The Chinese classics with a translation, critical and exegetical notes, prolegomena, and copious indexes James Legge, 1861 *The Chinese Classics: with a Translation, Critical and Exegetical Notes, Prolegomena, and Copious Indexes ; in Seven Volumes* James Legge, 1861 **An Anthology of Chinese Discourse on Translation (Volume 1)** Martha Pui Yiu Cheung, Lin Wusun, 2014-06-03 Translation has a long history in China Down the centuries translators interpreters Buddhist monks Jesuit priests Protestant missionaries writers historians linguists and even ministers and emperors have all written about translation and from an amazing array of perspectives Such an exciting diversity of views reflections and theoretical thinking about the art and business of translating is now brought together in a two volume anthology The first volume covers a time frame from roughly the 5th century BCE to the twelfth century CE It deals with translation in the civil and government context and with the monumental project of Buddhist sutra translation The second volume spans the 13th century CE to the Revolution of 1911 which brought an end to feudal China It deals with the transmission of Western learning to China a translation venture that changed the epistemological horizon and even the mindset of Chinese people Comprising over 250 passages most of which are translated into English for the first time here the anthology is the first major source book to appear in English It carries valuable primary material allowing access into the minds of translators working in a time and space markedly different from ours and in ways foreign or even inconceivable to us The topics these writers discussed are familiar But rather than a comfortable trip on well trodden ground the anthology invites us on an exciting journey of the imagination [Christian Literature in Chinese Contexts](#) John T. P. Lai, 2019-12-20 Christianity in China has a history dating back to the Tang Dynasty 618 907 CE when Allopen the first Nestorian missionary arrived there in 635 In the late sixteenth century Matteo Ricci together with other Jesuit missionaries commenced the Catholic missions to China Protestant Christianity in China began with Robert Morrison of London Missionary Society who first set foot in Canton in 1807 Over the centuries the Western missionaries and Chinese believers were engaged in the enterprise of the translation publication and distribution of a large corpus of Christian literature in Chinese While the extensive distribution of Chinese publications facilitated the propagation of Christianity the Christian messages have been subtly re presented re appropriated and transformed by these works of Chinese Christian literature This Special Issue entitled Christian Literature in Chinese Contexts examines the multifarious dimensions of the production translation circulation and reception of Christian literature with Christian and literature in their broadest sense against the cultural and sociopolitical contexts from the Tang period to modern China The eight articles in this volume cover a variety of intriguing topics including the literary translation endeavors of Western missionaries in Chinese the indigenous works of the Chinese Christians the interaction between the Christian and Chinese literary traditions Chinese reception of the Bible and numerous other relevant concepts **Chinese Discourses on Translation** Martha Pui Yiu Cheung, 2014-04-30 Discourse on translation at once a term referring to any text

The author has integrated framing theory in journalism studies with translation studies and developed a new theoretical model framework named Transframing. This interdisciplinary model is pioneering and will make theoretical and conceptual contributions to translation studies. This book aims to reveal ideological, sociocultural and linguistic factors creating media discourse by examining Chinese media discourse in comparison to its counterpart in English. Through the analysis of both quantitative and qualitative methods, it is concluded that the transframing model can be applied to interpreting, describing, explaining as well as predicting the practice of news translation **The Chinese Classics** James Legge, 1861 **The Routledge Encyclopedia of Traditional Chinese Culture** Sin-wai Chan, 2019-12-06 The Routledge Encyclopedia of Traditional Chinese Culture offers an in-depth discussion of cultural aspects of China from the ancient period to the pre-modern era lasting over 5 000 years comprised of 7 000 word pieces by more than 20 world leading academics and experts. Dr Lim is an outstanding thinker and an authority on Confucian history of Singapore. His thoughts on Confucianism represent the fusion of Confucianism and Christianity which is unique in the history of Confucianism. This book is a compilation of articles published from 1904 to 1917 and is the most representative of Dr Lim's thoughts on Confucianism. Written in a simple and accessible manner, this book will be of interest to anyone interested in knowing more about Confucianism. This book is the first bilingual version, English and Chinese, on Dr Lim Boon Keng's thoughts on Confucianism *The Academy* , 1901 **Chinese for Every One ...** Herbert Richmond Wells, 1938 *The Chinese Translation of Russian Literature* Mark Gamsa, 2008-08-31 The important place of Russian literature in China is widely acknowledged. To better understand the processes of its translation, transmission and interpretation during the first half of the 20th century, this book draws on an array of Chinese and Russian sources providing insight into the interplay of political ideologies, cultural trends, commercial

