may force Google to break down and thrash AdSense in the process. If that happens, people would have to go back to the old ways of internet marketing that does not make money online as easy as AdSense. For now, however, Google AdSense is here to stay. As long as there are people wanting to earn some easy cash online just using their talents, the future ahead is looking good. Besides, with all the strict guidelines that Google is enforcing over AdSense, it will take awhile for the AdSense privileges to be spammed and even terminated.

**Google AdSense Profits** David Brock, 2021-10-06

For the last couple of years, Google AdSense has dominated forums, discussions, and newsletters all over the Internet. Already, there are tales of fabulous riches to be made and millions made by those who are just working from home. It seems that Google AdSense has already dominated the internet marketing business and is now considered the easiest way to making money online. The key to success with AdSense is the placing of ads on pages that are receiving high traffic for high demand keywords. The higher the cost per click to the advertiser, the more you will receive per click from your site. Obviously, it does not pay to target low cost per click keywords and place them on pages that do not receive hits. With all the people getting online and clicking away everyday, it is no wonder why Google AdSense has become an instant hit. For some who are just new to this market, it would be a blow to their pride knowing that their homepage is buried somewhere in the little ads promoting other people's services. But then, when they get the idea that they are actually earning more money that way, all doubts and skepticism is laid to rest. There are two major and clever factors that some successful webmaster and publishers are learning to blend together in order to make money easier using AdSense. With Google AdSense, the possibilities are limitless. Yet, there is also the possibility of someone taking advantage of the easy money process that this internet marketing is doing. For now, however, Google AdSense is here to stay. As long as there are people wanting to earn some easy cash online just using their talents, the future ahead is looking good. Besides, with all the strict guidelines that Google is enforcing over AdSense, it will take awhile for the AdSense privileges to be spammed and even terminated.
