techniques presented in this book. If the SEO practices you have been putting your faith in were produced prior to September 2012, you could be following outdated advice that will get your site penalized or even removed from the Google index. Completely, Google made some major algorithm changes in 2011 and more significant changes in 2012 with further updates rolled out in 2013 and 2014. Google has declared war on some previous Search Optimization strategies that were accepted as standard practice for SEO prior to 2012 that could now be considered black hat or simply no longer effective. Learn SEO 2015 Edition will show you what you can do safely in order to boost your search rankings and outlines the practices you should avoid during the process.
