frost, Janice Gross Stein, Stefano Guzzini, Markus Kornprobst, Harald Müller, Christian Wendt, Robert English.

Norms Without the Great Powers Adam Bower, 2017-02-09 Can multilateral treaties succeed in transforming conduct when they are rejected by the most powerful states in the international system? In the past two decades, coalitions of middle power states and transnational civil society groups have negotiated binding legal agreements in the face of concerted opposition from China, Russia, and most especially the United States. These instances of a so-called new diplomacy reflect a deliberate attempt to use the language of international law to bypass great power objections in establishing new global standards. Yet critics have frequently derided such treaties as utopian and counterproductive because they fail to include those states allegedly most capable of effectively

managing complex international cooperation Thus far no study has offered a systematic comparative study of the promise and limits of multilateralism without the great powers Norms Without the Great Powers addresses this gap through the presentation of a novel theoretical account and detailed empirical evidence regarding the implementation of two archetypal cases the antipersonnel Mine Ban Treaty and International Criminal Court Both treaties have substantially reshaped expectations and behaviour in their respective domains but with important variation in the extent and breadth of their impact These findings provide the impetus for assessing the prospects for similar strategies on other topics of contemporary global concern This book offers a timely addition to the dynamic and growing literature on the practice and consequences of international governance and should appeal to academics civil society experts and foreign policy practitioners working in fields such as security human rights and the environment

Psychology of a Superpower Christopher

Fettweis, 2018-05-15 With the collapse of the Soviet Union the United States was left as the world's sole superpower which was the dawn of an international order known as unipolarity The ramifications of imbalanced power extend around the globe including the country at the center What has the sudden realization that it stands alone atop the international hierarchy done to the United States In *Psychology of a Superpower* Christopher J Fettweis examines how unipolarity affects the way U S leaders conceive of their role make strategy and perceive America's place in the world Combining security strategy and psychology Fettweis investigates how the idea of being number one affects the decision making of America's foreign policy elite He examines the role the United States plays in providing global common goods such as peace and security the effect of the Cold War's end on nuclear weapon strategy and policy the psychological consequences of unbalanced power and the grand strategies that have emerged in unipolarity Drawing on psychology's insights into the psychological and behavioral consequences of unchecked power Fettweis brings new insight to political science's policy analysis toolkit He also considers the prospect of the end of unipolarity offering a challenge to widely held perceptions of American indispensability and asking whether the unipolar moment is worth trying to save *Psychology of a Superpower* is a provocative rethinking of the risks and opportunities of the global position of the United States with significant consequences for U S strategy character and identity

Rebranding China Xiaoyu Pu, 2019-01-08 China is intensely conscious of its status both at home and abroad This concern is often interpreted as an undivided desire for higher standing as a global leader Yet Chinese political elites heatedly debate the nation's role as it becomes an increasingly important player in international affairs At times China positions itself not as a nascent global power but as a fragile developing country Contradictory posturing makes decoding China's foreign policy a challenge generating anxiety and uncertainty in many parts of the world Using the metaphor of rebranding to understand China's varying displays of status Xiaoyu Pu analyzes a rising China's challenges and dilemmas on the global stage As competing pressures mount across domestic regional and international audiences China must pivot between different representational tactics *Rebranding China* demystifies how the state represents its global position by analyzing

