

Good Governance And Development

Ali Farazmand

Good Governance And Development:

Democracy, Good Governance and Development in Africa Munyaradzi Mawere, R. Mwanaka, 2015-10-24 Questions surrounding democracy governance and development especially in view of Africa have provoked acrimonious debates in the past few years. It remains a perennial question why some decades after political independence in Africa the continent continues experiencing bad governance lagging behind socio economically and its democracy questionable. We admit that a plethora of theories and reasons including iniquitous and maledictious ones have been conjured in an attempt to explain and answer the questions on why Africa seems to be lagging behind other continents in issues pertaining to good governance democracy and socio economic development. Yet none of the theories and reasons proffered so far seems to have provided enduring solutions to Africa's diverse complex problems and predicaments. This book dissects and critically examines the matrix of Africa's multifaceted problems on governance democracy and development in an attempt to proffer enduring solutions to the continent's long standing political and socio economic quandaries and hitches. Contributions are by African scholars and researchers from different disciplinary orientations and countries. Grounded in empirical reality as well as the lived experiences of the contributors, the book is an invaluable asset for social scientists, development practitioners, politicians and civil society activists.

Promoting Good Governance, Development and Accountability S.

Brown-Shafii, 2011-04-28 In addressing the politics of the international regulation of public procurement, this book fills a major gap in the literature. Brown Shafii does this by investigating whether a WTO Agreement can be used to promote good governance, development and accountability.

Is Good Governance Good for Development? Anisuzzaman (Anis)

Chowdhury, 2012-08-02 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. While good governance is a worthy goal, this book argues that it is not a prerequisite for economic growth or development. The book exposes the methodological shortcomings of the commonly used governance indicators developed within the World Bank. The authors argue that donors should not impose onerous good governance conditions expecting the developing world to simulate now developed countries. They contend that most poor countries lack the administrative and financial capacity to achieve these reforms or institutions, so donor conditionality often becomes a recipe for failure. In place of grand government reforms aimed at enhancing market efficiency, the book's position is that the reform agenda should target strategic bottlenecks for development and enhance the state's capacity to deal with these disruptions. Bringing together contributions from leading political scientists, political economists and development practitioners, this is the first book to provide a systematic critical perspective on received notions of good governance.

Promoting Good Governance Sam Agere, 2000 This book aims to show that a strong and achieving public service is a necessary condition for a competitively successful nation. The concept of good governance is linked with institutionalised values such as democracy, observance of human rights and greater effectiveness of the public sector.

GOVERNANCE FOR

DEVELOPMENT PARDEEP SAHNI,UMA MEDURY,2002-01-01 This well presented collection with contributions from academics and administrators reflects the growing concern towards the present day practice of governance It focuses on the need for Governance for Sustainable Human Development to manage the country s social as well as economic resources leading to better development founded on four pillars of Accountability Transparency Predictability and Participation It thus calls for unfolding various issues and devising suitable strategies towards humane governance through appropriate political bureaucratic economic and legal reforms Highlighting its theme in the initial chapters in the New Public Management perspective the book goes on to unravel the major administrative loopholes in Indian administration such as lack of transparency and accountability and the stranglehold of corruption all of which lead to human deprivation Later chapters give a synoptic overview of administrative reforms so far undertaken in India and emphasize the effectiveness of governance in establishing appropriate balance in relative roles of public private and civil society organizations rights and responsibilities of politicians bureaucrats and community and economic and social justice The book closes on a positive note strongly reiterating administrative re engineering to meet the challenges of the twenty first century for ensuring a holistic development of the country Recent and real life happenings infused in the text to substantiate arguments make it an interesting reading The book will be of immense use to the students and teachers of public administration social science political science and those who practise public administration It will also be useful to a large number of government departments both at the union and the state levels

Good Governance and Development Brian Smith,2007-08-20 An exploration of the implications of the good governance agendas for developing and newly democratized countries The book assesses the good governance agenda and examines the view of the international development agencies Finally it considers the contribution political science can make to an understanding of each dimension of governance

Security and Development in Global Politics Joanna Spear,Paul D. Williams,2012-03-06 Security and development matter they often involve issues of life and death and they determine the allocation of truly staggering amounts of the world s resources Particularly since the start of the wars in Afghanistan and Iraq there has been momentum in policy circles to merge the issues of security and development to attempt to end conflicts create durable peace strengthen failing states and promote the conditions necessary for people to lead healthier and more prosperous lives In many ways this blending of security and development agendas seems admirable and designed to produce positive outcomes all around However it is often the case that the two concepts in combination do not receive equal weight with security issues getting priority over development concerns This is not desirable and actually undermines security in the longer term Moreover there are major challenges in practice when security practitioners and development practitioners are asked to agree on priorities and work together Security and Development in Global Politics illuminates the common points of interest but also the significant differences between security and development agendas and approaches to problem solving With insightful chapter pairings each written

