Why Can't Church Be More Like an AA Meeting? Stephen R. Haynes, 2021-10-26 Do Christians need recovery Or is recovery something needed by the church itself Addiction whether to a substance or to a behavior is a problem within faith communities just like it is everywhere else But because churches are rarely experienced as safe places for dealing with addiction co addiction or the legacy of family dysfunction Christians tend to seek recovery from these conditions in Twelve Step fellowships Once they become accustomed to the ethos of vulnerability acceptance and healing that these fellowships provide however they are often left feeling that the church has failed them with many asking why can't church be more like an AA meeting Inspired by his own quest to find in church the sort of mutual support and healing he discovered in Twelve Step fellowships Stephen Haynes explores the history of Alcoholics Anonymous and its relationship to American Christianity He shows that while AA eventually separated from the Christian parachurch movement out of which it emerged it retained aspects of Christian experience that the church itself has largely lost comfort with brokenness and vulnerability an emphasis on honesty and transparency and suspicion toward claims to piety and respectability Haynes encourages Christians to reclaim these distinctive elements of the Twelve Step movement in the process of recovering church He argues that this process must begin with he calls Step 0 which as he knows from personal experience can be the hardest step the admission that despite appearances we are not fine

Repackaging Christianity Andrew Atherstone, 2022-07-21 The story of Alpha is of major significance for understanding the place of religious faith in the modern world but that story has never been told until now Since its launch in 1993 the Alpha movement has evolved from supper party evangelism in the Kensington suburbs

into a global brand of Christian outreach Today over a million people attend Alpha every year but the history of its rise to popularity has never been documented What caused such spiritual renewal in an age of scepticism And what propelled Alpha into a phenomenon that is recognised across the globe Alpha is far more than an introductory course to Christianity At the core of its brand identity is a repackaging of the Christian message for contemporary audiences Innovation and cultural adaptability are built into Alpha s DNA one of the chief reasons for its longevity and influence Nimble utilising the multimedia and digital revolutions it has contextualised into cultures and languages across the planet And led by charismatic savvy individuals it has attracted people from across the social spectrum making waves in national media Andrew Atherstone leaves no stone unturned as he presents this fascinating history With exclusive access to original archives Atherstone recounts the miraculous stories of HTB s early years the first full account of Nicky Gumbel s conversion and the strategic decisions that launched Alpha onto the global stage of Christian influence With sharp historical analysis Andrew Atherstone uncovers the story of Christian resurgence in our contemporary age **Black Madonna** Courtney Hall Lee,2017-09-18 The figure of the Virgin Mary comes loaded with baggage and preconceptions She is usually depicted as the perfect obedient and highly esteemed woman much like the Victorian notion of the angel in the house For many black women nothing could be more inaccessible This book considers the relationship between African American women and Mary of Nazareth After examining the history of black American motherhood during slavery and beyond this book then gives an overview of the existing views of Mary in both the church and the academy Lee then brings African American women and Mary together creating a womanist Mariology by using womanist biblical and theological interpretation as well as considering black motherhood during the age of Black Lives Matter **Mountain Top Life Daily Devotional** Dr. D. K. Olukoya,2017-02-08 Life changing encounter with the God that answers by fire through a daily devotional Its enriching and edifying **We Walk** Amy S. F. Lutz,2020-10-15 In this collection of beautiful and raw essays Amy S F Lutz writes openly about her experience the positive and the negative as a mother of a now twenty one year old son with severe autism Lutz s human emotion drives through each page and challenges commonly held ideas that define autism either as a disease or as neurodiversity We Walk is inspired by her own questions What is the place of intellectually and developmentally disabled people in society What responsibilities do we as citizens and human beings have to one another Who should decide for those who cannot decide for themselves What is the meaning of religion to someone with no abstract language Exploring these questions We Walk directly and humanly examines social issues such as inclusion religion therapeutics and friendship through the lens of severe autism In a world where public perception of autism is largely shaped by the quirky geniuses featured on television shows like The Big Bang Theory and The Good Doctor We Walk demands that we center our debates about this disorder on those who are most affected by its impacts *Everyday Sabbath* Paul D. Patton,Robert H. Woods Jr.,2021-08-04 The authors writing as scholars of communication and media demonstrate how God s great gifts of media and technology can rob us of

everyday Sabbath and impede spiritual growth if not faithfully stewarded through a process described as mindful media attachment Mindful media attachment helps to promote the holy habits of sacred intentionality sacred interiority and sacred identity These three sacreds which arise from a proper understanding of the grammar and language of media and technology ultimately allow us to avoid treating media and technology as ends in and of themselves and to avoid divided affections that drain energy purpose and kingdom service

Reason to Return Ericka Andersen, 2023-01-17 Do you really need church to have a relationship with God Church can produce all kinds of automatic reactions depending on your past experiences Perhaps your family was actively involved in church or maybe your experience was limited to attending on the occasional holiday Is it a place you associate with feelings of shame or joy Does it bring anxiety or do you have fond memories Few people are neutral on the subject of church Are you one of the 16 million American women who have left the church in the last decade There are many reasons for this exodus Many women who leave the church especially those who still consider themselves to be Christians desire a closer relationship with God and a deeper spiritual life What they may not realize is that the imperfect churches of their pasts might be keeping them from meeting those deep spiritual longings today In Reason to Return Ericka Andersen delves into the reasons why women are leaving church in droves With gentle insight and thoughtful research she invites Christian women who are hurt or disillusioned by the churches of their pasts to fulfill their unmet spiritual longings for God and community and consider what the church might still have to offer them

The Making of American Catholicism Michael J. Pfeifer, 2021-01-12 Traces the development of Catholic cultures in the South the Midwest the West and the Northeast and their contribution to larger patterns of Catholicism in the United States Most histories of American Catholicism take a national focus leading to a homogenization of American Catholicism that misses much of the local complexity that has marked how Catholicism developed differently in different parts of the country Such histories often treat

northeastern Catholicism such as the Irish Catholicism of Boston as if it reflects the full history and experience of Catholicism across the United States The Making of American Catholicism argues that regional and transnational relationships have been central to the development of American Catholicism The American Catholic experience has diverged significantly among regions if we do not examine how it has taken shape in local cultures we miss a lot Exploring the history of Catholic cultures in New Orleans Iowa Wisconsin Los Angeles and New York City the volume assesses the role of region in American Catholic history carefully exploring the development of American Catholic cultures across the continental United States Drawing on extensive archival research The Making of American Catholicism argues that American Catholicism developed as transnational Catholics creatively adapted their devotional and ideological practices in particular American regional contexts They emphasized notions of republicanism individualistic capitalism race ethnicity and gender resulting in a unique form of Catholicism that dominates the United States today The book offers close attention to race and racism in American Catholicism including the historical experiences of African American and Latinx Catholics as well as Catholics of European descent
