Young,P. Jesser,1997-10-13 The first comprehensive study of the contentious issue of the public's right to know in time of war or limited conflict The book traces the uneasy relations between the military and a generally unprepared and gullible media from the Crimea to the present day It shows how the advent of nuclear warfare has outlawed the nationalistic wars of survival of the past and freed the citizen from his age old obligations in time of war able to make up his or her own mind on the merits of the situation It is here that the battle lies in the struggle for public opinion as a necessary precursor to war This book details how the military discovered the secret of media and public manipulation in the Falklands tested it in Grenada and refined it in Panama before deploying it in all its glory during the Gulf This book is essential reading for every soldier and journalist or any student of military history as it points the way to the future **Media Diplomacy** Yoel Cohen,2012-11-12 Published in 1986 Media Diplomacy is a valuable contribution to the field of Military Strategic Studies

Propaganda, the Press and Conflict David R. Willcox,2005-09-19 An incisive analysis of the use of the press for propaganda purposes during conflicts using the first Gulf War and the intervention in Kosovo as case studies As the contemporary analysis of propaganda during conflict has tended to focus considerably upon visual and instant media coverage this book redresses the imbalance and contributes to the growing discourse on the role of the press in modern warfare Through an innovative comparative analysis of press treatment of the two conflicts it reveals the existence of five consistent propaganda themes portrayal of the leader figure portrayal of the enemy military threat threat to international stability and technological warfare As these themes construct a fluid model for the analysis and understanding of propaganda content in the press during conflicts involving British forces they also provide the background against which the author can discuss general issues regarding propaganda Amongst the issues which have become increasingly relevant to both recent academic debate and popular culture the author tackles the role of the journalist in war coverage the place of the press in a news market dominated by instant visual media and the effectiveness of propaganda in specific cultural and political context This book will appeal to advanced students and researchers in war studies media studies propaganda and psychology The Media and International Security Stephen Badsey,2013-09-13 A collection of the papers from the 1995 Sandhurst conference presented by leading members of the armed forces the media and academia The conference marked a major advance in British thinking on this very topical and fast moving subject bringing together authorities from various fields in a multidisciplinary investigation which has been and will be of great
