Growing Up In The South An Anthology Of Modern Southern Literature:

Growing Up in the South Suzanne Whitmore Jones,1991 **Growing Up in the South** Suzanne Jones,2003-11-04

Something about the South has inspired the imaginations of an extraordinary number of America's best storytellers and greatest writers That quality may be a rich unequivocal sense of place a living connection with the past or the contradictions and passions that endow this region with awesome beauty and equally awesome tragedy The stories in this superb collection of modern Southern writing are about childhood adolescence and young adulthood in other words about growing up in the South Flannery O'Connor's *Everything That Rises Must Converge* set in a South that remains segregated even after segregation is declared illegal is the story of a white college student who chastises his mother for her prejudice against blacks But black white aristocrat or sharecropper each of these 23 authors is unmistakably Southern and their writing is indisputably wonderful *Growing Up in the South: An Anthology of Modern Southern Literature* Suzanne Whitmore Jones,1991

The Companion to Southern Literature Joseph M. Flora,Lucinda Hardwick MacKethan,2001-11-01 Selected as an Outstanding Academic Title by Choice Selected as an Outstanding Reference Source by the Reference and User Services Association of the American Library Association There are many anthologies of southern literature but this is the first companion Neither a survey of masterpieces nor a biographical sourcebook *The Companion to Southern Literature* treats every conceivable topic found in southern writing from the pre-Columbian era to the present referencing specific works of all periods and genres Top scholars in their fields offer original definitions and examples of the concepts they know best identifying the themes burning issues historical personalities beloved icons and common or uncommon stereotypes that have shaped the most significant regional literature in memory Read the copious offerings straight through in alphabetical order Ancestor Worship Blue Collar Literature Caves or skip randomly at whim Guilt The Grotesque William Jefferson Clinton Whatever approach you take *The Companion's* authority scope and variety in tone and interpretation will prove a boon and a delight Explored here are literary embodiments of the Old South New South Solid South Savage South Lazy South and Sahara of the Bozart As up to date as grit lit K Mart fiction and postmodernism and as old-fashioned as Puritanism mules and the tall tale these five hundred entries span a reach from Lady to Lesbian Literature The volume includes an overview of every southern state's belletristic heritage while making it clear that the southern mind extends beyond geographical boundaries to form an essential component of the American psyche The South's lavishly rich literature provides the best means of understanding the region's deepest nature and *The Companion to Southern Literature* will be an invaluable tool for those who take on that exciting challenge Description of Contents 500 lively succinct articles on topics ranging from Abolition to Yoknapatawpha 250 contributors including scholars writers and poets 2 tables of contents alphabetical and subject and a complete index A separate bibliography for most entries *Writing the South through the Self* John C. Inscocoe,2011-05-01 Drawing on two decades of teaching a college-level course on southern history as viewed through

autobiography and memoir John C Inscoe has crafted a series of essays exploring the southern experience as reflected in the life stories of those who lived it Constantly attuned to the pedagogical value of these narratives Inscoe argues that they offer exceptional means of teaching young people because the authors focus so fully on their confrontations as children adolescents and young adults with aspects of southern life that they found to be troublesome perplexing or challenging Maya Angelou Rick Bragg Jimmy Carter Bessie and Sadie Delany Willie Morris Pauli Murray Lillian Smith and Thomas Wolfe are among the more prominent of the many writers both famous and obscure that Inscoe draws on to construct a composite portrait of the South at its most complex and diverse The power of place struggles with racial ethnic and class identities the strength and strains of family educational opportunities both embraced and thwarted all of these are themes that infuse the works in this most intimate and humanistic of historical genres Full of powerful and poignant stories anecdotes and testimonials Writing the South through the Self explores the emotional and psychological dimensions of what it has meant to be southern and offers us new ways of understanding the forces that have shaped southern identity in such multifaceted ways