recent military transformations regional diplomacy and international financial negotiations Drawing on a sweeping body of research including original Chinese sources and interdisciplinary ideas from sociology psychology and international relations this book puts forward an innovative framework for interpreting China's foreign policy **Tokens of Power** Ann Hironaka, 2017-03-06 What motivates going to war This book reexamines how leaders make decisions based on appearances of power over military reality **The Routledge Handbook of Soft Power** Naren Chitty, Lilian Ji, Gary D Rawnsley, Craig Hayden, 2016-11-03 The Routledge Handbook of Soft Power is the first volume to offer a comprehensive and detailed picture of soft power and associated forms of public diplomacy The terms soft power and public diplomacy have enormous currency in media and policy discourse yet despite all the attention the terms remain conceptually ambiguous for analysts of international influence The consequence is that the terms have survived as powerful yet criticized frames for influence Divided into two main parts Part I outlines theoretical problems methodological questions the cultural imperative and the technological turn within the study of soft power and Part II focuses on bringing the theory into practice through detailed discussion of key case studies from across the Americas Europe the Middle East Africa and Asia This innovative handbook provides a definitive resource for students and scholars seeking to familiarize themselves with cutting edge debates and future research on soft power and will be of interest to those studying and researching in areas such as international relations public diplomacy and international communication **The Post-Heroic Presidency** Michael A. Genovese, Todd L. Belt, 2016-06-13 This book examines how presidents from Nixon to Obama have faced the challenges of global leadership in a dramatically changing world one with more limited resources and an increasing number of threatening challengers The immediate post World War II era was undeniably a period of American power and influence Even during the Cold War the United States was the leader of the West exerting wide ranging power internationally But beginning with the Vietnam War America began experiencing a series of setbacks and challenges to its power The Post Heroic Presidency Leveraged Leadership in an Age of Limits examines how U S presidents have attempted to reverse or contend with this new era of limited power in which presidential leadership is hamstrung due to an increasingly globalized and interdependent world one where power is more diffuse and the system of checks and balances bind a president in an age of hyper partisanship The book examines presidents of the 20th and 21st centuries explaining how the first U S president to confront this new age was Richard Nixon who along with Henry Kissinger developed a sophisticated approach to deal with the recalibration of American power It documents how other recent presidents have either tried to make peace with limited power Jimmy Carter reverse the decline Ronald Reagan ignore the implications of limits George W Bush or find ways to lead that were less ambitious more prudent and less unilateral George H W Bush Bill Clinton and Barack Obama In the cases of Clinton and Obama this shift to using soft power persuasion and multilateralism earned them criticism that they are weak thereby undermining their efforts to lead both at home and abroad **Challenge and Change** Norma C. Noonan, Vidya Nadkarni, 2016-11-11 This

edited volume addresses how the state system the organizing political institution in world politics copes with challenges of rapid change unanticipated crises and general turmoil in the twenty first century These disruptions are occurring against the background of declining US influence and the rising power of countries in Asia Africa and Latin America Traditional inter state security concerns coexist with new security preoccupations such as rivalries likely to erupt over the resources of the global commons the threat of cyber warfare the ever present threat of terrorism and the economic and social repercussions of globalization The contributors explore these key themes and the challenges posed by rapid change

Taming

Sino-American Rivalry Feng Zhang, Richard Ned Lebow, 2020 Competition between America and China has intensified since 2009 creating even greater risks of conflict Why is this so and what can be done about it In *Taming Sino American Rivalry* Feng Zhang and Richard Ned Lebow reject the prevailing idea that competition between a dominant and a rising power must necessarily lead to conflict Rather they identify the mistakes that both countries have made and explain the causes and consequences of their missteps Drawing on international relations theory and lessons from history they develop a comprehensive approach to conflict management and resolution that balances deterrence reassurance and diplomacy A challenge to the prevailing pessimism *Taming Sino American Rivalry* is essential reading for anyone interested in understanding the world s most important bilateral relationship

(Un)avoidable Conflict in Ukraine Cristian

Nitoiu, 2025-06-26 Taking a conceptual approach to European Russian relations in the post Cold War era this book traces how each side s ideal self came into conflict with fault lines in international politics Russia s 2022 full scale invasion of Ukraine is not only a symptom of conflict taking over the European continent but also a point of no return that will be difficult to roll back Could the state of conflict on the European continent have been avoided To understand the nature and evolution of conflict with Russia this book presents a theoretically informed discussion of the way relations between the European Union EU and Russia deteriorated beyond repair during the more than three decades since the collapse of the Soviet Union First the book develops the concept of ideal self of states and international organisations like the EU which posits that a series of ideal perceptions about how the self should act in the world order drives the behaviour of states and their policymakers Second the book turns to the study of fault lines or spaces of divergence in the world order that harbour the potential for conflict With these two theoretical toolkits the book shows how leaders in the EU and Russia by February 2022 came to view conflict as a feasible preferable and possibly the only option available to them Even though neither the EU nor Russia had desired conflict both made little effort to avoid it As a result the European continent has sleepwalked into conflict with the potential for that conflict to spill over from Europe and escalate beyond a point of no return between the West and its global challengers

