The Khlebnikov Archive Kiril Timofeevich Khlebnikov, 1990 First translation into English of the Russian traveller Kiril Timofeevich Khlebnikov's writings on his travels in the Russian colonies and settlements in Alaska California and the Aleutian Islands

Alaska History Marvin W. Falk, 2006-03-30 Marvin W Falk offers a systemic and select listing of just over 3 000 publications on the history of Alaska published from the 18th century to early 2004 Early explorations were conducted by nationals from several nations and the results were published in Russian German French Spanish and English Many of these foreign language accounts have been published in translation and are included in the bibliography This bibliography covers a wide span of Alaskan history including historical literature from Discovery in 1741 The Russian period ending in 1867 The U S territorial period ending with statehood in 1959 The oil boom

Fort Ross and the Sonoma Coast Lyn Kalani, Sarah Sweedler, 2004 The Kashaya Indians made foot trails through the grassy mountain slopes of Sonoma's northern coast for centuries before colonists from the Russian American Company arrived in 1812 These Russians the vanguard of European settlement built Fort Ross from virgin redwood on a bluff overlooking the sea Although they stayed only 30 years they left behind a heritage that includes the earliest detailed scientific and ethnographic studies of the area and California's first ships and windmills Soon others came to ranch lumber and quarry shipping their harvest and stone to help build and feed San Francisco Ranches and mill sites evolved into towns often bearing the names of the rugged men who first settled there Much of the coastline remains as it was in centuries past its rich history still visible in ship moorings and chiseled sandstone and new residents and visitors are still drawn to this dramatic meeting of blue Pacific and forested coastal mountains

Recuerdos Mariano Guadalupe Vallejo, 2023-03-02 A generation after the U S conquest of California Mariano Guadalupe Vallejo set out to write the story of the land he knew so well a history to dispel the romantic vision quickly overtaking the state's recent past The five volume history he produced published here for the first time in English translation is the most complete account of California before the gold rush by someone who resided in California at the time Mariano Guadalupe Vallejo 1807 90 grew up in Spanish California became a leading military and political figure in Mexican California and participated in some of the founding events of U S California such as the Monterey Constitutional Convention and the first legislature With his project undertaken for historian and publisher Hubert Howe Bancroft Vallejo sought to correct misrepresentations of California's past which dismissed as insignificant the pre gold rush Spanish and Mexican periods conflated into one Mission era Instead Vallejo's history emphasized the role of the military in the Spanish colonization of California and argued that the missionaries after Jun pero Serra with their medieval ideas had actually retarded the development of California until secularization in the early 1830s Culture he contended was of intense interest to the Californio people as was the education of children His accounts of Indigenous peoples while often sympathetic were also characteristic of his time he and other California military leaders Vallejo maintained had successfully subdued hostile Indians

and established mutually beneficial relationships with others Out of keeping with Bancroft's American triumphalism Vallejo's monumental project was consigned to the archives With their deft translation and commentary Rose Marie Beebe and Robert M Senkewicz authors of a companion volume on Vallejo's work have brought to light a remarkable perspective often firsthand on important events in early California history Their efforts restore a critical chapter to the story of California and the American West

Natalia Shelikhova Dawn Lea Black,Alexander Petrov,2010-05-15 This volume makes available for the first time in English a variety of primary source materials relating to the life and work of Natalia Shelikov a pioneering nineteenth century Russian American businesswoman As a principal of the Russian American Company Shelikov worked in Alaska and her business acumen and wide ranging connections including the empress of Russia and a swathe of northern leaders were crucial to the growth of Alaska's economy as well as to the welfare of the Native people in whose life and culture she took a strong interest The letters petitions and personal documents presented here will be indispensable for students of Alaska and nineteenth century women's history

Seventeen Years in Alaska Albin Johnson,2014-04-15 Swedish missionary Albin Johnson arrived in Alaska just before the turn of the twentieth century thousands of miles from home and with just two weeks worth of English classes under his belt While he intended to work among the Tlingit tribes of Yakutat he found himself in a wave of foreign arrivals as migrants poured into Alaska seeking economic opportunities and the chance at a different life While Johnson came with pious intentions others imposed Western values and vices leaving disease and devastation in their wake *Seventeen Years in Alaska* is Johnson's eyewitness account of this tumultuous time It is a captivating narrative of an ancient people facing rapid change and of the missionaries working to stem a corrupting tide His journals offer a candid look at the beliefs and lives of missionaries and they ultimately reveal the profound effect that he and other missionaries had on the Tlingit Tracing nearly two decades of spiritual hopes and earthbound failures Johnson's memoir is a fascinating portrait of a rapidly changing world in one of the most far flung areas of the globe
