Trapped Between the Extremes of Good and Evil Jerry Dampier, 2006-10 Good and evil are as old as ethics or morality itself For without an understanding of religious or philosophical ethics the moral existence of good and evil would be impossible to comprehend the term good for example would be exclusively a matter of subjective personal likes and dislikes in other words a mere matter of taste differing from individual to individual with no real obligation to the public good or safety As it currently stands in philosophy for instance the term good may be understood as engaging in righteous conduct the term good may also be understood as an object that corresponds and fulfills natural needs inherent in human nature

These natural needs for example which are deeply rooted in human nature manifest themselves in our human desire for life liberty and the pursuit of happiness among other things In these two senses the term good is an objective universal value based on the reality of man by man I mean human beings everywhere of course From natural needs we derive the doctrine of human rights It logically follows that the things we have a natural human need for we as human beings also have a natural right to This idea is not only used in the real world that you and I live in it is also used in the storyteller s world of fiction or imaginary literature Anything working to defeat or frustrate the good in the real world or in the storyteller s world is judged evil This is of the utmost importance to those who believe in right and wrong For right and wrong always follow good and evil Society can never know what right or wrong is in the domain of social human affairs without first knowing what is good and what is evil and what makes it so In *Trapped Between the Extremes of Good and Evil* we enter a fictional world and explore the phenomenon of good and evil through the actions of an international serial killer angels and demons one twin brother s hatred of the other and a San Francisco detective caught in the middle of it all **Sketch** ,1909 *Live From New York* Tom Shales,James Andrew Miller,2008-11-16 WHEN A YOUNG WRITER named Lorne Michaels talked NBC executives into taking a chance on a new weekend late night comedy series nobody really knew what to expect not even Michaels But Saturday Night Live launched in 1975 and still thriving today would change the face of television It introduced brash new stars with names like Belushi Radner Chase and Murray trashed taboos that had inhibited TV for decades and had such an impact on American life laughter and politics that even presidents of the United States had to take notice Now Pulitzer Prize winner Tom Shales and bestselling author James Andrew Miller bring together stars writers guest hosts contributors and craftsmen for the first ever oral history of Saturday Night Live from 1974 when it was just an idea through 2002 when it has long since become an institution In their own words dozens of personalities recall the backstage stories behind the scenes gossip feuds foibles drugs sex struggles and calamities including personal details never before revealed Shales and Miller have interviewed a galaxy of stars including Mike Myers Chris Rock Bill Murray Tom Hanks Adam Sandler Chevy Chase Will Ferrell Dan Aykroyd Steve Martin Jon Lovitz Jane Curtin Billy Crystal Martin Short Dana Carvey Tina Fey Jimmy Fallon Chris Kattan Julia Louis Dreyfus Garrett Morris Molly Shannon Damon Wayans Chris Elliott Julia Sweeney Norm Macdonald and Paul Simon plus writers like Al Franken Conan O'Brien Larry David Rosie Shuster Jack Handey Robert Smigel Don Novello and others who got their big breaks as part of the SNL team The Coneheads the Blues Brothers Buck wheat Wayne and Garth Hans and Franz the Cheerleaders Todd DiLaMuca and Lisa Loopner Cheeseburger cheeseburger Mango the Church Lady Ed Grimley they re all here And for every fabulous character on screen there was an outrageous maverick misfit or rebel behind the scenes *Live from New York* does what no other book about the show has ever done It lets the people who were there tell the story in their own words blunt and loving and uncensored *A Dictionary of Mechanical Science, Arts, Manufactures, and Miscellaneous Knowledge* A.
