The Adeodatus Handbook on Catholic Education and Culture: Volume 1 Alex E. Lessard, R. Jared Staudt, 2025-06-27 Catholic education stands in need of renewal for it too has experienced the consequences of the rupture of faith and reason in the modern period Secularism affects Catholic schools as well as public ones when faith remains confined solely to a religion class or the celebration of the Mass Our past provides a model of integration the unity of divine revelations and the liberal arts and a life of wisdom that pursues what is truly highest Modern people too often settle for less little comforts and distractions while the theologians philosophers and educators of the past spur us on to stop at nothing less than God's invitation to enter his divine life This first volume of the Adeodatus Handbook seeks to provide inspiration to return to the central vision of Catholic education an integrated approach to the liberal arts that flows from God's initiative toward us and is ordered toward eternal union with him The essays of this volume unfold the narrative offered in this introduction in more detail We consider them to be the most essential figures who have established the Catholic approach to education Two of them Plato and Aristotle were pagan authors who formed the philosophical basis of the Catholic approach The others flowing from the Incarnation of the Son of God appropriated the truths of nature contemplated by philosophy and drew them into a sacramental synthesis with the truths of divine revelation There can be no genuine Christian education that does help the student to contemplate the whole of reality and to live a life of wisdom rooted in the virtues that perfect human nature while ultimately receptive of the gifts and fruits of the Holy Spirit The majority of the figures addressed in this volume are canonized saints pointing us to the priority of holiness in Catholic education Education serves the ultimate aim of human life our perfect happiness in the beatific vision To reach this we need the support of mentors and friends This requires the concrete embodiment of Christian community within the home and school It can also however flow from our communion with the great sainted educators of our heritage We have inherited their legacy and with their prayers and support we have been tasked with continuing in our own age We will not be able to replicate their efforts but with the grace and inspiration of the Holy Spirit we can make our contribution in educating the

Women and Devotional Literature in the Middle Ages Cate Gunn, Liz Herbert McAvoy, Naoë Kukita Yoshikawa, 2023 Essays on women and devotional literature in the Middle Ages in commemoration and celebration of the respected feminist scholar Catherine Innes Parker Silence was a much lauded concept in the Middle Ages particularly in the context of religious literature directed at women Based on the Pauline prescription that women should neither preach nor teach and should at all times keep speech to a minimum the concept of silence lay at the forefront of many devotional texts particularly those associated with various forms of women's religious enclosure Following the example of the Virgin Mary religious women were exhorted to speak seldom and then only seriously and devoutly However as this volume shows such gendered exhortations to silence were often more rhetorical than literal The contributions range widely they consider the English Woeing Group texts and female authored visionary writings from the Saxon nunnery of Helfta in the thirteenth century works by Richard Rolle and the Dutch mystic Jan van Ruusbroec in the fourteenth century Anglo French treatises and books housed in the library of the English noblewoman Cecily Neville in the fifteenth century and the resonant poetics of women from non Christian cultures But all demonstrate the ways in which silence rather than being a mere absence of speech frequently comprised a form of gendered articulation and proto feminist point of resistance They thus provide an apt commemoration and celebration of the deeply innovative work of Catherine Innes Parker 1956-2019 the respected feminist scholar and a pioneer of this important field of study

De interiori domo sive Liber de conscientia. Der Traktat "Vom inneren Haus" oder "Das Buch vom Gewissen" Herausgegeben

und übersetzt von Mirko Breitenstein und Susanne Linscheid-Burdich, Der heute nahezu unbekannte Traktat De interiori domo zählte seit seiner Entstehung im 12. Jahrhundert zu den meistgelesenen geistlichen Mahn- und Erbauungsschriften des Mittelalters. Entsprechend seiner Intention geistliche Führung für Nonnen, Mönche oder gemeinschaftlich unter einer Regel lebende Priester zu geben, bietet er Reflexionen über das Wesen Gottes und leitet dazu an durch Beichte, Meditation und Gebet zur Einheit mit Gott zu gelangen. Zugleich stellt er eine der ersten systematischen Abhandlungen über das menschliche Gewissen und dessen Pflege dar. Er wird hier erstmals in kritischer Edition und moderner deutscher Übersetzung vorgelegt. Grundlegende Ausführungen zu zentralen Aspekten des Werks leiten die Ausgabe ein und erschließen einen neuen Zugang zum Verständnis des Traktats.
