Extraterrestrial Contact Kathleen Marden, 2019-08-05. The essential guide for people who have experienced alien contact and for those who love them. It has been twenty years since the publication of *How to Defend Yourself Against Alien Abduction* by Ann Druffel. This new book by UFO researcher Kathleen Marden is the essential handbook for this generation. This is the fundamental reference and guide for those who have experienced contact with nonhuman intelligent (NHI) entities, families, friends of those experiencers, and anyone interested in alien abduction and contact and UFOs. The ten chapters in this book are based on years of research and access to the files of MUFON and the Dr. Edgar Mitchel Foundation for Research into Extraterrestrial and Extraordinary Encounters. Chapters include: Am I an abductee, a contactee, or an experiencer? How to investigate your contact experiences. When you discover that it isn't ET, ghosts, and paranormal phenomena. When you want it to stop: coping strategies and resistance techniques. Wide-ranging, informative, and helpful, this is a book that will find a place as a crucial resource for anyone fascinated by visitations from other worlds. Praise for *Extraterrestrial Contact*: Finally, there is a much-needed and long-awaited practical handbook for anyone looking for guidance on how to comprehend, evaluate, and digest alien abduction memories into the framework of life in the 21st century. An eye-opening bridge for future generations as it is predicted humanity will likely inhabit another planet by the end of the next century. If contact is inevitable, perhaps those who have been abducted will one day be honored as our evolutionary ambassadors. Jennifer W. Stein, Documentary Producer of *Travis: The True Story of Travis Walton*. Once again, author and investigator Kathleen Marden has made a remarkable contribution to the world of serious UFO literature. This wealth of practical, well-documented information contained in *Extraterrestrial Contact* will be invaluable to experiencers and abductees as well as to educators, mental health professionals, and to serious students of ufology worldwide. Peter Robbins, long-time assistant to pioneer UFO abduction researcher Budd Hopkins, author and investigative writer.
