

The background of the cover is a photograph of a sunset or sunrise. The sky is filled with horizontal bands of orange, red, and dark brown. In the foreground, there is a dark silhouette of a rock formation, possibly a mesa or butte, with a prominent flat-topped section. The entire image is framed by a thin, dark border.

Mindfulness-Based Elder Care Lucia McBee, 2008-03-21 She shares with us her gold the conception trial and error implementation and initial scientific investigation of a new educationally oriented treatment approach that she has named mindfulness based elder care MBEC from the Foreword by Saki Santorelli EdD MA Associate Professor of Medicine Executive Director Center for Mindfulness in Medicine Health Care and Society University of Massachusetts Medical School Drawing on years of experience as a geriatric social worker and mindfulness based stress reduction practitioner the author

has taken Jon Kabat Zinn's Mindfulness Based Stress Reduction program and adapted it to the particular needs of elders, their families, and professional caregivers. Mindfulness practices focus on abilities rather than disabilities in order to provide paths to the inner strengths and resources that we all possess. McBee's Mindfulness Based Elder Care conveys the benefits of mindfulness through meditation, gentle yoga, massage, aromatherapy, humor, and other creative therapies to this special population. She provides clear, concise instructions for her program as well as a wealth of anecdotal and experiential exercises to help readers at all levels of experience. Hers is the first book to fully explore the value of mindfulness models for frail elders and their caregivers. Features of this groundbreaking volume include valuable tips for establishing programs to address each population's specific needs and restrictions. Designed for short classes or 8-week courses. Detailed experiential exercises for the reader. Replete with case studies. Clear, easy-to-follow instructions for elders and caregivers at all levels. This innovative book is suitable for use with a variety of populations such as nursing home residents with physical and cognitive challenges, community-dwelling elders, direct care staff, and non-professional caregivers.

Heuristic Inquiry Nevine Sultan, 2018-04-27. Focused on exploring human experience from an integrative perspective. *Heuristic Inquiry: Researching Human Experience* Holistically presents heuristic inquiry as a unique phenomenologically aligned experiential and relational approach to qualitative research that is also rigorous and evidence-based. The author describes a distinguishing perspective of this research that treats participants not as subjects of research but rather as co-researchers in an exploratory process marked by genuineness and intersubjectivity. Through the use of real-life examples illustrating the various processes of heuristic research, the book offers an understanding of heuristic inquiry that is straightforward and informal yet honors its creative, intuitive, and polydimensional nature. A must-read for anyone interested in qualitative research. Graham Bright, York St John University, UK. This text provides a valuable service to novice and experienced researchers through its straightforward yet complex and nuanced approach to heuristic inquiry. Joseph McNabb, Northeastern University.
