Leaving Alexandria A Memoir Of Faith And Doubt By Richard Holloway 2013

Martin Camroux

Leaving Alexandria A Memoir Of Faith And Doubt By Richard Holloway 2013:

Leaving Alexandria Richard Holloway, 2020-03-05 This Sunday Times bestseller is a memoir about faith and doubt with a strong meditative and philosophical heart

Keeping Alive the Rumor of God Martin Camroux, 2020-08-21 Can't you hear those little bells tinkling Down on your knees They're bringing the sacraments to a dying God wrote Heinrich Heine in 1834 It took a while but today it is happening Across the Western world the traditional picture of God is dying and institutional religion collapsing Today we are trying something never done before living with no agreed narrative that tells us who we are and with a materialist view of life It isn't enough An idea of God may have died but the mystery of our human life is of an inner depth which is not simply physical or material Marvel mystery wonder beauty love the numinous the mysterium tremendum remain the essence of who we are What I am trying to do is describe this experience in such a way that those who have not had it can get a glimpse of it from inside and understand how it can give a life meaning and purpose This is explored through a liberal Christian tradition committed to social justice and honest exploration Scripture is vital to this but so are art poetry music and beauty When most people are looking the other way we must keep the rumor of God alive

Losing My Religion William C. Mills, 2019-01-15 After four years of college and six years in seminary William Mills was ready for a parish or so he thought He didn't realize much of his time would be endless discussions about bagels and coffee digging ditches and parking lot condom patrols For six years community life was just humming along Then disaster struck Mills' life came crashing down when nearly a third of his congregation left in a public power play causing him to question his faith in himself in the church and in God Marva Dawn a noted writer of spirituality and ministry said that being a pastor is like being peppered with popcorn after a while you just get tired of it pack your bags and move on However as Mills himself says I was either too stubborn or stupid so I stayed **Losing My Religion** is about the ups and downs ins and outs choices and challenges of being a pastor in the twenty-first century church It's also about the redemptive power of community life and finding healing and wholeness in a broken world

Vulnerability and Resilience Jione Havea, 2020-01-28 In **Vulnerability and Resilience** vulnerability is not the final word Rather resilience provides the cutting edge and living breath in the stories of subjects who are vulnerable And they have many stories stories of being trapped in bodies teachings and or situations that make them and others like them vulnerable to discrimination hatred and rejection stories of being trapped because of their bodies theologies and or cultures and stories of being trapped for no good reason For subjects who are vulnerable life is like a maze of traps and stories of resilience keep them going The contributors to **Vulnerability and Resilience** refuse to be trapped At the intersection of body and liberation theologies they tell their stories in the hope that they will expose cultures that make individuals and communities vulnerable and that those stories will encourage vulnerable subjects to be resilient and bring change to theological institutions that conserve vulnerability Because of the location of the contributors the Americas Africa Asia Europe Caribbean and Oceania this book is a testimony that vulnerability is present all over the world

and that resilience is a liberating alternative Spirituality That Makes a Difference Charles R. Kniker, 2022-04-07 Want to make your life more meaning FULL Most of us do This book is a guide offering ways to do just that Charles Kniker brings fifty plus years of listening as a teacher preacher observer and writer to a conversation with you With questions and real life stories and solutions he ll support you it won t be a one way model The many forms of spirituality will help explore life s big questions and ultimate mysteries With tomorrow s climate changes pandemics political extremism and battered moral boundaries we need a transformational spirituality a spirituality deeper than a few dusty rituals more reliable than snappy slogans from a smart phone This book is for young adults searching for answers to major questions mid life seekers thankful for family friends and faith but needing more and seniors whose traditional communities seem irrelevant Chapters in Part One are on home self voices of influence and healthy spiritual communities Chapters in Part Two offer a YESS to life through various ways of joyous Yearning truth seeking Education Soul care for yourself and others and Service to a world of neighbors Kniker passionately believes human DNA wires us to be spiritual transforming dreams to become deeds

