Motivating Self and Others Martin E. Ford, Peyton R. Smith, 2020-10-22 This book describes the essential nature of human motivation by integrating the best ideas and evidence from motivational and evolutionary science In doing so the authors explain how the cultivation of goal life alignment and thriving with social purpose motivational patterns can inspire optimal functioning and enhance life meaning Readers are provided with a comprehensive framework for guiding research and intervention efforts along with motivational principles designed to summarize the major themes in effective efforts to motivate yourself and those you wish to help or encourage Special emphasis is placed on the importance of life meaning in empowering our motivational systems and protecting us from downward spirals of disappointment and suffering Compelling evidence is provided to support the view that social purpose is as fundamental as self interest in human motivational systems The authors also focus on the catalytic role of social purpose in enabling humans to soar above all other species