by a development expert and a security analyst the book explores seven core international issues aid humanitarian assistance governance health poverty trade and resources and demography Using this comparative structure the book effectively assesses the extent to which there really is a nexus between security and development and most importantly whether the link should be encouraged or resisted *Governance, Development, and Social Work* Chathapuram S. Ramanathan, Subhabrata Dutta, 2013-08-15 This book explores how many issues related to development and governance including migration disaster management environmental justice peace and security sustainability public private partnerships and terrorism impact the practice of social work It takes a global comparative approach reflecting the global context in which social workers now operate *Governance and Development in India* Seyed Hossein Zarhani, 2018-09-03 The study of the political economy of development in India is significant as India has emerged as one of the fastest growing countries during the last three decades and the rate of economic growth and poverty reduction have not been matched in India's subnational states Although the Union Government has introduced and implemented several economic reforms since 1991 to enhance the economic development the results of implantation have varied Governance and Development in India compares two Indian subnational states Andhra Pradesh and Bihar The book does not consider the state as an aggregate entity rather it disaggregates the state relationally and spatially Concentrating on the micro institutional variables and the role of regional elites the author investigates the political roots of the divergence of development trajectories among India's subnational states since liberalization as an essential aspect of the political economy of development in India The book explores the black box of the multi layered state of India and interactions among the Central Government the states regional leaders and other stakeholders and explains why the regional leaders have pursued divergent economic strategies using the analytical narrative research method and the subnational comparative research method Firmly based on the theoretical foundations of the neo institutional rational choice model of governance polycentric hierarchy theory and the strategies for regional elite strategy analysis combined with empirical research this book is a valuable contribution to the fields of comparative political economy state politics in India governance and development in developing countries and South Asian comparative politics

The Challenge of Good Governance Dev Raj Dahal, 1996 **Governance, Management and Development** David Hulme, Mark Turner, Willy McCourt, 2015-07-20 This fully revised edition of the same authors Governance Administration and Development is the ideal introduction to public management and the policy process in developing countries With a new chapter on issues of law and order it also covers current debates on civil society aid and intervention and the relationship of states and markets **Anatomy of Development** Bikram Pattanaik, 2025-03-20 This book details the fundamentals of development studies by adopting a multi disciplinary approach It presents a balanced mix of economic social political cultural and administrative premises of development and analyzes its theoretical and practical dimensions It also provides insight into the role of the stakeholders of development in different sectors The volume provides a holistic understanding of development

effectively demonstrating how it differs from economic growth Beginning with development theories paradigms and actors involved in the development process this book goes on to explain the concepts of development administration development governance development planning development management and development communication One of the fundamental components of the book is the elucidation of Development Theories classical neoclassical developmental and heterodox theories essential to the discipline of development This book will be useful to undergraduate and postgraduate students researchers teachers of development studies economics sociology political science and public administration It will also be useful to administrators and development administration officials of state and central governments planners policymakers and people working in NGOs in addition to corporate sector functionaries dealing with corporate social responsibilities and those handling developmental issues and challenges

Global Encyclopedia of Public Administration, Public Policy, and Governance Ali Farazmand, 2023-04-05 This global encyclopedic work serves as a comprehensive collection of global scholarship regarding the vast fields of public administration public policy governance and management Written and edited by leading international scholars and practitioners this exhaustive resource covers all areas of the above fields and their numerous subfields of study In keeping with the multidisciplinary spirit of these fields and subfields the entries make use of various theoretical empirical analytical practical and methodological bases of knowledge Expanded and updated the second edition includes over a thousand of new entries representing the most current research in public administration public policy governance nonprofit and nongovernmental organizations and management covering such important sub areas as 1 organization theory behavior change and development 2 administrative theory and practice 3 Bureaucracy 4 public budgeting and financial management 5 public economy and public management 6 public personnel administration and labor management relations 7 crisis and emergency management 8 institutional theory and public administration 9 law and regulations 10 ethics and accountability 11 public governance and private governance 12 Nonprofit management and nongovernmental organizations 13 Social health and environmental policy areas 14 pandemic and crisis management 15 administrative and governance reforms 16 comparative public administration and governance 17 globalization and international issues 18 performance management 19 geographical areas of the world with country focused entries like Japan China Latin America Europe Asia Africa the Middle East Russia and Eastern Europe North America and 20 a lot more Relevant to professionals experts scholars general readers researchers policy makers and manger and students worldwide this work will serve as the most viable global reference source for those looking for an introduction and advance knowledge to the field

