Celebrity, Convergence and Transformation Douglas Brownlie, Paul Hower, Finola Kerrigan, 2017-07-28 Bringing together the latest thinking on both celebrity brands and celebrity culture from academics specialising in the field of marketing this book explores a range of insightful contexts in order to add vigour and vitality to our understanding of the connections between celebrities markets and culture It unpacks the identity theoretics which have their origins in the turn to celebrity culture and the spectacle and glamour of mass media practices In doing so the

contributors hint at new forms of individuation where the line between the virtual and the actual is blurred and where images of celebrities construct and deconstruct themselves This book was originally published as a special issue of the Journal of Marketing Management **Introduction to International and Global Studies, Third Edition** Shawn C.

Smallman, Kimberley Brown, 2020-07-06 Shawn C Smallman and Kimberley Brown s popular introductory textbook for undergraduates in international and global studies is now released in a substantially revised and updated third edition Encompassing the latest scholarship in what has become a markedly interdisciplinary endeavor and an increasingly chosen undergraduate major the book introduces key concepts themes and issues and then examines each in lively chapters on essential topics including the history of globalization economic political and cultural globalization security energy and development health agriculture and food and the environment Within these topics the authors explore such diverse and pressing subjects as commodity chains labor including present day slavery pandemics human rights and multinational corporations and the connections among them This textbook used successfully in both traditional and online courses provides the newest and most crucial information needed for understanding our rapidly changing world New to this edition Close to 50% new material New illustrations maps and tables New and expanded emphases on political and economic globalization and populism health climate change and development Extensively revised exercises and activities New resume writing exercise in careers chapter Thoroughly revised online teacher s manual **Zhang Peili** Olivier Krischer, 2019-06-21 In 2014 New York based artist Lois Conner gifted one of pioneering Chinese artist Zhang Peili s last paintings to The Australian National University s newly opened Australian Centre on China in the World Never exhibited and thought lost the reemergence of Flying Machine 1994 prompts an exploration of the relation between painting and video in the oeuvre of Zhang Peili Given Zhang s significance as a leading conceptual painter in the 1980s then as a media art pioneer and educator in the 1990s and 2000s Zhang Peili From Painting to Video is also a nuanced study of broader developments in Chinese contemporary art s history Featuring contributions by historian Geremie R Barm photographer Lois Conner art historians John Clark Katie Grube and Olivier Krischer and curator Kim Machan these essays together challenge the narrative of Zhang as the father of Chinese video art highlighting instead the conceptual consistency rigour and formal experimentation in his work which transcends a specific medium By equal measure the book embraces longstanding connections as integral to its meaning connections between artists curators and researchers collaborators colleagues and friends through China and Australia **Age of Ambition: Chasing Fortune, Truth, and Faith in the New China** Evan Osnos, 2014-05-13 Pulitzer Prize in General Nonfiction finalist Winner of the 2014 National Book Award in nonfiction As the Beijing correspondent for The New Yorker Evan Osnos was on the ground in China for years witness to profound political economic and cultural upheaval Age of Ambition provides a vibrant colorful and revelatory inner history of China during a moment of profound transformation From abroad we often see China as a caricature a nation of pragmatic plutocrats and ruthlessly dedicated

students destined to rule the global economy or an addled Goliath riddled with corruption and on the edge of stagnation What we don't see is how both powerful and ordinary people are remaking their lives as their country dramatically changes In *Age of Ambition* Osnos describes the greatest collision taking place in that country the clash between the rise of the individual and the Communist Party's struggle to retain control He asks probing questions Why does a government with more success lifting people from poverty than any civilization in history choose to put strict restraints on freedom of expression Why do millions of young Chinese professionals fluent in English and devoted to Western pop culture consider themselves angry youth dedicated to resisting the West's influence How are Chinese from all strata finding meaning after two decades of the relentless pursuit of wealth Writing with great narrative verve and a keen sense of irony Osnos follows the moving stories of everyday people and reveals life in the new China to be a battleground between aspiration and authoritarianism in which only one can prevail An *Economist* Best Book of 2014 Winner of the bronze medal for the Council on Foreign Relations 2015 Arthur Ross Book Award

The Perpetual Guest Barry Schwabsky, 2016-03-07 Contemporary art sometimes pretends to have made a clean break with history In *The Perpetual Guest* poet and critic Barry Schwabsky demonstrates that any robust understanding of art's present must also account for the ongoing life and changing fortunes of its past Surveying the art world of recent decades Schwabsky attends not only to its most significant newer faces among them Kara Walker Thomas Hirschhorn Ai Weiwei Chris Ofili and Lorna Simpson but their forebears as well both near Jeff Wall Nancy Spero Dan Graham Cindy Sherman and more distant Velázquez Manet Matisse and the portraitists of the Renaissance Schwabsky's rich and subtle contributions illuminate art's present moment in all its complexity shot through with determinations produced by centuries of interwoven traditions but no less open ended for it

Surpassing Modernity Andrew McNamara, 2018-11-29 For the past thirty to forty years cultural analysis has focused on developing terms to explain the surpassing of modernity Discussion is stranded in an impasse between those who view the term modernity with automatic disdain as deterministic Eurocentric or imperialistic and a booming interest that is renewing the study of modernism Another dilemma is that the urge to move away from or beyond modernity arises because it is viewed as difficult even unsavoury Yet there has always been a view of modernity as somehow difficult to live with and that has been said by figures we regard today as typical modernists McNamara argues in this book that it is time to forget the quest to surpass modernity Instead we should re-examine a legacy that continues to inform our artistic conceptions our political debates our critical justifications even if that legacy is baffling and contradictory We may find it difficult to live with but without recourse to this legacy our critical cultural ambitions would remain seriously diminished How do we explain the culture we live in today And how do we as citizens make sense of it This book suggests these questions have become increasingly difficult to answer
