## Golden Age Czech Literature Series:

*The Golden Age (Czech Literature Series)* Michal Ajvaz, 2010-04-20 Heir to the philosophical fantastical tradition of Borges Calvino and Perec *The Golden Age* is Michal Ajvaz's greatest and most ambitious work *The Golden Age* is a fantastical travelogue in which a modern day Gulliver writes a book about a civilization he once encountered on a tiny island in the Atlantic The islanders seem at first to do nothing but sit and observe the world and indeed draw no distinction between reality and representation so that a mirror image seems as substantial to them as a person and vice versa but the center of their culture is revealed to be *The Book* a handwritten collective novel filled with feuding royal families murderous sorcerers and narrow escapes Anyone is free to write in *The Book* adding their own stories crossing out others or even appending footnotes in the form of little paper pouches full of extra text but of course there are pouches within pouches so that the story is impossible to read in order and soon begins to overwhelm the narrator's orderly treatise

**The Condensed American Cyclopaedia** George Ripley, Charles Anderson Dana, 1877 *The Coasts of Bohemia* Derek Sayer, 2020-06-30 In *The Winter's Tale* Shakespeare gave the landlocked country of Bohemia a coastline a famous and to Czechs typical example of foreigners ignorance of the Czech homeland Although the lands that were once the Kingdom of Bohemia lie at the heart of Europe Czechs are usually encountered only in the margins of other people's stories In *The Coasts of Bohemia* Derek Sayer reverses this perspective He presents a comprehensive and long needed history of the Czech people that is also a remarkably original history of modern Europe told from its uneasy center Sayer shows that Bohemia has long been a theater of European conflict It has been a cradle of Protestantism and a bulwark of the Counter Reformation an Austrian imperial province and a proudly Slavic national state the most easterly democracy in Europe and a westerly outlier of the Soviet bloc The complexities of its location have given rise to profound and often profoundly comic reflections on the modern condition Franz Kafka Jaroslav Hasek Karel Capek and Milan Kundera are all products of its spirit of place Sayer describes how Bohemia's ambiguities and contradictions are those of Europe itself and he considers the ironies of viewing Europe the West and modernity from the vantage point of a country that has been too often ignored *The Coasts of Bohemia* draws on an enormous array of literary musical visual and documentary sources ranging from banknotes to statues museum displays to school textbooks funeral orations to operatic stage sets murals in subway stations to censors indexes of banned books It brings us into intimate contact with the ever changing details of daily life the street names and facades of buildings the heroes figured on postage stamps that have created and recreated a sense of what it is to be Czech Sayer's sustained concern with questions of identity memory and power place the book at the heart of contemporary intellectual debate It is an extraordinary story beautifully told

Origins of the Czech National Renaissance Hugh LeCaine Agnew, 1994-06-15 With the fall of socialism in Europe the former East bloc nations experienced a rebirth of nationalism as they struggled to make the difficult transition to a market based economy and self governance The dissolution of Czechoslovakia in particular underscored the power of ethnic identity

and ancestral loyalties Hugh Agnew develops the argument that Czechoslovakia's celebrated national revival of the mid eighteenth century has its intellectual roots in the Enlightenment and defined the nation's character and future development. He describes how intellectuals in eighteenth century Bohemia and Moravia the patriotic intelligentsia used their discovery of pre seventeenth century history and literature to revive the antiquated Czech vernacular and cultivate a popular ethnic consciousness. Agnew also traces the significance of the intellectual influences of the wider Slavic world whereby Czech intellectuals redefined their ethnic and cultural heritage. *Origins of the Czech National Renaissance* contributes to a renewed interpretation of a crucial period in Czech history. *Slavistic Printings and Reprintings* René Wellek, 1963 **Faulkner at Fifty** Marie Liénard-Yeterian, Gérald Préher, 2014-05-02 2012 commemoration ceremonies included strange bedfellows as the year marked the 50th anniversary of the deaths of both Marilyn Monroe and William Faulkner. The Faulkner commemoration events were an opportunity for scholars to honor not just the memory of the writer but also the memory of dear departed members of the Faulkner community a community of past readers and lovers of Faulkner's oeuvre. Divided into three parts this collection first focuses on ways of teaching Faulkner and then endeavors to show how the Mississippi writer made use of his knowledge of other writers to give shape to his craft and later help others. The last section puts Faulkner into perspective by bringing together new ways of reading his works and new voices that echo his. The twenty first century shows how Faulkner's fiction can be dislodged from its traditional moorings dislocated and placed in movement and transformed and tutored into new meanings and significance. This volume is a tribute to the memory of Noel Polk Andr Bleikasten and Michel Gresset pioneers in charting the course of the Faulkner journey. **A Short Survey of Czech Literature** František Chudoba, 1924 *Whose Love of Which Country?* Balázs Trencsényi, Márton Zászkaliczky, 2010 The volume stemming from the long term cooperation of scholars working on East Central European intellectual history discusses the patterns of patriotic and national identification in the light of the multiplicity of levels of ethnic cultural and political allegiances characterizing this region in the early modern period. *Panorama of Czech Literature*, 1988 *The Slavonic Review*, 1922

