Awe as the Foundation of Religion Wojciech Maria Zalewski, 2023-10-27 In this book the author searches for the essence of religion Despite its existence from the beginning of humanity and being a universal phenomenon

religion is not defined uniformly Humanity has always searched for a theory of everything on one hand through humanistic means one of them being religion on the other hand through scientific explorations In both realms awe is the force that prompts these investigations The author proposes the understanding of religion as based on two premises First awe is a natural positive permanent intimate life supporting emotion founded in the human experience of the unity of the universe and life whether realized or not Second religion is an expression of that unity through awe Once it is conceptualized it metastasizes through culture and civilizations into a variety of religious traditions all with a common denominator awe Through experiencing awe everyone is a religious person unified with the mysterious unity of the universe *The Genesis of Good and Evil* Mark S. Smith, 2019-01-01 For centuries the Garden of Eden story has been a cornerstone for the Christian doctrine of the Fall and original sin In recent years many scholars have disputed this understanding of Genesis 3 because it has no words for sin transgression disobedience or punishment Instead it is about how the human condition came about Yet the picture is not so simple *The Genesis of Good and Evil* examines how the idea of the Fall developed in Jewish tradition on the eve of Christianity In the end the Garden of Eden is a rich study of humans in relation to God that leaves open many questions One such question is Does Genesis 3 4 and 6 taken together support the Christian doctrine of original sin Smith's well informed close reading of these chapters concludes that it does In this book he addresses the many mysterious matters of the Garden story and invites readers to explore questions of their own **Qoheleth (Ecclesiastes)** Lisa M. Wolfe, 2020-05-28 2021 Catholic Media Association Award third place award in academic studies Qoheleth also called Ecclesiastes has been bad news for women throughout history In this commentary Lisa Wolfe offers intriguing new possibilities for feminist interpretation of the book's parts including Qoheleth's most offensive passages and as a whole Throughout her interpretation Wolfe explores multiple connections between this book and women of all times from investigating how the verbs in the time poem in 3 1 8 may relate to biblical and contemporary women alike to noting that if 11 1 indicates ancient beer making it thus reveals the women who made the beer itself In the end Wolfe argues that by struggling with the perplexing text of Qoheleth we may discover fruitful against the grain reading strategies for our own time

A Doubter's Guide to the Bible Terry Giles, 2010-10-01 Is the Bible still an authoritative guide Television documentaries regularly explore the mysteries of the Bible and question whether its stories can be supported by historical facts A multitude of people claim the Bible s authority for their own often competing agendas And for many the church has lost credibility in light of various scandals and failures Is it any wonder then that a growing number of folks doubt whether the Bible is a legitimate source of religious authority much less the word of God In *A Doubter's Guide to the Bible* Terry Giles asks the hard questions that skeptics have about the Bible Affirming the legitimacy of doubt in light of such questions Giles invites us to walk with him as he explores issues such as the Bible s origins violence in the Bible and in the modern world and the degree to which the Bible has been used as propaganda to justify particular ends Never ignoring the doubts that may still remain Giles suggests that the Bible s power arises from its ability to open up a space where we can meet God who confronts us amidst all the messiness of our humanity Whether we ve never considered these questions before and especially if we have *A Doubter's Guide to the Bible* is an essential companion on our spiritual journey

Technology, Mythology and the Search for Meaning Douglas Francis, 2023-11-15 This book offers a big picture look at the evolution of Western thought on technology by focusing on seven periods when there was a paradigm shift in perspective A techno myth is used to identify shape and capture the beliefs of each era Drawing from philosophy literature social sciences physical sciences mythology and cultural history the book brings to life the ideas of the great thinkers and the ancient myths What their message tells us is that we have failed to learn from the mistakes of the past We have allowed technology to take control of our lives and narrowed our thinking to a one dimensional materialistic perspective We have become prisoners in Max Weber s metaphoric iron cage But they also tell us how to free ourselves by humanizing technology so that humans are in control which is explored in depth in this book
