The Revolution is for the Children Anita Casavantes Bradford,2014 Since 1959 the Cuban revolutionary government has proudly proclaimed that the revolution is for the children Many Cuban Americans reject this claim asserting that they chose exile in the United States to protect their children from the evils of Castro communism Anita Casavantes Bradford s analysis of the pivotal years between the Revolution s triumph and the 1962 Missile Crisis uncovers how and when children were first pressed into political service by ideologically opposed Cuban communities on both sides of the Florida Straits Casavantes Bradford argues that in Havana the Castro government deployed a morally charged politics of childhood to steer a nationalist and reformist revolution toward socialism At the same time Miami exile leaders put children at the heart of efforts to mobilize opposition to Castro s regime and to link the well being of Cuban refugees to U S Cold War foreign policy objectives Casavantes Bradford concludes that the 1999 Eli n Gonz lez custody battle was the most notorious recent manifestation of the ongoing struggle to define and control Cuban childhood revealing the persistent centrality of children to Cuban politics and national identity

A Linking of Heaven and Earth Scott K. Taylor,2016-03-23 The Reformation of the sixteenth century shattered the unity of medieval Christendom and the resulting fissures spread to the corners of the earth No scholar of the period has done more than Carlos M N Eire however to document how much these ruptures implicated otherworldly spheres as well His deeply innovative publications helped shape new fields of study intertwining social intellectual cultural and religious history to reveal how lived beliefs had real and profound implications for social and political life in early modern Europe Reflecting these themes the volume celebrates the intellectual legacy of Carlos Eire s scholarship applying his distinctive combination of cultural and religious history to new areas and topics In so doing it underlines the extent to which the relationship between the natural and the supernatural in the early modern world was dynamic contentious and always urgent Organized around three sections Connecting the Natural

and the Supernatural Bodies in Motion Mind Soul and Death and Living One's Faith the essays are bound together by the example of Eire's scholarship ensuring a coherence of approach that makes the book crucial reading for scholars of the Reformation Christianity and early modern cultural history

We Carry Our Homes with Us Marisella Veiga, 2016-04-15 On December 30 1960 Marisella Veiga with her mother and two brothers boarded a plane from Havana to Miami Her father fled a few months later joining his family with a total of fourteen U S cents in his pocket and an understanding that he would never see his homeland again Seeking a less competitive job market and thanks largely to the sponsorship of a host family in St Paul the Veigas resettled in Minnesota miles away from the Caribbean subtropics where the climate was similar to home Spanish was spoken and thousands of exiles arrived each month Veiga's stories are rich with detail and character as she describes her integration into a northern midwestern landscape she grew to love from adapting to the cold learning to ice skate before learning to speak English to her obsession with Davy Jones Yet the weight of her biculturalism being of two worlds but an outsider to both has been central to her quest for identity Sometimes I dream that if I can get in touch with the essence of that monolingual child with one set of customs I would be satisfied I would be complete whole In this honest memoir readers will find a resonant story of an exile's journey one that ultimately embraces those two worlds a life of conflict and limbo but also one of richness and understanding

To Tell a Black Story of Miami Tatiana D. McInnis, 2022-12-13 How portrayals of anti Blackness in literature and film challenge myths about South Florida history and culture In this book Tatiana McInnis examines literary and cultural representations of Miami alongside the city's material realities to challenge the image of South Florida as a diverse cosmopolitan paradise McInnis discusses how this favorable melting pot narrative depends on the obfuscation of racialized violence against people of African descent Analyzing novels short stories and memoirs by Edwidge Danticat M J Fievre Carlos Moore Carlos Eire Patricia Stephens Due and Tananarive Due as well as films such as *Dawg Fight* and *Moonlight* McInnis demonstrates how these creations push back against erasure

by representing the experiences of Black Americans and immigrants from Caribbean nations McInnis considers portrayals of state sanctioned oppression residential segregation violent detention of emigres and increasing wealth gaps and concludes that celebrations of Miami's diversity disguise the pervasive adaptive nature of white supremacy and anti Blackness To Tell a Black Story of Miami offers a model of how to use literature as a primary archive in urban studies It draws attention to the similarities and divergences between Miami's Black diasporic communities a historically underrepresented demographic in popular and scholarly awareness of the city Increasing understanding of Miami's political social and economic inequities this book brings greater nuance to traditional narratives of exceptionalism in cities and regions Publication of this work made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities

Lopez, 2018-03-19 In this one of a kind volume Iraida Lopez explores various narratives of return by those who left Cuba as children or adolescents Including memoirs semi autobiographical fiction and visual arts many of these accounts feature a physical arrival on the island while others depict a metaphorical or vicarious experience by means of fictional characters or childhood reminiscences As two way migration increases in the post Cold War period many of these narratives put to the test the boundaries of national identity Through a critical reading of works by Cuban American artists and writers like Mar a Brito Ruth Behar Carlos Eire Cristina Garc a Ana Mendieta Gustavo Prez Firmat Ernesto Pujol Achy Obejas and Ana Men ndez Lopez highlights the affective ties as well as the tensions underlying the relationship between returning subjects and their native country Impossible Returns also looks at how Cubans still living on the island depict returning migrants in their own narratives addressing works by Jess D az Humberto Sol s Carlos Acosta Nancy Alonso Leonardo Padura and others Blurring the lines between disciplines and geographic borders this book underscores the centrality of Cuba for its diaspora and bears implications for other countries with widespread populations in exile

Suffer the Little Children Anita Casavantes Bradford, 2022-03-28 In this affecting and innovative global history starting with the European children who fled the perils of World War II and ending with the Central American children who arrive every day at the U S southern border Anita Casavantes Bradford traces the evolution of American policy toward unaccompanied children At first a series of ad hoc Cold War era initiatives such policy grew into a more broadly conceived set of programs that claim universal humanitarian goals But the cold reality is that decisions about which endangered minors are allowed entry to the United States have always been and continue to be driven primarily by a geopolitics of compassion that imagines these children essentially as tools of political statecraft Even after the creation of the Unaccompanied Refugee Minors program in 1980 the federal government has failed to see migrant children as individual rights bearing subjects The claims of these children especially those who are poor nonwhite and non Christian continue to be evaluated not in terms of their unique circumstances but rather in terms of broader implications for migratory flows from their homelands This book urgently demonstrates that U S policy must evolve in order to ameliorate the desperate needs of unaccompanied children
