# Learning From Comparative Public Policy A Practical Guide

**Artan Karini**

## **Learning From Comparative Public Policy A Practical Guide:**

**Learning From Comparative Public Policy** Richard Rose, 2004-08-02 This textbook offers a fresh approach to the study of comparative politics and public policy Instead of concentrating on why countries differ Learning From Comparative Public Policy explores how countries can learn from each other about the success and failure of policy initiatives With its theory and practice focus the lively narrative analyzes the cultural and resources problems involved in importing policies and the roles of institutions regulators think tanks and experts In addition to explaining the key tenets of policy analysis the internationally renowned author offers a wide variety of international case studies and useful boxes to highlight examples Invaluable reading for students of public policy for policy makers and practitioners working in the public sector it includes learning from comparison defining a problem and creating awareness where to look for lessons applying the policy model the problems of importing models using terms to evaluate future consequences

**Comparative Public Policy** Anneliese Dodds, 2018-03-29 The second edition of this popular textbook combines coverage of public policies in different countries with the conceptual and methodological frameworks for analysing them This new edition pays particular attention to the international contexts of ideas interests and institutions in which decision makers operate In addition it considers the bilateral multilateral and transnational aspects of policy making in today's interconnected world This is a core text for introductory modules on undergraduate and postgraduate public policy public management and public administration programmes In addition it will be useful for those courses that take a comparative approach to specific policy areas such as welfare health and education With a focus on enabling students to draw their own comparisons it is the ideal choice for lecturers across the world New to this Edition New and improved chapter structure places conceptual discussion before the empirical analysis leading to a stronger emphasis on big picture questions throughout Increased attention to contemporary relevant policy issues such as migration climate change and security Quantitative and descriptive data has been systematically updated

**The Oxford Handbook of Public Policy** Michael Moran, Martin Rein, Robert E. Goodin, 2008-06-12 This is part of a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science This work explores the business end of politics where theory meets practice in the pursuit of public good

**Handbook of Public Policy Analysis** Frank Fischer, Gerald J. Miller, 2017-09-25 The study of public policy and the methods of policy analysis are among the most rapidly developing areas in the social sciences Policy analysis has emerged to provide a better understanding of the policymaking process and to supply decision makers with reliable policy relevant knowledge about pressing economic and social problems Presenting a broad comprehensive perspective the Handbook of Public Policy Analysis Theory Politics and Methods covers the historical development of policy analysis its role in the policy process and empirical methods The handbook considers the theory generated by these methods and the normative and ethical issues surrounding their practice Written by leading experts in the field this book Deals with the basic origins and

evolution of public policy Examines the stages of the policy making process Identifies political advocacy and expertise in the policy process Focuses on rationality in policy decision making and the role of policy networks and learning Details argumentation rhetoric and narratives Explores the comparative cultural and ethical aspects of public policy Explains primary quantitative oriented analytical methods employed in policy research Addresses the qualitative sides of policy analysis Discusses tools used to refine policy choices Traces the development of policy analysis in selected national contexts The Handbook of Public Policy Analysis Theory Politics and Methods describes the theoretical debates that have recently defined the field including the work of postpositivist interpretivist and social constructionist scholars This book also explores the interplay between empirical and normative analysis a crucial issue running through contemporary debates

**Handbook of Teaching Public Policy** Emily St.Denny,Philippe Zittoun,2024-01-18 Pragmatic progressive and global in its approach this Handbook centres around the key question How can we teach public policy Presenting a wide variety of theoretical and methodological perspectives it expertly examines current approaches to teaching public policy and critically reflects on potential future developments in the field **Making Policy in Theory and Practice** Bochel, Hugh,Duncan, Sue,2007-10-17 This volume combines academic and practitioner perspectives to critically consider contemporary policy making and highlight examples of good practice at all levels of government *International Aid, Administrative Reform and the Politics of EU Accession* Artan Karini,2018-09-11 This book provides a detailed analysis of the dimensions and dynamics of the role of international aid in the reform and capacity development of public service in post communist Albania It challenges the technocratic results based management frameworks used by aid organizations and reports of official donors operating in the country context and offers a qualitative and critical assessment of the role of aid in administrative reform and capacity building Secondly the book highlights the specificity of the national politico administrative context and its ability to modify the process of policy transfer from aid organizations to the Albanian bureaucracy In doing so it illustrates the domestic challenges in the transfer process towards policy learning and makes a valuable contribution to the debate over the voluntary vs coercive administrative reform in Southeast Europe in relation to the politics of EU accession **UK Banks and the Lessons of the Great Financial Crisis** Adam Barber,2021-05-10 This book demonstrates the variation in the reaction of the UK s big four banks RBS Lloyds Barclays and HSBC to the Great Financial Crisis 2008 Over a decade on from the financial crisis this book asks have banks in the UK learned lessons from the crisis Bank learning in the UK after the Great Financial Crisis is something we need to know more about Whether banks are now safer and more likely to aid rather than disrupt the economy are important questions of social relevance Through a documentary analysis of Britain s big four banks in the post crisis decade 2008 2018 this book demonstrates that while some institutions have become more risk averse and display positive signs of learning others have shown little evidence of change The book uses notions of agency path dependency and structural competitive pressures to explain these inter bank variations of behaviour This book contributes to

wider post crash structural debates about growth markets and regulatory reform showing how the agency of banks has played a vital role in driving the reform process

