Fravel, 1991 This 192 page report describes the experiences of the Rural Connection Program RCP an attempt to link existing rural public transportation services with those of intercity carriers The study includes data gathered from 36 of the rural systems participating in the program and detailed case studies of four systems among these The RCP has not proven to be a big generator of revenue for the participating systems and only five systems reported more than 150 riders over the course of the program There is some evidence that local resources and expertise for marketing may be particular limiting factors on the arrangements The report should be especially interesting to operators of rural transportation services *Travel Agents U.S.A. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. The WPA Guide to Alabama takes the reader on a journey of through the heart of Dixie from the Gulf coast to the rich Black Belt region and the scenic Cumberland Plateau. First published in 1941, the guide goes beyond the popular images of cotton fields and plantation houses of the old south and brings to light the magic of Birmingham's burgeoning manufacturing industry, the vibrant university life in Tuscaloosa, and in Mobile, the cultural diversity of Alabama's port city. The guide includes striking photos of Southern poverty during the Depression.

In the 21st Century, Florida is a major center for industry and tourism; however, published in 1939, the WPA Guide to Florida exhibits a rather rural and quiet state. This guide gives an interesting perspective on the Sunshine State before its explosive growth starting in the 1950s, focusing on the state's Seminole roots and Spanish influence as well as its lush, diverse landscape.
