Viajes de agua V Francisco Armijo de Castro, 2021-02-22 Viajes de Agua V es la continuación de una línea de trabajo en la que el autor pone en contacto a viajeros en este caso peregrinos con diferentes tipos de aguas, las que calman la sed, limpian los cuerpos e incluso los sanan. En este caso las aguas también serán las de los ríos que deban salvar los diferentes Caminos describiendo los puentes y otros artificios utilizados para cruzarlos. El autor ha repasado cuatrocientas cincuenta libros y artículos para realizar este Libro de libros siguiendo una docena de Caminos a Santiago que seguro no son todos, pues cada peregrino hace su Camino, pero que dan una idea de las posibilidades de llegar a Santiago de Compostela desde los cuatro puntos cardinales. Se trata de un humilde homenaje al Camino en el año jubilar Jacobeo, hecho a través de los escritos de los viajeros, los hidrólogos y los ingenieros que durante siglos abrieron las vías, hicieron los puentes y las fuentes, los hospitales y albergues, recogieron, sanearon y estudiaron las aguas para ayudar a los peregrinos en sus afanes por alcanzar Santiago de Compostela, la meta del Camino. *Turismo mochilero* Antonio

Martín-Cabello, José Luis Anta Félez, Almudena García-Manso, Rubén José Pérez Redondo, 2017-10-16 Este libro analiza el fenómeno del turismo mochilero desde una perspectiva sociológica y antropológica. Analiza de un modo descriptivo y crítico la subcultura que emerge en torno a esta forma de viaje. El concepto de mochilero ha estado tradicionalmente vinculado a un tipo de viajero excepcional que goza de más libertad en la elección, diseño y estilo de viaje que el clásico turista. En el turismo mochilero la investigación es todavía más residual con lo que existe un marcado déficit respecto al conocimiento de este segmento de la realidad viajera. En este volumen los autores pretenden hacer un análisis del mochilero desde un doble enfoque sociológico y antropológico que suavice de alguna manera esa carencia de investigaciones al respecto. Por esa circunstancia los autores expresan el carácter ecléctico de esta obra para poder disponer de diferentes recursos metodológicos que les guíen hacia la construcción de un perfil inicial aproximado de este tipo de viajero, teniendo esta investigación la condición de obra abierta que sirva de motivación para otros estudios posteriores.

An accessible and thought provoking devotional look at the nature of discipleship through the lens of pilgrimage What do we learn about God whilst on the move which could not be learnt whilst stationary From Abraham Moses Ruth to Jesus himself and the apostle Paul the Bible is full of stories of people on the move and Journey looks at what we can learn from looking at the Christian life as one of pilgrimage The chapters cover subjects such as provisions needed on the journey communications and companions along the way distractions from the path the growth of new monasticism and death as journey's end With questions for personal reflection included after each chapter this is much more than a book about pilgrimage it encourages the reader to learn to journey through life in an attitude of pilgrimage revealing that it is often in the very act of journeying that we find our deepest spiritual insights *El Camino inmortal* Jean-Christophe Rufin, 2013-03-31 El Camino de Santiago es una alquimia del tiempo sobre el alma una aventura que cada año viven cientos de miles de personas Jean Christophe Rufin emprende una de las grandes historias literarias de viajes de nuestros días en la cual el prestigioso novelista académico y diplomático relata su recorrido de ochocientos kilómetros por el Camino del Norte a Santiago de Compostela En el trayecto la experiencia física se transforma en una reflexión que invita a la búsqueda de uno mismo y a llevar una vida plena y consciente más allá de lo trivial Este inusitado peregrino se convierte en un observador lúcido que retrata con un sentido del humorístico su travesía por las costas vascas y cantábricas hasta llegar a los montes de Galicia Coloridos retratos anecdóticos divertidas un delicioso ejercicio de autocrítica para quienes van a la búsqueda de nada y les mueve la pasión de seguir caminando

Walking Notes Camino Frances Donald Bowes, 2017-05-17 These Walking Notes have been crafted for those who are setting out to walk the Camino de Santiago in Northern Spain along the Camino Francés route from St Jean Pied de Port in France to Santiago de Compostela Spain They are designed to keep the user from going astray and also are a handy tool for planning each day's walk so one may have the confidence of knowing where they are going at all times The Notes are easy to read and simple to follow They concentrate on those sections of the Camino Frances that can be somewhat confusing to walkers sections that may not be as well marked are remote or in many cases those sections that may require decisions for the walker to choose alternative routes From time to time we are all lost and maybe just enjoying ourselves too much to be paying that close attention to our surroundings while on Camino Perhaps we are lost in conversation Perhaps we are enthralled by a beautiful field of rapeseed a vineyard of grapes or the sound of the wind rustling through the wheat and barley of the immense Meseta Perhaps there are more pressing things on our minds like the pain of a severe injury the

constant throbbing of bad blisters or the tears of a distressed companion or fellow pilgrim things that disturb our concentration Usually at some point in time all of us have to stop re set the compass and get our bearings before moving on There is a spiritual component to this notion as well as a practical one The author Donald Bowes is a veteran of two Caminos in 2013 and 2015 and has written of his travels in his book Senior Camino also available on Amazon com and on Kindle