Psychology for Pastoral Contexts Jessica Rose, 2013-04-18 This clear and accessible book offers a fresh perspective on the application of psychology in a wide range of pastoral activity It presents a model of pastoral care that is Eucharistic and incarnational a form of participation in the community The book goes on to discuss the nature of the unconscious and three core areas in mental well being attachment sexuality and loss It then addresses specific issues in mental health such as depression addiction psychotic breakdown and eating disorder all within the context of pastoral relationships A final section explores the nature of betrayal and the meaning of forgiveness This is an informative and practical book bringing together the insights of contemporary psychology with a theological understanding of pastoral contexts The many illustrations from personal experiences ground the theory in real life situations A Simple Life John Miller, 2014 For 50 years a unique and courageous group of people have quietly opted for a life of poverty and the discipline of prayer Always with the time and care to understand people s hidden pains their permanently open meal table usually rocked with laughter Drawing exclusively on the memories of the Community s members their private papers and the reminiscences of those they have known this book captures a life of humour tragedy inspiration and insight In our increasingly dehumanising culture the Community s devotion to the details of daily life has had a life changing impact on many people across the world *Next to Nothing* James Champion, 2024-11-12 A lesser known tradition in theology the apophatic has resurfaced in our time Simply stated this tradition has long recognized that discussion of what God is not is central to theological discernment The apophatic emphasis on giving the negative its due has been rediscovered and enlarged today in several ways Above all this theological orientation warrants our radical questioning and honors the importance of doubt It also leads us to greater awareness of our hidden fears of loss and of the costs of our unconscious flight from death At the same time it can open the door to new perceptions of what lay persons as well as theologians such as Eckhart and Tillich have understood as our deepest relationship to the God

beyond God This development is significant for those in progressive faith communities for those who call themselves spiritual but not religious and those who assume that religion and spirituality have no place in their lives **Probing the Mind to Free the Soul** Stephen G. Fowler, 2017-05-25 Christian theology presents an overly simplistic portrayal of the mind and nature of man his needs his longings his beliefs and his aspirations for God A psychoanalytic protest theology aims at bringing psychoanalytic complexity regarding the mind to theology Organized Christianity has failed to account for how the unconscious influences interpretations of Scripture and also how application of Scripture to lived life can be damaging if complex unconscious factors are not considered in theology This book attempts to employ psychoanalytic insights in the exploration of critically important themes addressed by theology Among them morality and conscience autonomy and destiny and relationship and sexuality including the sexuality of God suffering and law along with its correlation with death This is intended to serve an integrative constructive purpose Both classical psychoanalysis and Christian Scriptures conceptualize sexuality in its large sense as residing at the core of the mind of mankind Christianity has tended to cope with sexuality by adopting a notion of attainable sexual purity a myth that this work seeks to expose and dismantle with a view to enabling the church to more effectively and compassionately engage with real people whose sexuality is characteristically complicated and troublesome *Anglicanism* John A. Moses, 2019-11-01 In this collection of essays the author combines the critical eye of a professional historian with the passion of a dismayed churchman in his analysis of the current malaise of the Anglican Church in Australia His analysis is indebted to his study of totalitarianisms in Nazi Germany and Soviet Russia as he calls for a recovery of tolerance *Kaapse bibliotekaris* , 2014 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957

The Silence of Animals John Gray, 2013-02-28 The powerful beautiful and chilling sequel to the bestselling *Straw Dogs* John Gray draws on an extraordinary array of memoirs poems fiction and philosophy to make us re imagine our place in the world Writers as varied as Ballard Borges Freud and Conrad are mesmerised by forms of human extremity experiences on the outer edge of the possible or which tip into fantasy and myth What happens to us when we starve when we fight when we are imprisoned And how do our imaginations leap into worlds way beyond our real experience *The Silence of Animals* is consistently fascinating filled with unforgettable images and a delight in the conundrum of our existence an existence which we decorate with countless myths and ideas where we twist and turn to avoid acknowledging that we too are animals separated from the others perhaps only by our self conceit In the Babel we have created for ourselves it is the silence of animals that both reproaches and bewitches us *Reviews* *The Silence of Animals* is a new kind of book from Gray a sort of poetic reverie on the human state on the state that is of the human animal He blends lyricism with wisdom humour with admonition nay saying with affirmation making in the process a marvellous statement of what it is to be both an animal and a human in the strange terrifying and exquisite world into which we straw dogs find ourselves thrown John Banville *Guardian* Interesting original and memorable *The Silence of Animals* is a beautifully written book the product of a strongly questioning

mind It is effectively an anthology with detailed commentary setting out one rich and suggestive episode after another Philip Hensher Spectator About the author John Gray has been Professor of Politics at Oxford University Visiting Professor at Harvard and Yale and Professor of European Thought at the London School of Economics He now writes full time His books include False Dawn The Delusions of Global Capitalism Straw Dogs Thoughts on Humans and Other Animals and The Immortalization Commission The Strange Quest to Cheat Death His selected writings Gray s Anatomy was published in 2009

