Good Line For The Wordhumsafar:

Cosmopolitan Sexuality Ahonaa Roy, 2023-02-16 *Cosmopolitan Sexuality* articulates the ethnographic and anthropological studies of varied embodied projects in Indian metropolises. With particular reference to the city of Bombay, it draws evidences of gendered representations, their desires, appeal and aspirations to be and to express their sense of self. It attempts to establish arguments to a deconstructive notion of any fixation of identity categories and build a robust and complex understanding of sexual experiences, love, emotions and interpersonal relationships, an unusual way of local as well as global patterns that are culturally scathed in the contemporary new India. The book is relevant to contemporary embodiment studies, the invasive means of desiring corporeal reconstruction on one hand and dress ornamentation and makeup on the other. Transgressive politics are discursively and materially constructed to their everydayness and their unique ways of representation. Health is viewed in new dynamics of shared knowledges and communicative practices that has enabled building fresh arguments around community and public health with new visions of the anthropologies of empowerment.

These Vital Signs Sayed Tabatabai, 2023-05-16 A doctor reflects on his profession and his experience with patients in this brilliant essay collection that expands on his wildly popular Twitter poems. In medicine, every patient presents with a story. Once upon a time I was well and then. These patient narratives are the beating heart of medicine through stories we strive to communicate to understand, to empathize and perhaps find healing. *These Vital Signs* is a poignant series of essays, deeply personal stories inspired by nephrologist Sayed Tabatabai's medical experience and based on a series of poems he posted on Twitter that began going viral at the height of the Covid pandemic. Each short work is a poignant glimpse into the ever-changing field of medicine and the special relationship between patients and their doctor. In each, Tabatabai beautifully evokes the emotional tension between life and death, wellness and disease, uncertainty and hope in a unique and unforgettable way. Exploring themes of illness, dying, grief and joy, universal in its reach, *These Vital Signs* tells stories both remarkable and utterly ordinary of a doctor and the patients who have shaped him. Unloved Harshita Gupta, 2024-10-19
