identificable cuya historia se puede contar Es en primer lugar y sobre todo un programa intelectual un conjunto de ideas cuya trama b sica es compartida por economistas fil sofos soci logos juristas Es tambi n un programa pol tico una serie de leyes arreglos institucionales criterios de pol tica econ mica fiscal derivados de aquellas ideas El neoliberalismo ha transformado el orden econ mico del mundo tambi n las instituciones pol ticas Ha transformado el horizonte cultural de nuestro tiempo la discusi n en casi todas la disciplinas sociales ha modificado de modo definitivo indudable el panorama intelectual y ha contribuido a formar un nuevo sentido com n Esa es la historia que se cuenta en estas p ginas *Boletín mensual* ,1906 *El Signo Indiscreto de Finnegans Wake* Richardo N. Franco,1997-12 The difference between mass and mess for example says a lot about the distinctive capacity of phonemes and the alphabet but very little about the many similarities in these two words It follows that there is something not exactly alphabetical in language that is prompted by similarities like these Even quotidian reading exhibits non alphabetic ingredients for instance when we skip spelling mistakes or typographical errors i e when we impose analogies over differences hermeneutics over semiology semasiography over the alphabet Joyce who once commented that a few letters will do if you can t read a whole word just incorporates another system of writing to his cyclical history very much in keeping with Vico s idea that each cycle has its own writing system The incorporation of this non alphabetic semasiographic way of reading also explains the presence of allusions and opens up the apparent conflict between allusion and intentionality How far can analogies go or rather can allusions and intentionality be reconciled They both reveal the existence of coincidences facilitated by the narrow range of the alphabet some of them Joyce surely saw many others produced by mere chance Chance then is the realm that far from making them opposite reunite intentionality and allusion for both depend on the previous existence of coincidences In *Finnegans Wake* the search for coincidences marks the beginning of awakening Using Joyce s additions to his drafts as orientation particularly those that refer to the Egyptian Book of the Dead it is possible to trace the resurrection process that Shaun undergoes Shaun finds the keys to conventional language and to his awakening like in the fairy tale in an intentional act of love in a kiss *Boletín anual del Servicio Meteorológico Mexicano, Tacubaya, D.F. ,1906*
