algorithm Paweł Kuch, 2022-08-26 Taming the Algorithm by Paweł Kuch deals with the EU's latest data protection law that is special in various respects. In contrast to the other norms of the GDPR, the provision on automated individual decisions Art 22 GDPR does not contain any general specifications for the processing of personal data but regulates a specific constellation of such processing. Art 22 GDPR is based on the assumption that making decisions by machines and algorithms is problematic and must therefore be legally framed and the final decision left to a data subject. With the recent developments in artificial intelligence AI, numerous fields opened up. The question of the legal understanding of automated individual decisions has thus recently gained importance.

A Practical Guide to Lawyering Skills Fiona Boyle, Deverall Capps, 2019-05-29 Legal skills are an important and increasing part of undergraduate law degrees as well as postgraduate vocational law courses. This fully updated fourth edition continues to bring together the theory and practice of these skills in an accessible and practical context. The authors draw on their experience of teaching and of law in practice to develop the core skills taught on both undergraduate and postgraduate courses. Skills covered include written communication, mediation, opinion writing, drafting, advocacy, interviewing, negotiation, legal research. The text also considers the professional and ethical context of legal practice, provides an insight into the legal services landscape as well as offering valuable careers advice. Diagrams and flow charts help to explain and develop each skill, and each chapter ends with suggestions for further reading. A Practical Guide to Lawyering Skills is essential reading for all undergraduate and vocational law students seeking to develop the necessary skills to work successfully with law in the twenty-first century.

Legal Writing Lisa Webley, 2024-01-24 Legal Writing guides students comprehensively through this vital legal skill and addresses a range of assessment methods from exam questions to final essays and problem answers. It considers how to deconstruct essay and problem questions and how to conduct and apply legal research to answer set questions. Lisa Webley explains how to reference others' work clearly and correctly, making this book a useful tool for students concerned about issues of plagiarism. Legal Writing also focuses on how to develop critical thinking and communicate legal arguments with both good and bad examples of written work considered and discussed in the text. Legal Writing is particularly useful for undergraduate students, especially at the beginning of degree studies as well as for those preparing for the SQE exams. This fully revised fifth edition includes Guidance on how to avoid plagiarism, including examples of the best and worst practices. Worked examples throughout the text, including how to decipher essay questions in exams and coursework. An expanded set of accompanying digital learning resources with increased guidance for revision to allow students to test their progress and further engage with the topics in the book.