Emerging Practices in Intergovernmental Functional Assignment Gabriele Ferrazzi, Rainer Rohdewohld, 2017-06-26 Attaining the benefits of especially fiscal decentralization in government remains an enduring challenge in part because the re arrangement of public functions across levels of government has often been carried out poorly This book aims to provide a firmer conceptual basis for the re arrangement of public functions across levels of government In doing so it offers practical advice for policy makers from developing and emerging countries and development cooperation practitioners engaged in such activity Combining a theoretical approach for inter governmental functional assignment with an in depth analysis of real life country cases where functional assignment FA has been supported in the context of international development cooperation it underscores the common technical and political challenges of FA and also demonstrates the need to expect and support country made and context specific solutions to FA processes and results Examples are drawn from a number of developing transition countries from the Asia Pacific region Africa and the OECD which outline and suggest advisory approaches tools principles and good practices and approaches This text will be of key interest to scholars students policy makers and practitioners in public policy decentralization local governance studies public administration and development administration studies The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

**The Problem of Governing** Michael Keating, Ian McAllister, Edward C Page, B Guy Peters, 2023-12-06 This book provides an appreciation of the work of renowned scholar Richard Rose Over a career spanning more than six decades Rose has explored a vast range of subjects related to British American and comparative politics His work however has always been concerned with an underlying theme governing modern societies in changing times Celebrating Rose s career which has shaped postwar political science in decisive ways this volume examines issues debates and lines of research stimulated by his work Chapters are organized thematically under five headings central to his research parties and elections political institutions public policy governing at multiple levels and trust and legitimacy The book demonstrates that politics cannot be reduced to economics the actions of individuals predictive science or functional determinism but has its own logic and modes of justification It will appeal to scholars and students of politics public policy and governance

*The Oxford Handbook of Spanish Politics* Diego Muro, Ignacio Lago, 2020 Oxford Handbooks offer authoritative and up to date surveys of original research in a particular subject area Specially commissioned essays from leading figures in the discipline give critical examinations of the progress and direction of debates as well as a foundation for future research Oxford Handbooks provide scholars and graduate students with compelling new perspectives upon a wide range of subjects in the humanities social sciences and sciences

Lessons from Europe? R. Daniel Kelemen, 2014-02-05 What can American policymakers learn from the experiences of European democracies While we can look to our own history and to the ideas emanating from our own

public sphere by looking abroad we can also learn lessons from European policies from both those that have proven successful and those that have failed The contributors in this volume examine the ways our European allies have dealt with issues such as rising healthcare and pension costs large scale immigration childcare and work life balance and climate change and ask whether such policies might prove effective in the U S context Brief and engaging R Daniel Kelemen s Lessons from Europe What Americans Can Learn from European Public Policies is an ideal supplement for comparative public policy courses and would add a provocative comparative component to U S public policy courses **Private**

**Sector-Led Urban Development Projects** Erwin Heurkens,2012-09-04 Central to Private Sector led Urban Development Projects lays the concept of private sector led urban development projects Such projects involve project developers taking a leading role and local authorities adopting a facilitating role in managing the development of an urban area based on a clear public private role division Such a development strategy is quite common in Anglo Saxon urban development practices but is less known in Continental European practices Nonetheless since the beginning of the millennium such a development strategy also occurred in the Netherlands in the form of concessions However remarkably little empirical knowledge is available about how public and private actors collaborate on and manage private sector led urban development projects Moreover it remains unclear what the effects of such projects are This dissertation provides an understanding of the various characteristics of private sector led urban development projects by conducting empirical case study research in the institutional contexts of the Netherlands and the UK The book provides an answer to the following question What can we learn from private sector led urban development projects in the Netherlands and UK in terms of the collaborative and managerial roles of public and private actors and the effects of their inter actions **Disaster Risk Reduction in Asia**

**Pacific** Helen James,Rajib Shaw,Vinod Sharma,Anna Lukasiewicz,2022-04-19 This book brings together interdisciplinary perspectives from across the Asia Pacific region covering four main sections 1 Governance 2 Education and Capacity 3 Science Technology Risk Assessment and Communities and 4 Recovery The chapters address different dimensions of Sendai Framework of Disaster Risk Reduction SFDRR which are linked to Sustainable Development Goals as well as Paris Agreement on Climate Change Manitoba Law Journal: Underneath the Golden Boy 2015 Volume 38(2) Bryan P. Schwartz, et al., Underneath the Golden Boy series of the Manitoba Law Journal reports on developments in legislation and on parliamentary and democratic reform in Manitoba Canada and beyond This issue has articles from a variety of contributing authors including Bryan P Schwartz Zachary T Courtemanche Paul Geisler Sharyne Hamm Andree Hnatiuk Joshua Morry Karine Levasseur William Ashton Wayne Kelly Ray Bollman Brendan Boyd Lars K Hallstrom Ryan Gibson Thomas Johnson Shirley Thompson and Sarah Whiteford Foreign policy as public policy? Klaus Brummer,Sebastian Harnisch,Kai Oppermann,Diana Panke,2019-07-11 This book examines how foreign policy analysis can be enriched by domestic realm public policy approaches concepts and theories Starting out from the observation that foreign policy has in many ways