forces and the self definition of Chinese culture in the period under consideration By focusing on the translation and translators of three writers Boris Savinkov Mikhail Artsybashev and Leonid Andreev it analyzes the critical fortune in China of the modernist literature written in Russia during the two decades preceding the Great War and Revolution Offering a thorough study of Lu Xun the most important Chinese author of the 20th century as a reader translator and interpreter of Russian literature this book also displays the variety of the groups and persons involved in the introduction of foreign literature going beyond shopworn generalizations about East and West to make meaningful statements about a complex period in Chinese history *Researches Into Chinese Superstitions* Henri Doré,1916 **Modern Chinese**

Counter-Enlightenment Peng Hsiao-yen,2023-06-06 In *Modern Chinese Counter Enlightenment Affect Reason and the Transcultural Lexicon* Peng Hsiao yen argues that a trend of Counter Enlightenment had grown from the late Qing to the May Fourth era in the 1910s to the 1920s and continued to the 1940s She demonstrates how Counter Enlightenment was manifested with case studies such as Lu Xun s writings in the late 1900s the Aesthetic Education movement from the 1910s to 1920s and the Science and Lifeview debate in the 1920s During the period the life philosophy movement highlighting the epistemic debate on affect and reason is connected with its counterparts in Germany France and Japan The movement had widespread and long term impact on Chinese philosophy and literature Using the transcultural lexicon as methodology this book traces how the German term *Lebensanschauung* lifeview a key concept in Rudolf Eucken s life philosophy constituted a global tide of Counter Enlightenment that influenced the thought of leading Chinese intellectuals in the Republican era Peng contends that Chinese intellectuals transcultural connections with others in the philosophical pursuit of knowledge triggered China s self transformation She has successfully reconstructed the missing link in the Chinese theater of the worldwide dialectic of Enlightenment and Counter Enlightenment This book can be considered a milestone in modern Chinese and cultural studies It is also the most ambitious attempt in developing a new kind of interdisciplinary studies an attempt that bears a philosophic weight and cuts across the disciplines of Sinology comparative literature intellectual history and translation studies At the same time it seeks to demonstrate a new theory of Transcultural Lexicon which should appeal to all scholars interested in cultural theories Leo Ou fan Lee Chinese University of Hong Kong In the age ruled by the myth of technoscientific triumphalism this timely and refreshing book unearths a critical strand of thought and sensibility against enlightenment rationality in modern China Drawing on historical archives and debates Peng Hsiao yen stages a compelling critique of industrial modernity and the pursuit of wealth and power at the cost of emotional ties community and organic lifeways Ban Wang Stanford University **Chinese Affairs ...** ,1921 *The Chinese Classics with a Translation, Critical and Exegetical Notes, Prolegomena, and Copious Indexes* by James Legge ,1872 *Dao Companion to Chinese Buddhist Philosophy* Youru Wang,Sandra A. Wawrytko,2019-01-31 Too often Buddhism has been subjected to the Procrustean box of western thought whereby it is stretched to fit fixed categories or had essential aspects lopped off to accommodate vastly

different cultural norms and aims After several generations of scholarly discussion in English speaking communities it is time to move to the next hermeneutical stage Buddhist philosophy must be liberated from the confines of a quasi religious stereotype and judged on its own merits Hence this work will approach Chinese Buddhism as a philosophical tradition in its own right not as an historical after thought nor as an occasion for comparative discussions that assume the west alone sets the standards for or is the origin of philosophy and its methodologies Viewed within their own context Chinese Buddhist philosophers have much to contribute to a wide range of philosophical concerns including metaphysics epistemology ethics philosophy of language philosophy of mind and philosophy of religion even though Western divisions of philosophy may not exhaust the rich contents of Chinese Buddhist philosophy *L. Richard's ... Comprehensive Geography of the Chinese Empire and Dependencies ... Translated Into English, Revised and Enlarged* Louis Richard,1908