**The Slavonic and East European Review**, 1923 Includes section Reviews *Culture and Customs of the Czech Republic and Slovakia* Craig Cravens, 2006-08-30 The Czech Republic is a red hot European destination and the charms of Slovakia are slowly being discovered by Westerners as well. The two countries share fundamental similarities in language and culture but they never really managed to create a common national Czechoslovak identity after being merged in 1918 when the Austro Hungarian Empire collapsed. With the lifting of the Iron Curtain in 1989 through the Velvet Revolution and the final breakup of Czechoslovakia in to two countries in 1993 this up to date substantive insight is much needed. This volume overviews the current social cultural and political scene of both countries so that general readers come away with a solid understanding of where the Czechs and Slovaks have been and where they are going. The land people and history chapter lays the groundwork for the rest of the narrative. In the chapter on religion and thought the reasons for the widespread

atheism of the Czechs and the contrasting religiosity of the Slovaks are explained Both peoples are shown to have relaxed attitude toward life and a love of celebrations with a strong beer culture The state of women and family and feminism in the post Soviet era is also discussed and readers will learn about the role of romance novels and the Czech Cosmopolitan The literature chapter emphasizes the Czech sense of humor and the lack of translations of Slovakian works The crises in journalism and cinema are other important topics Finally the strong traditions of theater and music which have always been part of the Czech national consciousness are seen to be as alive and vibrant as in any place in the world *Czech Literature Since 1956* William Edward Harkins, Paul I. Trensky, 1980 **The Czech Reader** Jan Bažant, Nina Bažantová, Frances Starn, 2010-12-13 Frances Starn is a writer living in Berkeley California Book Jacket **Encyclopedia of German Literature** Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings **Czech Lands, Part 1** Lucie Storchová, 2020-09-07 The Companion to Central and Eastern European Humanism The Czech Lands is the first reference work on humanists and their literary activities in this region to appear in English It provides biographical and bibliographical data about humanist literary life between c 1480 and 1630 in two volumes organised alphabetically by authors names This first volume includes three introductory chapters together with more than 130 biographical entries covering the letters A L and a complete overview of the most recent research on humanism in Central Europe The interdisciplinary research team behind this Companion paid particular attention to local approaches to the classical tradition to humanistic multilingualism and to Bohemian authors participation in European scholarly networks The Companion is a highly relevant resource for all academics who are interested in humanism and the history of early modern literature in Central Europe Catholic Encyclopedia ,1908 **A Feminist's Semiotic Odyssey Through Czech Literature** Bronislava Volková, 1997 Themes include authors attitudes to relationships between women and men the images of women in both older and contemporary Czech literature nationalistic biases issues of responsibility active versus passive approach to life new visions added to European culture by Czech authors like J A Comenius K H Macha B Nemcova J Hasek K Capek O Brezina J Seifert B Hrabal M Kundera L Vaculik and others **The Catholic Encyclopedia: Cland-Diocesan** ,1908 *The Catholic Encyclopedia* Charles George Herbermann, 1908