Precious Perversions Tison Pugh, 2016-03-21 The tragic sentiment of Southern literature and its heteronormative perspective are foundational attributes generally accepted by both popular and scholarly audiences Yet a pantheon of great authors ranging from like Tennessee Williams Carson McCullers and Truman Capote to present day voices of Alice Walker John Waters and David Sedaris collectively attest to both the vibrancy of queer experience and the prevalence of humor found in this rich regional cannon In *Precious Perversions* Humor Homosexuality and the Southern Literary Canon Tison Pugh challenges the premises that elevate William Faulkner and diminish Florence King that esteem Walker Percy yet marginalize David Sedaris by arguing for the inclusion of gay comic authors as long standing defining voices in the field By redefining the tenets of Southern literature Pugh reveals long overlooked or discounted aspects of gay humor within the South's literary realm Noting for example that Tennessee Williams is revered as a dramatist who probes the heart of the human condition rather than for his submerged camp humor and Truman Capote's comic cinema and literature never eclipsed serious works Pugh establishes a history of mainstream and academic critique that ignored queer humor Likewise Florence King and Rita Mae Brown wrote defining narratives of Southern lesbian experience in respectively *Confessions of a Failed Southern Lady* and *Rubyfruit Jungle* yet according to Pugh they are almost entirely neglected in accounts of the literary South More recently the author shows the critical reception of Dorothy Allison's *Bastard Out of Carolina* testifies to an overarching interest in the traumatic aspects of her poetry and fiction rather than in her humor and its cathartic power Pugh also asserts that David Sedaris as a writer of the post Southern South who appears to fall beyond the parameters of regional literature for many readers creates a new humorous vision of the region that recognizes both its pained history and its grudging accession to modernity Drawing from works of key southern writers Pugh sets forth a new vision of Southern literature emerges one illuminated by the humor of gay voices no longer at the margins

Contemporary Southern Men

Fiction Writers Rosemary M. Canfield Reisman, Suzanne Booker-Canfield, 1998 This carefully annotated bibliography lists sources of criticism for thirty nine Southern male authors each of whom has published at least one significant book of fiction between 1970 and 1994

Transatlantic Renaissances Kathryn Stelmach Artuso, 2013 The impulses that fired the Southern Literary Renaissance echoed the impetus behind the Irish Literary Revival at the turn of the twentieth century when Ireland sought to demonstrate its cultural equality with any European nation and disentangle itself from English imposed stereotypes Seeking to prove that the South was indeed the cultural equal of greater America despite the harsh realities of political defeat economic scarcity and racial strife Southern writers embarked on a career to re imagine the American South and to re invent literary criticism Transatlantic Renaissances Literature of Ireland and the American South traces the influence of the Irish Revival upon the Southern Renaissance exploring how the latter looked to the former for guidance artistic innovation and models for self invention and regional renovation While Deleuze and Guattari's model for minor literature refers to minority or regional authors who work within a major language for purposes of subversion Artuso modifies their term along generic and thematic lines to refer to errant female juveniles within subsidiary genres whose nonconformist development threatens to disrupt the dominant patriarchal culture of a region or nation Using the themes of initiation and maturation to anchor the book Artuso analyzes how the volatile development of young women in revivalist texts often reflects or questions larger growth pangs and patterns including the evolution of the literary revival itself and the development of a regional minority group that must work within a dominant culture language and nation while seeking methods of subversion With minor literature as the container for undervalued genres such as popular fiction and short stories often considered an author's juvenilia this work investigates not only how these texts challenge the authoritative claims of the novel but also scrutinizes the renaissance trope of female rebirth as the revivalists often figured cultural national or regional regeneration through the metamorphoses or maturation of female protagonists such as Cathleen n Houlihan Scarlett O'Hara and Virgie Rainey Drawing upon New Historical New Critical and postcolonial approaches Artuso examines works by Lady Gregory Margaret Mitchell Eudora Welty Elizabeth Bowen Jean Toomer and James Joyce

Children of the Changing South Foster Dickson, 2011-11-16 Although much attention has been paid to the adults who led participated in or witnessed the civil rights movement much less attention has been given to those who were children during that era Especially in the South these children of the 1950s and afterward came of age in the midst of major societal shifts regarding race gender social class and industry as the South re branded itself the Sun Belt In this collection of memoirs writers teachers scholars and historians recall growing up in the South from the late 1950s to the early 1990s revealing how the region changed over time as well as how a Southern childhood varied across time race gender socio economic status and geography By viewing these remembrances through the lens of multiculturalism this collection offers nuanced understanding of how the pre civil rights movement South evolved into the South of the 21st century

Still Fighting the Civil War David Goldfield, 2013-04-15 This is

a probing book about the hold of the past experienced largely as heritage and memory and not as historical understanding on a whole region and people Goldfield treats the Lost Cause with unblinking directness its main strength the stress on the weight of memory and its enduring links to white supremacy David W Blight *Southern Cultures* Drawing on a wide range of sources as well as contemporary reporting this deftly written historical analysis takes on a difficult topic with passion sensitivity and integrity Publishers Weekly In the updated edition of his sweeping narrative on southern history David Goldfield brings this extensive study into the present with a timely assessment of the unresolved issues surrounding the Civil War's sesquicentennial commemoration Traversing a hundred and fifty years of memory Goldfield confronts the remnants of the American Civil War that survive in the hearts of many of the South's residents and in the national news headlines of battle flags racial injustice and religious conflicts Goldfield candidly discusses how and why white southern men fashioned the myths of the Lost Cause and Redemption out of the Civil War and Reconstruction and how they shaped a religion to canonize the heroes and deify the events of those fateful years He also recounts how groups of blacks and white women eventually crafted a different more inclusive version of southern history and how that new vision competed with more traditional perspectives The battle for southern history and for the South continues in museums public spaces books state legislatures and the minds of southerners Given the region's growing economic power and political influence understanding this struggle takes on national significance Through an analysis of ideas of history and memory religion race and gender *Still Fighting the Civil War* provides us with a better understanding of the South and one another

