Mastermind How To Think Like Sherlock Holmes By Maria Konnikova:

Mastermind Maria Konnikova, 2013-01-03 The New York Times bestselling guide to thinking like literature's greatest detective Steven Pinker meets Sir Arthur Conan Doyle Boston Globe by the author of The Confidence Game No fictional character is more renowned for his powers of thought and observation than Sherlock Holmes But is his extraordinary intellect merely a gift of fiction or can we learn to cultivate these abilities ourselves to improve our lives at work and at home We can says psychologist and journalist Maria Konnikova and in Mastermind she shows us how Beginning with the brain attic Holmes's metaphor for how we store information and organize knowledge Konnikova unpacks the mental strategies that lead to clearer thinking and deeper insights Drawing on twenty-first century neuroscience and psychology Mastermind explores Holmes's unique methods of ever-present mindfulness astute observation and logical deduction In doing so it shows how each of us with some self-awareness and a little practice can employ these same methods to sharpen our perceptions solve difficult problems and enhance our creative powers For Holmes aficionados and casual readers alike Konnikova reveals how the world's most keen-eyed detective can serve as an unparalleled guide to upgrading the mind **The Confidence Game**

Maria Konnikova, 2017-01-10 It's a startling and disconcerting read that should make you think twice every time a friend of a friend offers you the opportunity of a lifetime Erik Larson 1 New York Times bestselling author of Dead Wake and bestselling author of Devil in the White City Think you can't get conned Think again The New York Times bestselling author of Mastermind How to Think Like Sherlock Holmes explains how to spot the con before they spot you An excellent study of Con Artists stories the human need to believe Neil Gaiman via Twitter A compelling investigation into the minds motives and methods of con artists and the people who fall for their cons over and over again While cheats and swindlers may be a dime a dozen true conmen the Bernie Madoffs the Jim Bakkers the Lance Armstrongs are elegant outsized personalities artists of persuasion and exploiters of trust How do they do it Why are they successful And what keeps us falling for it over and over again These are the questions that journalist and psychologist Maria Konnikova tackles in her mesmerizing new book From multimillion-dollar Ponzi schemes to small-time frauds Konnikova pulls together a selection of fascinating stories to demonstrate what all cons share in common drawing on scientific dramatic and psychological perspectives Insightful and gripping the book brings readers into the world of the con examining the relationship between artist and victim The Confidence Game asks not only why we believe con artists but also examines the very act of believing and how our sense of truth can be manipulated by those around us Being a Dog Alexandra Horowitz, 2017-10-17 To a dog there is no such thing as fresh air In Being a Dog Alexandra Horowitz a leading researcher in dog cognition unpacks the mystery of a dog's nose view in order to more fully understand our irrepressibly charming canine companions She follows the dog's nose exploring not only its abilities but the incredible ways it is being put to use Adapted from dust jacket *Thinking in Bets* Annie Duke, 2019-05-07 NATIONAL BESTSELLER Poker champion turned business consultant Annie Duke teaches you how to get

comfortable with uncertainty and make better decisions as a result in the ultimate guide to thinking about risk Charles Duhigg author of The Power of Habit A big favorite among investors these days The New York Times Outstanding Jason Zweig The Wall Street Journal In Super Bowl XLIX Seahawks coach Pete Carroll made one of the most controversial calls in football history With 26 seconds remaining and trailing by four at the Patriots one yard line he called for a pass instead of a hand off to his star running back The pass was intercepted and the Seahawks lost Critics called it the dumbest play in history But was the call really that bad Or did Carroll actually make a great move that was ruined by bad luck Even the best decision doesn't yield the best outcome every time There's always an element of luck that you can't control and there is always information that is hidden from view So the key to long term success and avoiding worrying yourself to death is to think in bets How sure am I What are the possible ways things could turn out What decision has the highest odds of success Did I land in the unlucky 10% on the strategy that works 90% of the time Or is my success attributable to dumb luck rather than great decision making Annie Duke a former World Series of Poker champion turned business consultant draws on examples from business sports politics and of course poker to share tools anyone can use to embrace uncertainty and make better decisions For most people it's difficult to say I'm not sure in a world that values and even rewards the appearance of certainty But professional poker players are comfortable with the fact that great decisions don't always lead to great outcomes and bad decisions don't always lead to bad outcomes By shifting your thinking from a need for certainty to a goal of accurately assessing what you know and what you don't you'll be less vulnerable to reactive emotions knee jerk biases and destructive habits in your decision making You'll become more confident calm compassionate and successful in the long run

Off the Corporate Bus and Into the Creativity Boat Ashoo Khosla, 2018-01-09 Be Curious Be Innovative Be Different Too often being innovative and original is considered the forte of a select few But all of us are born creative We are born curious It is the fear of doing something different and failing at it that limits our potential Aditi Singh is a top notch product manager Many covet her job but she wants nothing more than to quit When she finally takes a much needed vacation from her seemingly perfect corporate life she meets Dr Shiv Prakash an odd little man who is a master storyteller Through his unusual imaginings he challenges Aditi to find her true passion As they spend more time together Aditi uncannily begins to relate to the characters of his stories Questions are raised and challenges are set This time Aditi has to decide what she really wants Running away is no more an option It's time to write her own story Through its charming characters Off the Corporate Bus and Into the Creativity Boat offers a glimpse of what you can truly be It invites you to pursue your passion and strive for true happiness all while being unique Ashoo Khosla is an alumnus of Indian School of Business Hyderabad and a gold medalist from Indira Gandhi Medical College Shimla She is an entrepreneur and lives currently in Abu Dhabi with her husband and two daughters She also teaches a course on creativity at Shoolini University India Her insights on creativity not only come from her experience in medicine and management but also from the training in Hindustani music that she has

