Historical Dictionary of the Lesbian and Gay Liberation Movements JoAnne Myers, 2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that

have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality *Lesbian & Gay Youth* Caitlin Ryan, Donna Futterman, 1998 Provides guidelines for the care and counseling of lesbian gay bisexual and transgendered youth and features a review of information and research on lesbian and gay health identity development and peer and family issues Bibliographic Guide to Chicana and Latina Narrative Kathy Leonard, 2003-08-30 There has been a dramatic increase in the amount of narrative work published by Chicana and Latina authors in the past 5 to 10 years Nonetheless there has been little attempt to catalog this material This reference provides convenient access to all forms of narrative written by Chicana and Latina authors from the early 1940s through 2002 In doing so it helps users locate these works and surveys the growth of this vast body of literature The volume cites more than 2 750 short stories novels novel excerpts and autobiographies written by some 600 Mexican American Puerto Rican Cuban American Dominican American and Nuyorican women authors These citations are grouped in five indexes an author title index title author index anthology index novel index and autobiography index Short annotations are provided for the anthologies novels and autobiographies Thus the user who knows the title of a work can discover the author the other works the author has written and the anthologies in which the author s shorter pieces have been reprinted along with information about particular works The Cumulative Book Index , 1995 A world list of books in the English language

Latina and Latino Voices in Literature for Children and Teenagers Frances Ann Day, 1997 Highlighting the lives and careers of writers whose cultural roots are embedded in a variety of racial ethnic regional and religious traditions the book not only makes it easier to locate their work it provides insights into their writing styles motivations and points of view

Psychoanalytic Therapy and the Gay Man Jack Drescher, 2014-05-22 Do the conventional insights of depth psychology have anything to offer the gay patient Can contemporary psychoanalytic theory be used to make sense of gay identities in ways that are helpful rather than hurtful respectful rather than retraumatizing In *Psychoanalytic Therapy and the Gay Man* Jack Drescher addresses these very questions as he outlines a therapeutic approach to issues of sexual identity that is informed by traditional therapeutic goals such as psychological integration and more authentic living while still respecting even honoring variations in sexual orientation Drescher s exploration of the subjectivities of gay men in psychoanalytic psychotherapy is more than a long overdue corrective to the inadequate and often pathologizing tomes of traditional psychoanalytic writers It is a vitally human testament to the richly varied inner experiences of gay men Drescher does not assume that sexual orientation is the entire or even major focus of intensive psychotherapy But he does argue passionately and convincingly that issues of sexual identity which encompass a spectrum of possibilities for any gay man must be addressed in an atmosphere of honest encounter that allows not only for exploration of conflict and dissociation but also for restitutive confirmation of the patient s right to be himself Through its abundance of first person testimony from both clinical

and literary sources Psychoanalytic Therapy and the Gay Man provides the reader with an unforgettable grasp of what it is like to discover that one is gay in our society and then to find the courage and humanity to live with that knowledge Any mental health professional regardless of his or her sexual orientation who wishes to deal therapeutically with gay men will find Drescher s work indispensable But it will also be compelling reading for anyone seeking psychological insight into gay men s lives and concerns Understanding Gay and Lesbian Youth David Campos,2005-09-28 Understanding Gay and Lesbian Youth assists the classroom teacher school counselor and administrator in relating to gay and lesbian youth and creating accepting and supportive learning climates David Campos begins with a discussion of the current state of affairs regarding gay and lesbian youth in schools including a discourse on the developmental milestones and provides practical strategies for working effectively with these students The text concise yet comprehensive features Two surveys to assess school climates toward gay and lesbian youth Quizzes about gay and lesbian issues Personal stories by gay and lesbian youth and adults Perhaps the most salient feature of Understanding Gay and Lesbian Youth is that each chapter poses a series of questions relating to today s society such as Why are gay and lesbian youth considered at risk How does the development of gay and lesbian youth differ from that of heterosexual youth What do I do if a student tells me he or she is gay or lesbian