Steeple Chasing Peter Ross,2023-05-11 The Sunday Times paperback bestseller and Waterstones Non Fiction Book of the Month Featuring a brand new chapter Never have the joys of exploring the churches and cathedrals of this country been so vividly conveyed as they are in this engaging and elegiac book New Statesman BOOK OF THE YEAR pick 2023 A delicious treat Financial Times TRAVEL BOOK OF THE YEAR pick 2023 A charming odyssey The Times A wonderful book thoughtful and challenging Daily Telegraph A beautiful book Gabriel Byrne Beautiful and brilliant I loved it Fergus Butler Gallie From the author of A Tomb With a View Scottish Non Fiction book of the Year Churches are all around us Their steeples remain landmarks in our towns villages and cities even as their influence and authority has waned They contain art and architectural wonders one huge gallery scattered like a handful of jewels across these isles Award winning writer Peter Ross sets out to tell their stories and through them a story of Britain Join him as he visits the unassuming Norfolk church which contains a disturbing secret and London s mighty cathedrals with their histories of fire and love Meet cats and bats monks and druids angels of oak and steel Steeple Chasing though it sometimes strikes an elegiac note is a song of praise It celebrates churches for their beauty and meaning and for the tales they tell It is about people as much as place flesh and bone not just flint and stone From the painted hells of Surrey to the holy wells of Wales consider this a travel book with bells on Praise for Peter Ross Ross is a wonderfully evocative writer deftly capturing a sense of place and history while bringing a deep humanity to his subject He has written a delightful book The Guardian Fascinating Ross makes a likeably idiosyncratic guide and one finishes the book feeling strangely optimistic about the inevitable The Observer The author s humanity has acted as a beacon of light in the darkness The Sunday Times *Community as Church, Church as Community* Michael Plekon,2021-07-22 Parishes of all denominations are in decline shrinking closing dying We know that there are increasing numbers young and older who are religious nones and dones This book explores why the decline is taking place why the distancing is going on But it goes on to examine parishes from all over the country and from various church bodies that are resurrecting The central theme of death and resurrection shapes the analysis of parishes covered Parishes are resurrecting by reinventing their ministries by repurposing their building to better serve their neighborhoods thus replanting and reconnecting with them All of this is the Spirit s doing but through the community of sisters and brothers who make up each congregation of faith Community as the core of church is the other reality shaping the book s reflection And community a parish being with those around living for more than its own survival are visions for going forward Other aspects of congregational life are also

examined most importantly the pastors how they serve when budgets shrink how they are trained how pastors act with the community not above it No recipes are suggested for parish resurrection but the stories of the parishes that have revived bear within numerous lessons for us in the future *Mission by the People* Dr. Alexander C. Forsyth, 2017-08-29 How is Christianity to express itself in the public forum within Western nations This book seeks answers through a historical retrieval of the dynamic mission in post war Scotland of Tom Allan and his contemporaries the Iona Community the Gorbals Group Ministry inspired by the East Harlem Protestant Parish and Robert Mackie Ian Fraser and Scottish Churches House Allan s missiology focused upon the apostolate of the laity allowing ordinary people to express their faith in word and deed in a full contextualization of Christianity to seek a missionary parish of constant witness and service The book examines his work in parish ministry nationally as leader of the Tell Scotland Movement and internationally with the WCC and the rich sources and context of his missiology Key questions are asked about tensions caused by the role of the church and the effect of the Billy Graham All Scotland Crusade which Allan instigated on the rapid decline in Christian adherence from the late fifties His work is placed alongside his contemporaries who took bold steps beyond those of Allan to relocate faith to the rhythms of the streets Utilizing present day missiology as a lens their inspiration leads to derivations and principles offered as guideposts for Christian mission now *Essays on Schopenhauer and Nietzsche* Christopher Janaway, 2022 This book brings together fourteen essays by Christopher Janaway on the philosophy of Schopenhauer and Nietzsche They illuminate central philosophical issues in the work of these thinkers the death of God the meaning of existence suffering compassion the will Christian values the affirmation or negation of life Some of the essays concern Schopenhauer in his own right focusing on his concept of will to life an underlying drive which constitutes our inner essence but which traps us in self centred desire a wrong identification of our true self with the human individual an egoistic conception of the good conflict with other beings and an existence pervaded by suffering Opposed to the will to life stands everything of real value art morality and the kind of redemption from suffering recognized by mystics from several of the world s religions Other essays discuss Nietzsche s critical responses to Schopenhauer and his own challenging views on related topics For Nietzsche morality is a questionable phenomenon and egoism is wrongly maligned suffering is an enhancement of life and the attempt to eliminate it is impoverishing art is full not drained of willing the world religions and the whole idea of being saved from our life are symptoms of a malaise from which modern culture has somehow to recover The book also features discussions of the reception of Schopenhauer by two contemporaries of Nietzsche Richard Wagner and the analyst of pessimism Olga Pl macher
