Marketing Online, Clear and Simple: How Any Local Business Can Harness the Internet to Create More Income Arthur Cronos, 2011-11. Unfortunately, the average web designer has no clue how this is done. But now the author, whose business is online marketing and who has 40 years of experience running local businesses as well, lays out the secret formula developed by CopyDragon webwriters that catapults their private clients to the top of Google and creates online automatic money machines that earn dividends for local businesses. A complete video series is included as a bonus to demonstrate click by click and step by step just what works and how to work it.