Ethics and International Relations Richard Ned Lebow, 2020-10-01 Lebow demonstrates that foreign policies consistent with generally accepted ethical norms are more likely to succeed and those at odds with them to fail Constructing original data sets and analyzing multiple case studies Lebow makes an empirical case for ethics in international relations His

approach looks to create a productive dialogue between those who ask primarily ought questions and those who pose is questions The former want to establish appropriate criteria for the behaviour of state and non state actors and the discourses that lead to their policy decisions whereas scholars who pose is questions are concerned with how political actors behave and the principles and assumptions that might explain their behaviour Lebow bridges the gap between is and ought questions by making an instrumental argument in favour of ethical foreign policy He examines policymaking as well as policy offering ethical guidelines for policymaking that are likely to result in more successful policies

Between Peace and War Richard Ned Lebow, 2020-08-31 This is an updated edition of the now classic original of the same title It has three new substantial chapters a prologue a chapter on new evidence on World War I and an epilogue The updated edition contains the now famous typology of international crisis the original critique of deterrence the emphasis on agency and the turn to political psychology to explain sharp departures from rational policy making The new chapters update and reevaluate these arguments and approach a critical hindsight assessment in light of post Cold War developments

The Quest for Knowledge in International Relations Richard Ned Lebow, 2022-04-14 What do we mean by theory in international relations What kinds of knowledge do theories seek How do they stipulate it is found How should we evaluate any resulting knowledge claims What do answers to these questions tell us about the theory project in IR and in the social sciences more generally Lebow explores these questions in a critical evaluation of the positivist and interpretivist epistemologies He identifies tensions and problems specific to each epistemology and some shared by both and suggests possible responses By exploring the relationship between the foundations of theories and the empirical assumptions they encode Lebow's analysis enables readers to examine in greater depth the different approaches to theory and their related research strategies This book will be of interest to students and scholars of international relations theory and philosophy of social science

War and Its Causes Jeremy Black, 2019-01-21 This interdisciplinary book provides an invaluable perspective on the causes of war drawing on a thoughtful consideration of what war actually is the key foundation for an analysis of its causes Jeremy Black assesses the three main types of war between cultures within cultures and civil emphasizing the social and cultural factors leading to conflict He argues that cultural factors have always been the key element especially aggression in the shape of a willingness to kill and be killed which alters rational assumptions of risk and overcomes deterrence He assesses the predisposition of ideologies to think and act in terms of conflict the functional dynamics of international relations systems and the strengths and failures of diplomacy Drawing on research from history political science and international relations Black marshals global examples spanning the fifteenth century to the present Contrasting wars within cultures and wars between cultures he considers the implications for ongoing and future conflict

Polycentric World Order in the Making Andrey Baykov, Tatiana Shackleina, 2023-03-02 The world order is evolving toward polycentricity producing its winners and losers and driving up the global and regional demand for governance security justice and ethics The book offers a

