Suprema de Justicia La obra comprende el análisis de lo que podrá llamarse jurisprudencia mercantil desde la Constitución de 1886 en la cual se le atribuyó a la Corte Suprema de Justicia la competencia para casar las sentencias proferidas por los Tribunales Superiores de Distrito Judicial y a través de este recurso unificar los parámetros de interpretación de las normas jurídicas a nivel nacional. Se prolongó la investigación hasta 1916 en la medida en que este corresponde al veinticinco de circulación de la Gaceta Judicial y porque durante estos treinta años los Códigos de Comercio de 1887 se mantuvieron casi intactos en su contenido salvo algunas pocas normas que los adicionaron.

Desde su primera aparición fieles al propósito de ofrecer un instrumento auxiliar para el estudio de un curso básico de Derecho Mercantil, estas Lecciones exponen los contenidos esenciales de la materia contemplada con concisión en su desarrollo, rigor en su exposición y actualidad en su contenido. Esta 21ª edición primera que ve la luz con posterioridad al fallecimiento del Prof. Olivencia bajo cuya guía y magisterio se publicaron las veinte ediciones anteriores recoge los cambios normativos producidos hasta su cierre en junio de 2018. Modificaciones que han sido ciertamente escasas a causa de las vicisitudes políticas que han mantenido frenada la actividad legislativa. Naturalmente también se reflejan en el tratamiento de los diferentes temas las más recientes orientaciones jurisprudenciales y doctrinales relativas a la materia mercantil. El carácter sintético y esencialmente docente de la obra no excluye su interés en el mundo profesional. La precisión y la claridad de su contenido así como la deliberada ausencia en sus páginas de aparato bibliográfico innecesario eruditamente permiten ofrecer una visión esencial y funcional de las coordenadas fundamentales del régimen jurídico del moderno tráfico empresarial que puede resultar de gran utilidad para sus protagonistas. El carácter elemental impuesto por la naturaleza y los fines de esta obra no excluye sino que más bien exige la visión global actual y viva del Derecho Mercantil. Enseña a mostrar la realidad del Derecho vigente con propósitos a la vez formativos e informativos para educar e instruir en el conocimiento de las normas y de la vida social a la que van destinadas. Y este objetivo está siempre presente en la concepción global de las Lecciones y en el desarrollo de cada una de ellas.

Particularism to a Universal Approach Joanna Jemielniak, Przemysław Miklaszewicz, 2010-04-08 Capturing the Change Universalising Tendencies in Legal Interpretation Joanna Jemielniak and Przemysław Miklaszewicz International and supranational integration on the European continent as well as the harmonisation of the rules of international trade and the accompanying development and global popularity of the resolution of commercial disputes through arbitration constantly exerts a considerable influence on modern legal systems The sources of each of these phenomena are different and their action is dissimilar Each can be described as reaching either from the top to the bottom through the direct involvement of interested States and consequently affecting their internal legal systems international and supranational integration harmonisation of trade regulations through public international law instruments or bottom up as a result of activity by private parties leading to the achievement of uniform practices and standards arbitration lex mercatoria Nonetheless they both enrich national legal cultures and contribute to transgressing the limits of national local particularisms in creating interpreting and applying the law The aim of this book is to demonstrate how these processes have influenced the interpretation of law how they have shaped the methods and techniques of the interpretation and with what consequences for the outcomes of the interpretative procedures In assessing the extent of this influence due regard must be paid to the fact that the interpretation of law is not in principle directly determined by the provisions of law itself
