Good Study Guide By Northedge:

The Good Study Guide Andrew Northedge, 2005-01-01 Developing your learning skills is one of the best investments you can make. We all need to be lifelong learners now. Whether you are an experienced student or just starting out, this book will stimulate, guide and support you. It will make you think about yourself and how your mind learns. And it will change forever the way that you study. Topics include: motivating yourself and managing your time; taking full advantage of your computer; reading with concentration and understanding; developing flexible note-taking strategies; getting the most from seminars and workshops; making presentations; researching online; handling numbers and charts with confidence; writing clear, well-argued assignments; doing yourself justice in exams. For more information go to www.goodstudyguide.co.uk **500 Tips for Tutors** Sally Brown, Phil Race, 2013-01-11 This book presents over 500 practical suggestions designed to help tutors establish active learning amongst their students. Divided into useful sections, the tips cover the entire range of teaching and learning situations and comprise a start anywhere dip-in resource suitable for both the newcomer and the old hand. Intended mainly for the university or college lecturer involved in learner-centred learning, this resource offers fresh ideas and food for thought on six broad areas of the job: getting the students going; starting off and working together; the programme itself; lectures, assignments and feedback; helping students to learn from resources; assessment demonstrating evidence of achievement; skills for career and life in general. This lively and stimulating book will prove invaluable to lecturers, tutors, teachers, trainers and staff developers. *Studying at a Distance: a Guide for Students* Christine Talbot, 2016-03-16 This authoritative book has supported thousands of distance learners providing accessible support and friendly advice for their studies. This essential guide provides practical help for anyone who is embarking on a distance learning course. Ideal for those who have not previously studied at a distance or for students returning to study after a break, it covers fundamental issues such as motivation, goal setting, time management and coping strategies. The fourth edition includes: How to understand the distance learning experience and what your institution expects of its distance learners; The practicalities of learning at a distance including how to get support when you need it; Updated information on the use of new technologies in distance learning including mobile learning; Tips and advice on doing a research project at a distance; Coverage of key study skills including reading and note making; completing written assignments; developing critical analysis skills and avoiding plagiarism; Support for international students in understanding how to make the most of studying remotely at a UK Higher Education institution. Hallmark features of this book are the comments and advice offered by students and tutors sharing their own experiences of distance learning. It also includes comprehensive self-study activities that highlight the element of active learning that is crucial to successful studying at a distance. *Studying at a Distance* 4th edition is a key resource for undergraduates and postgraduates in all open and distance learning or e-learning courses. *Learning how to learn* The Open University, 1984-01-01 This 6-hour free course explored how to make the process of learning more effective by applying

various ideas and activities to your own study **Key skill assessment unit: Information literacy** The Open University, This 50 hour free course showed how to develop and adapt skills in information literacy meaning how to locate information evaluate and present it Key skill assessment: Improving your own learning and performance The Open University, This 50 hour free course provided guidance on how to learn showing how existing skills can be assessed improved and adapted to serve new situations **Key skills assessment unit: Application of number** The Open University, This 50 hour free course provided tuition on the development of numerical and mathematical skills and how these can be put to use in a range contexts **Key skill assessment unit: Information technology** The Open University, This 50 hour free course looked at the evaluation of personal IT skills and how they can be improved and or adapted for use in different IT contexts **Key skill assessment: Communication** The Open University, This 50 hour free course gave guidance on the self assessment of personal communication skills and how they can be developed to build self confidence **Key skill assessment unit: Working with others** The Open University, This 50 hour free course explored the wide range of skills needed to work with other people such planning and listening evaluation and negotiation **Key skill assessment unit: Problem solving** The Open University, This 50 hour free course taught the skills of problem solving such as initial recognition and evaluation and the defining of an acceptable solution **Studying At A Distance** Talbot, Christine,2010-08-01 This guide offers practical help and encouragement for those who have not studied at a distance Suitable for those who may be returning to study after a gap of some years the activities are part of the guide and introduce the element of active learning typical of studying at a distance *The Student Skills: Guide* Sue Drew,Rosie Bingham,2018-02-05 This title was first published in 2001 This guide in its second edition outlines key skills for students with new sections on reflecting on your experience critical analysis learning styles and successful participation in seminars and meetings **More working with charts, graphs and tables** The Open University, Studying this 15 hour free course enabled you to build on skills of interpreting information represented in charts graphs and tables **Essay and report writing skills** The Open University, Writing reports and assignments can be a daunting prospect Learn how to interpret questions and how to plan structure and write your assignment or report This free course Essay and report writing skills is designed to help you develop the skills you need to write effectively for academic purposes *How to Get a Good Degree* Phil Race,2007-12-16 How can I ensure my hard work pays off How should I integrate new technologies into my study habits How can I study strategically and avoid going off at a tangent Are you motivated to succeed at university but unsure how to achieve your full potential This book will help to unlock the secrets to getting a good degree and all the benefits that can come from it A strong degree opens up career choices and enhances earning potential The world is your oyster More than anything else a good degree brings freedom to choose to change direction and to follow up exciting options Whether you go on to further study or not people will still look at whether your first degree was a good one Based on student suggestions the author has thoroughly revised the structure and content of the

book to address key issues such as Best use of time Developing effective study habits Finding the best learning resources How and when to use different writing styles Feedback and how to get extra help The use of electronic sources Virtual learning environments Avoiding plagiarism Dealing with personal problems and where to seek advice If you are an undergraduate this book will help you to reap the rewards for the time and investment you expend while studying for your degree

Study Skills Roy Johnson, 1996 This is a guide to all the skills required when studying in further and higher education The guidance notes may be used as a programme of advice or as a source of reference It includes advice on time management work planning preparing and writing essays reading skills how to generate ideas how to write more fluently the use of computer technology and how to enhance the structure of work by planning and creating multiple drafts It also includes useful suggestions on revision examinations and working in seminars and tutorials
