their all volunteer platoon advancing from New York City to Washington DC in the dead of winter in what was believed to be the longest dedicated women's rights march in American history. Along the way their band of protestors overcame violence, intimidation and bigotry, their every step documented by journalists who followed the self-styled army down far-flung rural roads and into busy urban centers bristling with admiration and enmity. At march's end in Washington more than 100,000 spectators cheered and jeered. Rosalie's army in a reception said to rival a president's inauguration. This first ever book-length biography details Jones's indomitable and original brand of boots on the ground activism from the 1913 March on Washington that brought her international fame to later life campaigns for progressive reform in the American West and on her native Long Island. Consistently at odds with conservatives and conformists, the fiercely independent Jones was a prototypical social justice warrior, one who never stopped marching to her own drummer. Long after retiring her equal rights army, Jones advocated nonviolence and fair trade, authored a book on economics and international peace, and ran for Congress, earning a law degree, a PhD, and a lifelong reputation as a tireless defender of the dispossessed.