Development and trade Great Britain: Parliament: House of Commons: International Development Committee, 2007-12-04 The changes in the machinery of government announced in June 2007 led to this assessment of the place of the Department for International Development DFID in trade policy structures and how this area could be best managed across government The inquiry also followed up on the report Conflict and development peacebuilding and post

conflict reconstruction HC 923 I 2005 06 and the responsibility of the former Department of Trade and Industry in relation to the regulation of activities of UK companies operating in developing countries Although the reaction to the changes in the machinery of government are broadly positive there are reservations about complexity unclear lines of accountability and new layers of bureaucracy The increase in the number of DFID ministers is welcomed but there are concerns that the brief of the Trade Policy Minister might be too wide

Decentralisation, Local Governance and Development: An Aspect of Development Akampurira Abraham, 2013-09 Communities need a holistic approach to address the problems that affect the people at the grass root The planning of the direct beneficiaries involves decentralization in order to allow the lower power centers to widely take part in the development of society Concerns of the grass root people form the need for decentralization and local governance People's involvement in the planning on the village level and all local government units makes the identification and solving of the problem easier High participatory levels of all the people especially the marginalized encourages innovation to source for the appropriate solutions to the common problems that face society It therefore calls a decentralized system that caters for the voters preferences while providing for their services The people's concerns call for local planning and the transfer of power to the public so that services are brought nearer to the people This study will cover the aspects of local government and decentralization such as good governance democratization civil society deconcentration devolution and delegation and its relation to the development of societies

Governing Development Across Cultures R. B. Jain, 2007 The book is a critical examination and appraisal of the status methodology and likely future trends of the emerging sub discipline of Governing Development within the broader discipline of political science leading to the application of Good Governance in the administration and development of the newly emerged nations during the later half of the twentieth century From the Contents Bureaucracy development and governance The conceptual evolution of a sub discipline R B Jain Public administration bureaucracy and development in the Third World Vidu Soni Public Administration to Good Governance in Developing Countries Good governance Select world perspectives Renu Khator Good Governance An American Perspective in the Global Context Hartmut Elsenhans Good governance as a means of taming the rent in newly industrialised countries A German political economy perspective Micheal Pinto Duschinsky The Bad Government of Good Government Some Problems of Civil Society Organizations Promoting Good Governance O P Dwivedi In the matter of good governance A non Western perspective Lenneal J Henderson Good governance and public administration A citizen capacity building model for Latin America Keshav C Sharma Towards Good Governance in Africa Governing development Status methodology and future trends R B Jain In conclusion Governing development the emerging sub discipline in political science Status methodology and future trends

Good Governance in Economic Development Sarah Biddulph, Ljiljana Biuković, 2019-10-01 Globally isolationism and protectionism are on the rise and resurgent authoritarian nations are reasserting the centrality of the sovereign state And with China's influence around the world intensifying the dynamic

interrelationship of the national and supranational in shaping norms of good governance has become increasingly relevant Good Governance in Economic Development critically examines the ways in which transparency and accountability mechanisms are incorporated or reflected in international trade finance and investment regimes It also explores the Chinese state s engagement with these norms shedding new light not only on how the principles of transparency accountability and public participation are applied within China but also on the ability of China to affect international rules Through close analysis of how norms are adapted locally the contributors offer insights into the global and national implications of international good governance rules Contemporary Journal of Education and Business (CJEB) ,2024-07-02 The Contemporary Journal of Education and Business CJEB is bi annual professional publication that publishes information views opinions and well researched articles in contemporary issues in education and business These scholarly articles are useful for scholars students researchers business executives educators and business practitioners The articles published observe to high quality and context that the Editorial Board believes would be a significant contribution to the international community of scholars and readers Governance for the Millennium Development Goals ,2007 This book is one of the background documents for the debate on democratic and good governance Its aim is to provide interested governments and policy makers with the theoretical and practical tools leading to successful completion of the United Nations Millennium Development Goals and to show how this endeavor can subsequently be transformed into good governance Foreword

Handbook of Research on Sustainable Development Goals, Climate Change, and Digitalization Castanho, Rui Alexandre,2021-11-12 In recent years the world has been changing considerably Within the many obstacles barriers and opportunities three significant challenges should be considered for the future planning of our territories and cities seeking to achieve Sustainable Development Goals SDG facing climate change and performing a shift towards digitalization Considering these three challenges we can work toward a more sustainable future for the environment The Handbook of Research on Sustainable Development Goals Climate Change and Digitalization elaborates on sustainability issues in the planning and development field regarding the environment This text promotes understanding about the dynamics challenges and opportunities for the new decade regarding our common future planning Covering topics such as circular economy economic ecological principles and sustainable resilience this book is essential for academicians researchers policymakers environmentalists scientists technicians decision makers practitioners and students