become more similar to and intertwined with domestic public policies it bridges the divide that still persists between the two fields The book includes chapters by leading experts in their fields on arguably the most important public policy approaches including for example multiple streams advocacy coalition punctuated equilibrium and veto player approaches The chapters explore how the approaches can be adapted and transferred to the study of foreign policy and point to the challenges this entails By establishing a critical dialogue between approaches in public policy and research on foreign policy the main contribution of the book is to broaden the available theoretical toolkit in foreign policy analysis

**Designing Governance Structures for Performance and Accountability** Andrew Podger, Tsai-tsu Su, John Wanna, Hon S. Chan, Meili Niu, 2020-07-16 Designing Governance Structures for Performance and Accountability discusses how formal and informal governance structures in Australia the People's Republic of China PRC and Taiwan may be designed to promote performance and to ensure accountability The book presents a selection of papers developed from the Greater China Australia Dialogue on Public Administration's seventh workshop held in June 2017 hosted by City University of Hong Kong Insights are provided on both current developments in the different contexts of the three jurisdictions examined and on broader institutional and organisational theories Chapters cover theories of organisational forms and functions in public administration the core agency structures used in the different jurisdictions the structures used to deliver public services including non government organisational arrangements and other non core agency structures such as government business enterprises regulatory organisations and integrity organisations A particular emphasis is placed on the institutional arrangements the executive arm of government uses for advising on and implementing government policies and programs Although the book explores arrangements and developments within very different political governance systems the purposes of the structures are similar to promote performance and accountability This book is a companion volume to Value for Money Budget and Financial Management Reform in the People's Republic of China Taiwan and Australia ANU Press 2018

**Creative Economies, Creative Cities** Lily Kong, Justin O'Connor, 2009-05-19 Justin O'Connor and Lily Kong The cultural and creative industries have become increasingly prominent in many policy agendas in recent years Not only have governments identified the growing consumer potential for cultural creative industry products in the home market they have also seen the creative industry agenda as central to the growth of external markets This agenda stresses creativity innovation small business growth and access to global markets all central to a wider agenda of moving from cheap manufacture towards high value added products and services The increasing importance of cultural and creative industries in national and city policy agendas is evident in Hong Kong Singapore Taiwan South Korea Beijing Shanghai and Guangzhou Australia and New Zealand and in more nascent ways in cities such as Chongqing and Wuhan Much of the thinking in these cities countries has derived from the European and North American policy landscape Policy debate in Europe and North America has been marked by ambiguities and tensions around the connections between cultural and economic policy which the creative industry agenda

posit. These become more marked because the key drivers of the creative economy are the larger metropolitan areas so that cultural and economic policy also then intersect with urban planning policy and governance

**Policy Transfer and Learning in Public Policy and Management** Peter Carroll, Richard Common, 2013-06-26 A typical image of the making and administration of policy suggests that it takes place on an incremental basis involving public servants, their ministers and to a more limited extent a variety of interest groups. Yet much policy making is based on similar policy developed in other jurisdictions and in the major international organizations such as the WTO and the OECD. In other words, significant aspects of nationally developed policies are copied from elsewhere in what is described as a process of policy transfer and learning. Hence studies of policy transfer have pointed to a distinct limitation in most existing theoretical and empirical explanations as to how policy is made and implemented through their neglect of the role of policy transfer and learning. Moreover, policy transfer is not only a concern of academics but a growing concern for governments. The latter are concerned to improve the performance of their policy and several have placed a greater, more systematic focus on policy transfer as a means to increasing performance. This book presents a variety of cases from differing national and international contexts that enable a valuable comparative analysis that is absent from most literature currently available and that suggest a number of exciting research directions with implications for policy making, transference and implementation in the future.

The Routledge Handbook of Planning History Carola Hein, 2017-12-14 2018 IPHS Special Book Prize Award Recipient The Routledge Handbook of Planning History offers a comprehensive interdisciplinary overview of planning history since its emergence in the late 19th century, investigating the history of the discipline, its core writings, key people, institutions, vehicles, education and practice. Combining theoretical, methodological, historical, comparative and global approaches to planning history, The Routledge Handbook of Planning History explores the state of the discipline, its achievements and shortcomings and its future challenges. A foundation for the discipline and a springboard for scholarly research, The Routledge Handbook of Planning History explores planning history on an international scale in thirty-eight chapters, providing readers with unique opportunities for comparison. The diverse contributions open up new perspectives on the many ways in which contemporary events, changing research needs and cutting-edge methodologies shape the writing of planning history. The Open Access version of this book is available at <http://www.taylorfrancis.com> and has been made available under a Creative Commons Attribution CC BY 4.0 license.