been receiving for the last few years *How Sherlock Pulled the Trick* Brian McCuskey, 2021-06-01 A masterful combination of literary study and author biography *How Sherlock Pulled the Trick* guides us through the parallel careers of two inseparable men Sherlock Holmes and his creator Sir Arthur Conan Doyle Reconsidering Holmes in light of Doyle's well known belief in Victorian spiritualism Brian McCuskey argues that the so called scientific detective follows the same circular logic along the same trail of questionable evidence that led Doyle to the sance room Holmes's first case *A Study in Scarlet* was published in 1887 when natural scientists and religious apologists were hotly debating their differences in the London press In this environment Doyle became convinced that spiritualism as a universal faith based on material evidence resolved the conflict between science and religion The character of Holmes with his infallible logic was Doyle's good faith solution to the cultural conflicts of his day Yet this solution has evolved into a new problem Sherlock Holmes now authorizes the pseudoscience that corrupts our public sphere defying logic revising history and promoting conspiracy theories As this book demonstrates wearing a deerstalker does not make you a mastermind more likely it marks you as a crackpot Fascinating and highly readable *How Sherlock Pulled the Trick* returns the iconic Holmes to his mystical origins *Experiencing Stanislavsky Today* Stephanie Daventry French, Philip G. Bennett, 2016-02-11 This pioneering introduction to Stanislavsky's methods and modes of actor training covers all of the essential elements of his System Recreating truthful behaviour in the artificial environment awareness and observation psychophysical work given circumstances visualization and imagination and active analysis are all introduced and explored Each section of the book is accompanied by individual and group exercises forming a full course of study in the foundations of modern acting A glossary explains the key terms and concepts that are central to Stanislavsky's thinking at a glance The book's companion website is full of downloadable worksheets and resources for teachers and students *Experiencing Stanislavsky Today* is enhanced by contemporary findings in psychology neuroscience anatomy and physiology that illuminate the human processes important to actors such as voice and speech creativity mind body connection the process and the production of emotions on cue It is the definitive first step for anyone encountering Stanislavsky's work from acting students exploring his methods for the first time to directors looking for effective rehearsal tools and teachers mapping out degree classes *Rethinking Communication in Social Business* Craig E. Mattson, 2018-08-31 Social entrepreneurship increasingly assumes a position of strength in the dynamic milieu of late modern democratic societies A plethora of companies have now arisen everything from mighty social enterprises like Warby Parker and TOMS to tiny outfits like Clean Slate and Bright Endeavors whose business focused approach to social problems is not merely additive but integral to their missions These companies respond not only to a felt proliferation of humanitarian and environmental predicaments but also to enormous shifts in in public feelings and technological sensibilities These predicaments and make social entrepreneurs urgently needed and remarkably complicated But if social entrepreneurs deal with that complexity with a business as usual approach to making the world better imitating for example corporate

social responsibility initiatives by transnational companies they will lose their vital distinctiveness and efficacy Drawing on a transdisciplinary perspective close rhetorical analysis and qualitative interviews with social entrepreneurs this book argues that one good way to keep social business disruptive is to rethink how organizations model their communication Instead of assuming a conventional theory of communication neatly organized around the relations of senders and receivers social entrepreneurship should enact a performative model of communication in which messaging and action are affectively woven This book offers suggestions for making this performative model sustainably disruptive in relation to questions that pester social entrepreneurs how to tell the company story how to raise awareness how to address complex audiences and how to solve problems

The Biological Mind Alan Jasanoff, 2018-03-13 A pioneering neuroscientist argues that we are more than our brains To many the brain is the seat of personal identity and autonomy But the way we talk about the brain is often rooted more in mystical conceptions of the soul than in scientific fact This blinds us to the physical realities of mental function We ignore bodily influences on our psychology from chemicals in the blood to bacteria in the gut and overlook the ways that the environment affects our behavior via factors varying from subconscious sights and sounds to the weather As a result we alternately overestimate our capacity for free will or equate brains to inorganic machines like computers But a brain is neither a soul nor an electrical network it is a bodily organ and it cannot be separated from its surroundings Our selves aren't just inside our heads they're spread throughout our bodies and beyond Only once we come to terms with this can we grasp the true nature of our humanity

Evolving Dharma Jay Michaelson, 2013-10-15 A no nonsense guide to the evolution of meditation mindfulness and enlightenment in modern day society from their religious origins in the East to their more secular incarnations in the West Evolving Dharma is the definitive guide to the meditation revolution Fearless unorthodox and irreverent scholar and activist Jay Michaelson shows how meditation and mindfulness have moved from ashrams and self help groups to classrooms and hospitals and offers unusually straight talk about the Big E enlightenment Michaelson introduces us to maverick brain hackers postmodern Buddhist monks and cutting edge neuroscientists and shares his own stories of months long silent retreats powerful mystical experiences and many pitfalls along the way Evolving Dharma is a must read for the next generation meditator the spiritually cynical and the curious adventurer in all of us

While this might not be the Mastermind How To Think Like Sherlock Holmes By Maria Konnikova full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer

subscription-based access to a wide range of Mastermind How To Think Like Sherlock Holmes By Maria Konnikova eBooks, including some popular titles.

FAQs About Mastermind How To Think Like Sherlock Holmes By Maria Konnikova Books

What is a Mastermind How To Think Like Sherlock Holmes By Maria Konnikova PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Mastermind How To Think Like Sherlock Holmes By Maria Konnikova PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Mastermind How To Think Like Sherlock Holmes By Maria Konnikova PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Mastermind How To Think Like Sherlock Holmes By Maria Konnikova PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Mastermind How To Think Like Sherlock Holmes By Maria Konnikova PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
