Safety of Local Foods Judy A. Harrison, 2017-10-20 This book describes practices used on farms and in farmers markets selling foods directly to consumers in U S and international markets It identifies hazards associated with those practices that could put consumers at increased risk for foodborne illness It also provides tools for identifying hazards on farms and in markets and guidance for establishing food safe markets The local food movement inspired by initiatives such as the USDA s Know Your Farmer Know Your Food Farm to School Farm to Pre school and The People s Garden is sweeping the country Nowhere is this interest more evident than at farmers markets The number of farmers markets has increased almost 400% since the early 1990s with over 8 600 farmers markets listed in the USDA s market directory in 2016 Many of the customers for local markets are senior adults people who may have health concerns and mothers with young children shopping for foods they perceive to be healthier and safer than those available in grocery stores This means that many of the customers may be in population groups that are most at risk for foodborne illness and the serious complications that can result In surveys however farmers selling directly to consumers self reported practices that could increase risk for foodborne illnesses These included use of raw manure as fertilizer without appropriate waiting periods between application and harvest as outlined in the National Organic Program a lack of sanitation training for farm workers handling produce a lack of proper cleaning and sanitizing of surfaces that come in contact with produce and use of untested surface water for rinsing produce before taking it to market Surveys of market managers found that many had limited experience and most had no food safety plans for their markets Observational studies in markets have corroborated self reported practices that could increase foodborne illness risks including lack of handwashing lack of access to well maintained toilet and handwashing facilities use of materials that cannot be cleaned and sanitized appropriately and lack of temperature control for foods that must have time and temperature controlled for safety These potential food safety risks are not only seen in U S farmers markets but also have been identified in international markets This book is unique in that it provides evidence based information about food safety hazards and potential risks associated with farmers markets It presents an overview of farm and market practices and offers guidance for enhancing food safety on farms and in markets for educators farmers producers vendors and market managers Dr Judy A Harrison is a Professor in the Department of Foods and Nutrition at the University of Georgia UGA where she has been named a Walter Bernard Hill Fellow for distinguished achievement in public service and outreach Serving as a food safety specialist for UGA Cooperative Extension she has provided 25 years of food safety education for a variety of audiences across the food system

Real Estate Agent Success for Beginners David Harris, Do you want to double or triple the amount of deals you close every year The struggle of generating new leads in your brokerage can be very frustrating without following a winning strategy You ll often find in any company a few sales people at the top who seem to close deals effortlessly This audio program aims to identify and replicate those strategies More often than not real estate agents find themselves wasting time on finding weak leads and end up getting discouraged Whether your an introvert or extrovert real

estate sales is all about following step by step formulas until you understand the process perfectly Inside this book you will discover Choosing the right company to deal with Digital marketing strategies Sales prospecting Winning the deal Getting the home ready for showings Listing presentation strategies And much much more *Profit From Clarity, Not More Content: Simpler Messaging For Bigger Impact* Sybex Books, 2025-06-23 More content won't fix a fuzzy message Profit From Clarity Not More Content is your invitation to stop producing nonstop and start communicating what you offer in a way that cuts through noise and leads to actual sales Most creators drown in content calendars thinking they need to post more to make more But real traction comes from refining the core message so it lands fast sticks hard and drives action This book helps you strip your message down to its essentials who it's for what it changes and why it matters now Once your offer is clear your content becomes sharper your audience becomes more responsive and your sales process becomes smoother Less explaining More enrolling Less talking More connecting Whether you're a course creator coach expert or service provider if your content feels invisible or exhausting this is your fix Stop trying to impress Start making sense Because people don't buy what they don't understand But when your clarity rises your income follows And when you stop creating to fill space and start speaking to the soul everything changes **COVID-19** Jamie K. Wardman, Ragnar Löfstedt, 2022-11-28 This comprehensive book looks at COVID 19 along with other recent infectious disease outbreaks with the broad aim of providing constructive lessons and critical reflections from across a wide range of perspectives and disciplinary interests within the risk analysis field The chapters in this edited volume probe the roles of risk communication risk perception and risk science in helping to manage the ever growing pandemic that was declared a public health emergency of international concern in the beginning of 2020 A few chapters in the book also include relevant content discussing past disease outbreaks such as Zika Ebola and MERS CoV This book distils past and present knowledge appraises current responses introduces new ideas and data and offers key recommendations which will help illuminate different aspects of the global health crisis It also explores how different constructive insights offered from a risk perspective might inform decisions on how best to proceed in response as the pandemic continues The chapters in this book were originally published as a special issue of the Journal of Risk Research
