Screen World has been the film professional's as well as the film buff's favorite and indispensable annual screen resource full of all the necessary statistics and facts. Now Screen World editor Barry Monush has compiled another comprehensive work for every film lover's library. In the first of two volumes, this book chronicles the careers of every significant film actor from the earliest silent screen stars Chaplin, Pickford, Fairbanks to the mid 1960s when the old studio and star systems came crashing down. Each listing includes a brief biography, photos from the famed Screen World archives with many rare shots, vital statistics, a comprehensive filmography, and an informed, entertaining assessment of each actor's contributions, good or bad. In addition to every major player, Monush includes the legions of unjustly neglected troupers of yesteryear. The result is a rarity: an invaluable reference tool that is as much fun to read as a scandal sheet. It pulsates with all the scandal, glamour, oddity, and glory that was the lifeblood of its subjects. Contains over 1,000 photos. *Forest and Stream*, 1903.
