A Survivor's Guide to the Dinosaur Apocalypse, Episode Five: "Elegy" Wayne Kyle Spitzer, 2020-07-06 That's when I heard the strange sound a kind of forlorn mewing like the note of a horn being drug out too long coming from just around the corner just beyond the liquor store and paused holding up my hand What What's going on I waved her into silence dropping the rein then hustled to the edge of the building where after peeking around the corner I saw a juvenile sauropod of the Diplodocus family meaning it was the size of a typical school bus collapsed in the middle of the street its right front leg stuck in a manhole What is it What do you see I looked from the sauropod to the corner of a nearby building where something had moved then across the street to an overgrown alley Yes I thought There And there Between the tattoo parlor and the marijuana dispensary Allosaurs I said gravely An entire pack of them In desert camouflage They they've got something trapped Omigod It it's not your dog is it I returned and picked up the rein began leading Blucifer forward into the intersection No Wait what are you We're going through I said But what if those things They don't care about us they want the bigger game For now Just hold on The horse's hooves went clip clop clip clop as we passed the bluish gray sauropod coming into full view A moment later she said It it's stuck In the manhole Do you see that I eyed the predators warily continuing to lead There's nothing we can do about it But she'll be helpless against That is the way of it I insisted The way of the Look would you stop with the Indian clap trap I'm not even sure There was a thwomp as the allosaur by the building leapt into the road not by us but about fifty feet away near the sauropod Jesus can't you do anything What about your bow And risk bringing them down on us I intensified our pace sprinting toward the Stratosphere No And then they were coming the allosaurs from across the street passing so close we could smell the meat on their breath closing in on

the frightened herbivore until we passed the scene completely and sought refuge in a nearby gas station its storefront had long since collapsed and gathered there trembling as the sauropod cried out for it wouldn't be long now until they fell upon her Jesus said Essie listening What a world Yes I said remembering My father used to say it had a demonic sublime every tree and every rock every animal including man down to the lowest insect I listened as the sauropod moaned seeming already to give up to resign its fate And yet What do you mean What You said and yet What did you mean I unshouldered the compound bow rubbing my aching deltoid stretching my arm Nothing It's just that maybe it doesn't have to be this way When she didn't respond I looked at her found her already looking at me calmly meditatively her eyes seeming to glimmer I'm sure I don't know what you mean I mean that I could end it Her confusion and terror That I could prevent her from suffering I looked at the bow and the dark poisoned bolts attached to it That it's in my hands to do so