perspective of key Russian experts in international affairs on these transformations On the global level it touches upon the issues of global governance state transformation phenomenology of globalization international security and international political economy On the regional level it deals with issues of economic integration energy security cyber security nuclear proliferation viewed from a perspective of Pacific Asia East Asia Latin America Middle East Post Soviet Area Global Turkey in Europe III Senem Aydin-Düzgit et al.,2015-06-16 Global Turkey in Europe's third volume sheds light on four key areas in EU Turkey relations foreign relations democracy the Kurdish question and economic and trade issues Building on its two preceding collective volumes Global Turkey in Europe III intends to contribute to a comprehensive discussion on shaping a common Turkish European future with an eye to key domestic regional and global challenges and opportunities facing both the EU and Turkey *Presidential Leadership in an Age of Change* Michael Genovese,2017-09-08 The American public hungers for a heroic leader From John F Kennedy to George W Bush every American president has left office either under a cloud or as a failed leader Michael A Genovese argues that presidents are set up for failure it is not specific presidents but the presidency itself that is the problem The presidency was designed to prevent tyranny through a system of separation of powers that inhibits presidents from exercising sufficient power to meet the demands and expectations that developed over time Each new president dreams of success only to be crushed by the paralytic weight of vetoes and roadblocks As they fail to meet expectations Americans turn on them making their already precarious position much worse Given the perilous nature of the office Genovese examines the skills required to achieve success and the roles of power and persuasion He also examines how globalization and the rapid pace of change contribute to the decline of presidential power This accessible synthesis of scholarship is geared toward an audience that is hungry to unravel the dilemmas of presidential leadership Students of the presidency will find it insightful general readers will find it illuminating **Europe in the Caucasus, Caucasus in Europe** Thomas Makarychev, Andrey Krüssmann,2019-09-30 The book series European Studies in the Caucasus offers innovative perspectives on regional studies of the Caucasus By embracing the South Caucasus as well as Turkey and Russia as the major regional powers it moves away from a traditional viewpoint of European Studies that considers the countries of the region as objects of Europeanization This first volume emphasizes the movements of ideas in both directions from Europe to the Caucasus and from the Caucasus to Europe This double track frame illuminates new aspects of a variety of issues requiring reciprocity and intersubjectivity including rivalries between different integration systems in the southern and eastern fringes of Europe various dimensions of interaction between countries of the South Caucasus and the European Union in a situation of the ongoing conflict with Russia and different ways of using European experiences for the sake of domestic reforms in the South Caucasus Topics range from identities to foreign policies and from memory politics to religion The End of Grand Strategy Simon Reich,Peter Dombrowski,2018-01-15 In The End of Grand Strategy Simon Reich and Peter Dombrowski challenge this common view They eschew prescription in favour of describing

and explaining what America's military actually does. They argue that each presidential administration inevitably resorts to each of the six variants of grand strategy that they implement simultaneously as a result of a series of fundamental recent changes that they term calibrated strategies. Reich and Dombrowski support their controversial argument by examining six major maritime operations stretching from America's shores to every region of the globe. Each of these operations reflects one major variant of strategy. They conclude that grand strategy as we know it is dead.

Whispering the Secrets of Language: An Psychological Journey through **Good Bye Hegemony Power And Influence In The Global System**

In a digitally-driven world wherever screens reign supreme and instant conversation drowns out the subtleties of language, the profound techniques and emotional nuances hidden within words usually get unheard. Good Bye Hegemony Power And Influence In The Global System Introduction

In today's digital age, the availability of Good Bye Hegemony Power And Influence In The Global System books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Good Bye Hegemony Power And Influence In The Global System books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Good Bye Hegemony Power And Influence In The Global System books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Good Bye Hegemony Power And Influence In The Global System versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Good Bye Hegemony Power And Influence In The Global System books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Good Bye Hegemony Power And Influence In The Global System books and manuals, several platforms offer an extensive collection of resources. One such platform is Project

Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Good Bye Hegemony Power And Influence In The Global System books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Good Bye Hegemony Power And Influence In The Global System books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Good Bye Hegemony Power And Influence In The Global System books and manuals for download and embark on your journey of knowledge?

FAQs About Good Bye Hegemony Power And Influence In The Global System Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Good Bye Hegemony Power And

Influence In The Global System is one of the best book in our library for free trial. We provide copy of Good Bye Hegemony Power And Influence In The Global System in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Good Bye Hegemony Power And Influence In The Global System. Where to download Good Bye Hegemony Power And Influence In The Global System online for free? Are you looking for Good Bye Hegemony Power And Influence In The Global System PDF? This is definitely going to save you time and cash in something you should think about.