Emmett Till in Literary Memory and Imagination Harriet Pollack, Christopher Metress, 2008-01-01 The horrific 1955 slaying of fourteen year old Emmett Till marks a significant turning point in the history of American race relations An African American boy from Chicago Till was visiting relatives in the Mississippi Delta when he was accused of wolf whistling at a young white woman His murderers abducted him from his great uncle's home beat him then shot him in the head Three days later searchers discovered his body in the Tallahatchie River The two white men charged with his murder received a swift acquittal from an all white jury The eleven essays in *Emmett Till in Literary Memory and Imagination* examine how the narrative of the Till lynching continues to haunt racial consciousness and to resonate in our collective imagination The trial and acquittal of Till's murderers became in the words of one historian the first great media event of the civil rights movement and since then the lynching has assumed a central place in literary memory The international group of contributors to this volume explores how the Emmett Till story has been fashioned and refashioned in fiction poetry drama and autobiography by writers as diverse as William Bradford Huie James Baldwin Langston Hughes Gwendolyn Brooks Audre Lorde Anne Moody Nicol's Guill'n Aimé Césaire Bebe Moore Campbell and Lewis Nordan They suggest the presence of an Emmett Till narrative deeply embedded in post 1955 literature an overarching recurrent plot that builds on recognizable elements and is as legible as the lynching narrative or the passing narrative Writers have fashioned Till's story in many ways an the annotated bibliography that ends

the volume discusses more than 130 works that memorialize the lynching calling attention to the full extent of Till's presence in literary memory Breaking new ground in civil rights studies and the discussion of race in America Emmett Till in Literary Memory and Imagination eloquently attests to the special power and artistic resonance of one young man's murder **The World Is Our Home** Jeffrey J. Folks, Nancy Summers Folks, 2021-10-21 Since the early 1970s southern fiction has been increasingly attentive to social issues including the continuing struggles for racial justice and gender equality the loss of a sense of social community and the decline of a coherent regional identity The essays in *The World Is Our Home* focus on writers who have explicitly addressed social and cultural issues in their fiction and drama including Dorothy Allison Horton Foote Ernest J. Gaines Jill McCorkle Walker Percy Lee Smith William Styron Alice Walker and many others The contributors provide valuable insights into the transformation of southern culture over the past thirty years and probe the social and cultural divisions that persist The collection makes an important case for the centrality of social critique in contemporary southern fiction *Region, Race and Cities: Interpreting the Urban South* David R. Goldfield, 1997 **Understanding the Little Rock Crisis** Elizabeth Jacoway, C. Fred Williams, 1999-01-01 In the fall of 1957 Gov. Orval Faubus used the Arkansas National Guard to prohibit nine black children from entering Little Rock's Central High School In the fall of 1997 the Little Rock Nine returned to Central High this time escorted by President Bill Clinton In the forty years that had intervened the United States witnessed substantial changes in American race relations but the city of Little Rock had not overcome its legacy of strife The two-year crisis once over left behind confusion and misunderstanding Racial and class-based mistrust lingers in the city of Little Rock and nationally and internationally perceptions of Arkansas are still tied to the decades-old images of hatred and strife that marked the Little Rock crisis In 1997 the University of Arkansas at Little Rock sponsored a gathering of scholars who traced the origins and addressed the legacy of the Central High crisis Elizabeth Jacoway and C. Fred Williams commissioned a series of original and insightful papers that discussed economic constitutional historical and personal aspects of the crisis and of segregation Jacoway and Williams have collected the best of these papers by such authors as Sheldon Hackney Joel Williamson and James Cobb and offer them here in the hope of enhancing understanding of and creating a dialogue about this defining moment in American history This collection of accessible and provocative essays on a signal event in civil rights in this nation will resonate broadly and appeal to a diverse audience **Richard Wright** Kenneth Kinnamon, 2014-11-04 African American writer Richard Wright 1908-1960 was celebrated during the early 1940s for his searing autobiography *Black Boy* and fiction *Native Son* By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8,320 entries ranging from unpublished
